Civic Nursing Association, Part Of Community Chest, Served Gettysburg 46 Years

The Gettysburg Civic Nursing Association, a member of the Community Chest, has served the community for 46 years.

Formally organized at a community meeting on August 5, 1912, "The District Nursing Association of Gettysburg, Pennsylvania," now the Gettysburg Civic Nursing Association, already had been serving the community for 30 days.

Community nursing service had begun in July, 1912, and town residents were so pleased with the results that the mass meeting and formation of the association followed. Within 30 days, the association was given $595 "as a start" by town folk.

Dr. J. A. Singmaster was elected the first president and served until his death in 1926. Miss Kate Briel was appointed the first "civic nurse" at that first meeting in 1912.

To be a member of association one had only to contribute $1 or more to the association.

Objective Of Group

The rules set up in 1912 state: "The work of the nurse is to administer to the sick in their homes and to instruct their families how to take proper care of them how to prepare food and to observe proper sanitation."

Securing funds to pay the nurse's salary and having her available when needed has been the work of the Nursing Association. In the early years it was necessary to make a "house to house" drive to raise these funds. With the advent of the Community Chest this yearly canvas for funds was incorporated in the chest drive.

SIMPSON GETS STEEL CONTRACT FROM COLLEGE

(See Photo On Page 4)

The Ernest Simpson Machine Shop, Fourth St., is nearing completion of what is probably the largest steel fabrication work ever performed in this area.

Employes of the shop are putting together "A-frame" sections, weighing 14 tons each, for the auditorium of the new Student Union building at Gettysburg College.

The eight huge sections will have been delivered to the site this week. Work on the sections began August 15 when the Simpson employes began building the "jig' over which the frames are constructed.

Five of the huge fabricated girders have already been put in place. When all have been placed they will form the framework for an auditorium 100 feet across on the outside by approximately 40 feet high.

Each of the "A" frames has a cross span of 96 feet. Each is 23 feet and one-fourth inch from the base to the crossbar and the completed frame is 39 feet, five inches high at the top of the "A."

Each of the frames is bolted to concrete footings. Simpson is constructing the two sections which are raised by cranes and bolted together. So exact are the measurements that so far there has been no difficulty bolting the adjoining sections. Simpson says he is con-

TO MEET TUESDAY

A meeting of the Gettysburg Association of Clubs will be held Tuesday evening at 8 o'clock at the Elks lodge York St., to make final plans for the community's Halloween program, President Robert Swisher said today.

Concert Drive Is Encouraging

Membership in the Gettysburg Concert Association this year may exceed that of last year if unofficial reports from a number of workers bears out the rest of the week.

The drive opened Monday night at the workers' dinner at the Hotel Gettysburg. Tuesday morning the workers started their solicitation.

It was announced by Dr. Jacob Heikkinen, president of the association, that if a prospective member has inadvertently been missed by a solicitor, he or she may call 417, Hotel Gettysburg headquarters for the drive, and a solicitor or worker will call. Or they may enroll at the lobby office.

Adult memberships are $6 and student memberships are $3.

Memberships entitle the holder to attend the three local concerts and on a reciprocal arrangements attending concerts in several neighboring communities.

The drive closes Saturday.

Workers are asked to report their results sometime Saturday afternoon.

14 DIRECTORS FOR CRIPPLED KIDDIES' UNIT HERE ARE NAMED

Increasing the membership in its board of directors to 30 in accordance with a constitution change approved earlier in the year, the Adams County Society for Crippled Children and Adults Wednesday afternoon elected 14 directors, eight of them new.

Dr. Clarence Bartholomew, presided at Wednesday's meeting and appointed the Rev A. W. Geigley, Fairfield R. D., as chairman of a Nominating committee to propose candidates for society officers to be named at the next board meeting in November.

New members of the board include: Mrs. George Inskip, Fairfield; Mrs. John Myers, East Berlin; Mrs. Robert A. MacAskill, Mrs. Edgar K. Markley, John P. Cessna, Mrs. Donald Cordell and Miss Grace Kenney, all of Gettysburg, and Mrs. John Breighner, York Springs R. 2.

Six Re-elected

Directors re-elected for three-year terms include Dr. James H. Allison, Miss Ellen R. Miller, Attorney Edward B. Bulleit and Mrs. M. Hadwin Fischer, all of Gettysburg; Miss Mildred Eden, Orrtanna R. D., and the Rev. Amos D. Meyers, York Springs.

The election followed presentation of the Nominating committee report by its chairman, Mrs. Joseph F. Bushey. The election was by acclamation.

The society accepted with regret the resignation of Robert J. McMullin as a member of the board of directors and President Bartholomew and Robert Freeland, fieldman from the state society for Crippled Children and Adults, joined in praising Mr. McMullin for his work early this year as Easter Seal sale chairman in the county.

County Girl Headed Campers

With his resignation, Mr. McMullin submitted a final detailed report on the 1958 seal sale which brought in a total of $3,078.79, which is slightly more than the 1957 total. The county society netted $1,948.46 out of the proceeds.

Mrs. James Parry, the society treasurer, presented a detailed report on help given more than a score of county youngsters and

Local VFW Post Has 590 Members

Membership in Gettysburg Post 15, Veterans of Foreign Wars, now totals 590, the post was told Wednesday evening at its meeting in the post home, E. Middle St.

The number exceeds last year's membership by 15. Commander John Murray read a letter from the national commander of the VFW announcing plans for the 1959 membership drive. Past District Commander Francis Wisotzkey announced a testimonial dinner to be held at Bloomsburg November 8 from the new district commander, John Cavander, of Hop Bottom, Pa.

Commander Murray told of a meeting of commanders, quartermasters and chairmen of membership committees to be held by the district at Spring Grove VFW post Saturday night.

The post voted to renew a subscription to The Gettysburg Times to be sent a hospitalized member.

To Attend Medical Society Sessions

Dr. Roy W Gifford, Warner Hospital surgeon, and Dr. James H. Allison, secretary of the Adams County Medical Society, will serve as county delegates to the 108th annual meeting of the Medical Society of Pennsylvania in Philadelphia Oct. 12-17. They will attend the sessions of the house of delegates, the policy making body of the state society. A new trustee for the fifth councilor of district comprising Adams and eight other counties will be elected. Other physicians from the county will also attend the meeting.

Will Dedicate Methodist Church Education Building At 10:45 Sunday Morning

The consecration service for the Christian education building, recently constructed addition to the Gettysburg Methodist Church, E. Middle St., will be held Sunday at 10:45 a.m. with Dr. F. Lamont Henninger, superintendent of the Harrisburg District of the Central Pennsylvania Conference, as the principal speaker.

The Rev. Victor K. Meredith, former minister here (1952-57) and now of Lewisburg, will speak at the evening services at 7:30 o'clock.

Members of the senior youth fellowship of the church will serve as guides for visitors inspecting the new facilities during open house Monday beginning at 8 p.m. Refreshments will be served.

Three former ministers, the Rev. D. Perry Bucke, Philipsburg (1937-41); the Rev. Herbert Bream, Lock Haven (1930-32), and the Rev. Charles F. Catherman, Hazleton 1927-29), will be honored guests at a congregational dinner Tuesday at 6:15 p.m.

Six New Classrooms

The new two-story building, of red brick, contains five Sunday School rooms and kitchen and dining facilities. Kitchen and dining areas in the old church have been converted for use of the young people's department.

The new building is to the rear of and connected with the old.

The Gettysburg Construction Co. was contractor for the new work. Buchart Associates, York, were the architects. About half the $85,000 cost is covered by gifts and pledges to date, the Rev. William Fenstermaker, pastor, said today.

In addition to the new building and originally planned alterations to the old, renovation of the sanctuary was included in the project.

Heads Committee

Howard Kitzmiller served as chairman of the building committee. Serving with him were: Charles Lightner, R. Blaine Kitzmiller, Keith Nunemaker, Alvin Bupp, William H. Pensyl, Dr. R. D. Wickerham, George W. Naugle, Charles Taylor, Miss Wynona Woodward, Earl Brandon, Howard Long, Mrs. Robert Diehl, Kenneth G. Reinhart Jr., John Clapsaddle, Mrs. Forrest Craver, James R. Feather, Mrs. Richard Naugle, Mrs. Bernard Murray and Mrs. Milton Remmel.

The addition is the first major change in the church's facilities in recent years. The building which houses the sanctuary was built in 1873.

An earlier building, the first Methodist Church in Gettysburg, was built in 1822. It later became the home of the Corp. Skelly Post of the Grand Army of the Republic.

Centenniel In 1922

Although the church celebrated its 100th anniversary in 1922, bearing on the date of erection of its first building, Methodist ministers were known to have been in the Getytsburg area as early as 1783.

Regular visits were begun about 1803 by the Rev. Joseph Stone and the Rev. Daniel Fidler and in 1815 a class was formed under the leadership of Hezekiah Van Ordsel, who lived in Hunterstown.

The first building on E. Middle St. cost $2,000. It was the second Methodist Church to be built in Adams County.

The Gettysburg Circuit was formed in 1827 and for 49 years its two ministers served from 25 to 30 small groups which had been formed in Adams and adjacent counties.

Was Free Of Debt

The present church was dedicated in February, 1874, free of debt. It had cost $12,500. Various changes were made in ensuing years. Stained

Invite Public To Hear UNICEF Head

Dr. Spurgeon M. Keeny, a Gettysburg College graduate who has spent years in caring for children throughout the Far East, will speak Friday evening at 8 o'clock at Gettysburg High School auditorium under sponsorship of the Adams County UNICEF Committee

Dr. Keeny, who was valedictorian of his college class here in 1914, has been director of the United Nation's International Children's Emergency Fund's Far Eastern Headquarters at Bangkok, Thailand, for many years and wrote a highly amusing and informative book about his experiences with UNICEF which was published last year. Two films on UNICEF work will be shown.

The Fairfield High School band will furnish music for Friday evening's public meeting at the Gettysburg High School and Dr. Keeny will also show two films, one concerning the work of the UNICEF in the Philippines and other made in Turkey.

Dr. Jacob Heikkinen, president of the Adams County UNICEF organization, will preside and introduce the speaker.

New, Different Features In "Foods With A Flair"

They keep coming back.

That phrase best describes the response of homemakers to the cooking schools which are conducted by the personable home economists of the National Livestock and Meat Board. There is every indication that the "FOODS WITH A FLAIR" cooking school, sponsored by The Gettysburg Times in cooperation with the meat board, will follow the same pattern during the three nights it will be in Gettysburg, Tuesday, Wednesday and Thursday, September 30 and October 1 and 2, at the Gettysburg High School auditorium, Miss Layneigha Chapman and Miss Janice Plager will serve as lecturer and assistant lecturer respectively.

In the more than 25 years that the Meat Board has been conducting cooking schools in all parts of the country, homemakers have continued to come back to add to their store of knowledge on meal planning, meat and food selection, preparation and care. "They come back year after year and they come back for each of the three nightly two-hour sessions," one spokesman said.

Rogers Holds Little Rock Board Cannot Lease Schools

WASHINGTON (AP) — Atty. Gen. Rogers told the U.S. District Court in Arkansas today that the Little Rock School Board cannot legally lease its high school buildings to a private corporation for operation on a segregated basis.

The attorney general said the Justice Department as a "friend of the court" in the Little Rock school litigation, had been served with a copy of the board's request that Federal Judge John E. Miller rule on the question of proposed leasing.

As a result of that service, Rogers filed a "Memorandum of Law" with the Arkansas Court

"Sham And Artifice"

The document was released here as Judge Miller convened a hearing on the matter at Fort Smith, Ark.

The attorney general described the proposed leasing plan as a "sham and artifice" to avoid compliance with the recent Supreme Court order that racial integration at Little Rock's Central High School be immediately resumed.

Rogers said the school board is in fact asking "permission to participate in a plan whereby Central High School will be operated without permitting" attendance by six Negro children who were scheduled to enroll there at the beginning of the present term.

He said of the Little Rock Private School Corp., which proposes to start operating the schools next Monday:

"The corporation is a newly-formed corporation whose incorporators have no educational experience and no academic accreditation. They own no school, they employ no teachers and they have no financial resources of their own which would permit them to buy or rent a school or employ teachers

"The status of the school as a public institution is not changed by projecting into its operation a private corporation of this nature. Unequivocably the courts have held that the superimposition of such a corporation does not excuse a state institution from noncompliance with the 14th Amendment or with orders establishing 14th Amendment rights."

Circulation Of College Edition Hit Record High

(See Photo On Page 3)

On September 20 The Gettysburg Times published its largest press run edition in the 56 years of its history. It was the 35th annual Gettysburg College edition of 46 pages. The circulation that day totalled 16,756 copies. It was distributed in every state in the country, and several foreign countries.

The paper weighed a trifle more than 12 ounces. It required almost six and one-half tons of newsprint paper.

In addition to the regular subscribers of The Times the edition was mailed to 7,900 graduates of Gettysburg College, each individually wrapped; each member of 15 fraternities on the campus received a copy; other bundles were distributed to the SCA building, college cafeteria, college offices and the Lutheran Seminary offices and dormitories. Also copies were sent by the college to every college and university in Pennsylvania.

While it was a long and tedious task to prepare the edition a major problem was the wrapping, delivering and mailing of the 16,756 copies. This task fell to the lot of the circulation department, Jason Deppen manager.

Larger publications would not consider this a serious problem or difficult task. But it's magnitude would be just as great to them if they, like The Times had to do last Saturday, had to distribute their daily edition approximately five times its normal size, to twice the number of its subscribers. The Times is accustomed to delivering its daily edition of approximately 8,000 copies within a matter of three hours. September 20th's edition required greater handling of a larger package to twice the number of its regular subscribers.

Mr. Deppen gathered a force of twenty men and women and set up a schedule that enable his department to deliver the 16,756 copies in approximately seven and one-half hours.

One hundred and fifty-four man hours were required to complete the task.

Employes of the shop are putting together "A-frame" sections, weighing 14 tons each, for the auditorium of the new Student Union building at Gettysburg College.

The eight huge sections will have been delivered to the site this week. Work on the sections began August 15 when the Simpson employes began building the "jig" over which the frames are constructed.

Five of the huge fabricated girders have already been put in place. When all have been placed they will form the framework for an auditorium 100 feet across on the outside by approximately 40 feet high.

Each of the "A" frames has a cross span of 96 feet. Each is 23 feet and one-fourth inch from the base to the crossbar and the completed frame is 39 feet, five inches high at the top of the "A."

Each of the frames is bolted to concrete footings. Simpson is constructing the two sections which are raised by cranes and bolted together. So exact are the measurements that so far there has been no difficulty bolting the adjoining sections. Simpson says he is con-

TO MEET TUESDAY

A meeting of the Gettysburg Association of Clubs will be held Tuesday evening at 8 o'clock at the Elks lodge York St., to make final plans for the community's Halloween program, President Robert Swisher said today.

Concert Drive Is Encouraging

Membership in the Gettysburg Concert Association this year may exceed that of last year if unofficial reports from a number of workers bears out the rest of the week.

The drive opened Monday night at the workers' dinner at the Hotel Gettysburg. Tuesday morning the workers started their solicitation.

It was announced by Dr. Jacob Heikkinen, president of the association, that if a prospective member has inadvertently been missed by a solicitor, he or she may call 417, Hotel Gettysburg headquarters for the drive, and a solicitor or worker will call. Or they may enroll at the lobby office.

Adult memberships are $6 and student memberships are $3.

Memberships entitle the holder to attend the three local concerts and on a reciprocal arrangements attending concerts in several neighboring communities.

The drive closes Saturday.

Workers are asked to report their results sometime Saturday afternoon.

Rogers Holds Little Rock Board Cannot Lease Schools

WASHINGTON (AP) — Atty. Gen. Rogers told the U.S. District Court in Arkansas today that the Little Rock School Board cannot legally lease its high school buildings to a private corporation for operation on a segregated basis.

The attorney general said the Justice Department as a "friend of the court" in the Little Rock school litigation, had been served with a copy of the board's request that Federal Judge John E. Miller rule on the question of proposed leasing.

As a result of that service, Rogers filed a "Memorandum of Law" with the Arkansas Court.

"Sham And Artifice"

The document was released here as Judge Miller convened a hearing on the matter at Fort Smith, Ark.

The attorney general described the proposed leasing plan as a "sham and artifice" to avoid compliance with the recent Supreme Court order that racial integration at Little Rock's Central High School be immediately resumed.

Rogers said the school board is in fact asking "permission to participate in a plan whereby Central High School will be operated without permitting" attendance by six Negro children who were scheduled to enroll there at the beginning of the present term.

He said of the Little Rock Private School Corp., which proposes to start operating the schools next Monday:

"The corporation is a newly-formed corporation whose incorporators have no educational experience and no academic accreditation. They own no school, they employ no teachers and they have no financial resources of their own which would permit them to buy or rent a school or employ teachers.

"The status of the school as a public institution is not changed by projecting into its operation a private corporation of this nature. Unequivocably the courts have held that the superimposition of such a corporation does not excuse a state institution from noncompliance with the 14th Amendment or with orders establishing 14th Amendment rights."

Two Couples Are Licensed To Marry

Marriage licenses have been issued at the court house to the following couples:

Gerald Gene Dolly, son of Russell L. Dolly, Fairfield R. 1, and Doris Mae Armstrong, daughter of Mr. and Mrs. Marvin L. Armstrong, Chambersburg R. 5.

Rodney Wayne Steinour, son of Mr. and Mrs. Morris M. Steinour, 330 Baltimore St., and Jean Louise Mumper, daughter of Mr. and Mrs. Harry E. Mumper, Gettysburg R. 2.

SUSPEND LICENSE

The liquor license of the Charles J. Gillian Amvets Post 172 Home Association, of Fairfield, has been suspended for 15 days by the Liquor Control Board, it was announced today. It was charged with maintaining gambling devices.

14 DIRECTORS FOR CRIPPLED KIDDIES' UNIT HERE ARE NAMED

Increasing the membership in its board of directors to 30 in accordance with a constitution change approved earlier in the year, the Adams County Society for Crippled Children and Adults Wednesday afternoon elected 14 directors, eight of them new.

Dr. Clarence Bartholomew, presided at Wednesday's meeting and appointed the Rev. A. W. Geigley, Fairfield R. D., as chairman of a Nominating committee to propose candidates for society officers to be named at the next board meeting in November.

New members of the board include: Mrs. George Inskip, Fairfield; Mrs. John Myers, East Berlin; Mrs. Robert A. MacAskill, Mrs. Edgar K. Markley, John P. Cessna, Mrs. Donald Cordell and Miss Grace Kenney, all of Gettysburg, and Mrs. John Breighner, York Springs R. 2.

Six Re-elected

Directors re-elected for three-year terms include Dr. James H. Allison, Miss Ellen R. Miller, Attorney Edward B. Bulleit and Mrs. M. Hadwin Fischer, all of Gettysburg; Miss Mildred Eden, Orrtanna R. D., and the Rev. Amos D. Meyers, York Springs.

The election followed presentation of the Nominating committee report by its chairman, Mrs. Joseph F. Bushey. The election was by acclamation.

The society accepted with regret the resignation of Robert J. McMullin as a member of the board of directors and President Bartholomew and Robert Freeland, fieldman from the state society for Crippled Children and Adults, joined in praising Mr. McMullin for his work early this year as Easter Seal sale chairman in the county.

County Girl Headed Campers

With his resignation, Mr. McMullin submitted a final detailed report on the 1958 seal sale which brought in a total of $3,078.79, which is slightly more than the 1957 total. The county society netted $1,948.46 out of the proceeds.

Mrs. James Parry, the society treasurer, presented a detailed report on help given more than a score of county youngsters and

Local VFW Post Has 590 Members

Membership in Gettysburg Post 15, Veterans of Foreign Wars, now totals 590, the post was told Wednesday evening at its meeting in the post home, E. Middle St.

The number exceeds last year's membership by 15. Commander John Murray read a letter from the national commander of the VFW announcing plans for the 1959 membership drive. Past District Commander Francis Wisotzkey announced a testimonial dinner to be held at Bloomsburg November 8 from the new district commander, John Cavander, of Hop Bottom, Pa.

Commander Murray told of a meeting of commanders, quartermasters and chairmen of membership committees to be held by the district at Spring Grove VFW post Saturday night.

The post vited to renew a subscription to The Gettysburg Times to be sent a hospitalized member.

To Attend Medical Society Sessions

Dr. Roy W. Gifford, Warner Hospital surgeon, and Dr. James H. Allison, secretary of the Adams County Medical Society, will serve as county delegates to the 108th annual meeting of the Medical Society of Pennsylvania in Philadelphia Oct. 12-17. They will attend the sessions of the house of delegates, the policy making body of the state society. A new trustee for the fifth councilor of district comprising Adams and eight other counties will be elected. Other physicians from the county will also attend the meeting.

Will Dedicate Methodist Church Education Building At 10:45 Sunday Morning

The consecration service for the Christian education building, recently constructed addition to the Gettysburg Methodist Church, E. Middle St., will be held Sunday at 10:45 a.m. with Dr. F. Lamont Henninger, superintendent of the Harrisburg District of the Central Pennsylvania Conference, as the principal speaker.

The Rev. Victor K. Meredith, former minister here (1952-57) and now of Lewisburg, will speak at the evening services at 7:30 o'clock.

Members of the senior youth fellowship of the church will serve as guides for visitors inspecting the new facilities during open house Monday beginning at 8 p.m. Refreshments will be served.

Three former ministers, the Rev. D. Perry Bucke, Philipsburg (1937-41); the Rev. Herbert Bream, Lock Haven (1930-32), and the Rev. Charles F. Catherman, Hazleton 1927-29), will be honored guests at a congregational dinner Tuesday at 6:15 p.m.

Six New Classrooms

The new two-story building, of red brick, contains five Sunday School rooms and kitchen and dining facilities. Kitchen and dining areas in the old church have been converted for use of the young people's department.

The new building is to the rear of and connected with the old.

The Gettysburg Construction Co. was contractor for the new work. Buchart Associates, York, were the architects. About half the $85,000 cost is covered by gifts and pledges to date, the Rev. William Fenstermaker, pastor, said today.

In addition to the new building and originally planned alterations to the old, renovation of the sanctuary was included in the project.

Heads Committee

Howard Kitzmiller served as chairman of the building committee. Serving with him were: Charles Lightner, R. Blaine Kitzmiller, Keith Nunemaker, Alvin Bupp, William H. Pensyl, Dr. R. D. Wickerham, George W. Naugle, Charles Taylor, Miss Wynona Woodward, Earl Brandon, Howard Long, Mrs. Robert Diehl, Kenneth G. Reinhart Jr., John Clapsaddle, Mrs. Forrest Craver, James R. Feather, Mrs. Richard Naugle, Mrs. Bernard Murray and Mrs. Milton Remmel.

The addition is the first major change in the church's facilities in recent years. The building which houses the sanctuary was built in 1873.

An earlier building, the first Methodist Church in Gettysburg, was built in 1822. It later became the home of the Corp. Skelly Post of the Grand Army of the Republic.

Centenniel In 1922

Although the church celebrated its 100th anniversary in 1922, bearing on the date of erection of its first building, Methodist ministers were known to have been in the Getytsburg area as early as 1783.

Regular visits were begun about 1803 by the Rev. Joseph Stone and the Rev. Daniel Fidler and in 1815 a class was formed under the leadership of Hezekiah Van Ordsel, who lived in Hunterstown.

The first building on E. Middle St. cost $2,000. It was the second Methodist Church to be built in Adams County.

The Gettysburg Circuit was formed in 1827 and for 49 years its two ministers served from 25 to 30 small groups which had been formed in Adams and adjacent counties.

Was Free Of Debt

The present church was dedicated in February, 1874, free of debt. It had cost $12,500. Various changes were made in ensuing years. Stained

REGISTRATION ROLLS GIVE GOP MARGIN OF 1,431

The Democrats have gained 282 registrations on the Republicans, according to the official tabulation of those eligible to vote at the November general election. There are now 11,877 Republicans and 10,446 Democrats eligible to vote.

The tally shows there has been a gain of 1,691 in the number of voters since primary day last May. Republicans showed a gain of 687 in their registration while the Democrats showed a gain of 970. The remaining 24 are non-partisan voters.

At present the Republican party has a majority of 1,431 in the number of voters registered in the county. That compares to a Republican majority of 1,713 at primary time.

29 Republican Districts

One township is getting close to an even division between Republicans and Democrats, according to the report. Reading Twp. has 309 Republicans and 307 Democrats. Last spring it had 289 Republicans and 278 Democrats. For many years Reading was a Democratic district.

The report shows 29 of the 44 districts have Republicans majorities and 15 have Democratic majorities.

The report shows there are 12,140 men and 10,527 women registered in the county compared to 11,272 men and 9,704 women registered in May. The men have gained by 868, the women by 823.

The current figures show 6,254 Republican men, 5,623 Republican women, 5,703 Democratic men, 4,743 Democratic women, 178 non-partisan men, 161 non-partisan women. There were 5,904 Republican men, 5,286 Republican women, 5,203 Democratic men, 4,274 Democratic women, 160 non-partisan men and 144 non-partisan women registered for the May primary. There are five men who include three Socialists, one Social Justice and one Progressive voter.

While only one district, Gettysburg Third Ward, with 1,056, had more than 1,000 voters in May (because of the prior division of

Invite Public To Hear UNICEF Head

Dr. Spurgeon M. Keeny, a Gettysburg College graduate who has spent years in caring for children throughout the Far East, will speak Friday evening at 8 o'clock at Gettysburg High School auditorium under sponsorship of the Adams County UNICEF Committee.

Dr. Keeny, who was valedictorian of his college class here in 1914, has been director of the United Nation's International Children's Emergency Fund's Far Eastern Headquarters at Bangkok, Thailand, for many years and wrote a highly amusing and informative book about his experiences with UNICEF which was published last year. Two films on UNICEF work will be shown.

The Fairfield High School band will furnish music for Friday evening's public meeting at the Gettysburg High School and Dr. Keeny will also show two films, one concerning the work of the UNICEF in the Philippines and other made in Turkey.

Dr. Jacob Heikkinen, president of the Adams County UNICEF organization, will preside and introduce the speaker.

Circulation Of College Edition Hit Record High

(See Photo On Page 3)

On September 20 The Gettysburg Times published its largest press run edition in the 56 years of its history. It was the 35th annual Gettysburg College edition of 46 pages. The circulation that day totalled 16,756 copies. It was distributed in every state in the country, and several foreign countries.

The paper weighed a trifle more than 12 ounces. It required almost six and one-half tons of newsprint paper.

In addition to the regular subscribers of The Times the edition was mailed to 7,900 graduates of Gettysburg College, each individually wrapped; each member of 15 fraternities on the campus received a copy; other bundles were distributed to the SCA building, college cafeteria, college offices and the Lutheran Seminary offices and dormitories. Also copies were sent by the college to every college and university in Pennsylvania.

While it was a long and tedious task to prepare the edition a major problem was the wrapping, delivering and mailing of the 16,756 copies. This task fell to the lot of the circulation department, Jason Deppen manager.

Larger publications would not consider this a serious problem or difficult task. But it's magnitude would be just as great to them if they, like The Times had to do last Saturday, had to distribute their daily edition approximately five times its normal size, to twice the number of its subscribers. The Times is accustomed to delivering its daily edition of approximately 8,000 copies within a matter of three hours. September 20th's edition required greater handling of a larger package to twice the number of its regular subscribers.

Mr. Deppen gathered a force of twenty men and women and set up a schedule that enable his department to deliver the 16,756 copies in approximately seven and one-half hours.

One hundred and fifty-four man hours were required to complete the task.

New, Different Features In "Foods With A Flair"

They keep coming back.

That phrase best describes the response of homemakers to the cooking schools which are conducted by the personable home economists of the National Livestock and Meat Board. There is every indication that the "FOODS WITH A FLAIR" cooking school, sponsored by The Gettysburg Times in cooperation with the meat board, will follow the same pattern during the three nights it will be in Gettysburg, Tuesday, Wednesday and Thursday, September 30 and October 1 and 2, at the Gettysburg High School auditorium. Miss Layneigha Chapman and Miss Janice Plager will serve as lecturer and assistant lecturer respectively.

In the more than 25 years that the Meat Board has been conducting cooking schools in all parts of the country, homemakers have continued to come back to add to their store of knowledge on meal planning, meat and food selection, preparation and care. "They come back year after year and they come back for each of the three nightly two-hour sessions," one spokesman said.

Friends may call at the funeral home Friday evening after 7 o'clock.

Drafts Bill To Help Fire Police

A draft of a bill which county firemen's groups have asked to widen the authority of fire police has been presented to Glenn Raffensperger, president of the Adams County Fire Police Association, by Assemblyman Francis Worley.

The bill, which would amend a 1941 act of the Legislature which provides for the appointment, powers and control of members of volunteer fire companies as special fire police, extends the power of the special police to "any public function conducted by or under the auspices of any volunteer fire company."

The act as it was passed in 1941 limited the power of the fire police to their duties at the scenes of fires or at parades, accidents, floods or other emergencies. The amendment, as prepared by Mr. Worley, would permit them to serve with full authority and under full insurance protection at any fire company public function.

Prsidnt Raffinsperger said the amendment as drawn by Mr. Worley in preparation for the next session of the Legislature appears to meet all the requirements of the firemen in this regard.

TAKEN TO BALTIMORE

Open Account For Ladies At Home

Adams County opened a new banking account today — for the benefit of the lady guests at the county home.

The new account was opened with a bequest from the estate of Ellen Dehoff Feeser, late of Littlestown, received by the county commissionrs this morning.

The deceased had included in her will the sum of $200 to be "used for the benefit of the ladies of the county home." A check for $200 was sent the commissioners by the executor of the estate, Chester S. Byers of Littlestown.

Commissioners Clerk Crosby N. Hartzell discovered there was no special fund for the ladies of the county home and opened a new account. How the account will be used will be up to the commissioners. It was thought possibly the money may go toward something special for the ladies when a new section of the county is constructed for their use.

Two More In Family Are Hospitalized

The two surviving children of Mr. and Mrs. William B. Weaver, Gettysburg R. 5, have been removed to the York Hospital apparently suffering from dysentery, the disease which proved fatal to their younger sister, Connie L. Weaver, aged six months, on Wednesday.

Connie had become ill Monday and was admitted to the York Hospital Tuesday afternoon. Death followed Wednesday.

Her sister, Lisa A. Weaver, was admitted to the hospital Tuesday after becoming ill with the disease, and a brother, William B. Weaver Jr., was admitted to the hospital Wednesday night after becoming ill with the disease.

Mrs. Weaver said this afternoon that the two children, the girl aged 18 months and the boy 3½ years, currently in the hospital, are reported "coming along fine" and will soon be removed. She said the Department of Health officials had been called and that the cause of the disease was "something in the water of our well." Both she and Mr. Weaver have been given medication after also being affected by the contaminated water.

Will Be Delegates To Kiwanis Sessions

Robert Geigley and Kermit Boyer will be the delegates from the Gettysburg Kiwanis Club to the annual convention of the Pennsylvania District of Kiwanis International at Philadelphia, opening Sunday and closing next Wednesday, it was announced today by Club President Herger Hamme.

MAY BE DENIED NCACC CREDIT

BOULDER, Colo. (AP) — If Little Rock high schools are opened as private schools, they may lose their accreditation in the North Central Assn. of Colleges and Secondary Schools.

This opinion was expressed Wednesday by Dr. Stephen Romine, chairman of the commission on secondary schools for the association. He is a professor in the University of Colorado school of education.

Dr. Romine said that proposed private schools converted from previously accredited public schools would have to apply for membership as new schools. The process of becoming accredited requires appraisal and reporting more complete and more thorough than customarily required after a school attains membership, he said.

Dr. Romine said his opinion would apply equally to all school situations which might arise similar to those at Little Rock.

MARKET HIT BY SELLING SQUALL

NEW YORK (AP) — A selling squall hit the stock market as profits were taken today at its record high. The market was lower but prices steadied early this afternoon.

Pivotal issues were down fractions to more than a point. At worst, the losses of blue chips went to around two points. American Telephone was down that much for a time but clipped the loss.

The wave of selling came in mid-morning and put the ticker tape as much as 3 minutes behind for 34 minutes.

Brokers ascribed the drop to accumulated profit taking and said a large number of stop-loss orders were touched off as prices began to weaken.

Trading in Studebaker-Packard was interrupted temporarily under the huge pressure of sell orders but the net loss was less than a point. The opening in Merck was delayed 45 minutes due to heavy selling occasioned by a special corporate development.

Weddings

Leatherman—Chapman

Miss Betty Ann Chapman, daughter of Mr. and Mrs. Chester Chapman, Fairfield R. 2, became the bride of Donald U. Leatherman, son of Mr. and Mrs. Lloyd Leatherman, Gettysburg R. 1, Saturday afternoon at 1:30 o'clock in Elias Lutheran Church, Emmitsburg. The single ring ceremony was performed by the Rev. Philip Bower.

Given in marriage by her father, the bride wore a pink street-length dress with white accessories. She carried a whie Bible topped with white carnations.

The bridesmaids were Miss Dottie Chapman, sister of the bride, and Miss Shirley Eyler, Emmitsburg. They were dressed in blue.

James Black, Gettysburg R. 4, served as best man. Ushers were Conrad Wagerman, Emmitsburg, and Richard Smith, Gettysburg R. 1.

The mothers of the bride and bridegroom wore dresses in navy blue with navy accessories.

Miss Ruth Shuff, church organist, played the wedding music.

After the ceremony a reception for 100 guests was held at the home of the bride.

Both the bride and bridegroom are employed at the Gettysburg Shoe Co.

The couple will reside at the home of the bride for the present.

Garvin—Gilland

Mr. and Mrs. Henry J. Giland, Blue Ridge Summit, announce the marriage of their daughter, Mary E. Gilland, to William C. Garvin, son of Mr. and Mrs. Paul Garvin, Hagerstown.

The double ring ceremony was performed on Saturday evening in the St. Stephen's Reformed Church, Highfield, Md., by Rev. C. H. Corl.

The bride attended the Washington Township High School. Mr. Garvin attended the Hagerstown High School.

Mrs. Garvin is a nurse in the Wolford-Bible Convalescent Home at Fountaindale. The bridegroom is a student in the Hyattsville Barber School, Hyattsville, Md.

The couple is living in the home of the bride's parents for the present.

County Gets $2,000 From C-D Council

Adams County has received $2,000.83 from the State Council of Civil Defense to cover matching funds for four radio installations in the firemen's CD radio network, the state council announced today.

The four radia units are located in various parts of the county, and the matching funds pay approximately half of the cost of purchase and installation of the equipment. The matching funds are provided by the federal government for certain types of CD expenditures for equipment.

The State Council, in announcing the sending of the check for $2,000 to Adams County, said a total of $29,220.89 was mailed to 38 counties and other political subdivisions in the state for CD equipment.

Adams County Civil Defense Director William G. Weaver said the county currently is seeking matching funds for a two-way radio to be placed in the Biglerville ambulance and other similar installations in "a number of other pieces of equipment in the county."

Drafts Bill To Help Fire Police

A draft of a bill which county firemen's groups have asked to widen the authority of fire police has been presented to Glenn Raffensperger, president of the Adams County Fire Police Association, by Assemblyman Francis Worley.

The bill, which would amend a 1941 act of the Legislature which provides for the appointment, powers and control of members of volunteer fire companies as special fire police, extends the power of the special police to "any public function conducted by or under the auspices of any volunteer fire company."

The act as it was passed in 1941 limited the power of the fire police to their duties at the scenes of fires or at parades, accidents, floods or other emergencies. The amendment, as prepared by Mr. Worley, would permit them to serve with full authority and under full insurance protection at any fire company public function.

Prsidnt Raffnsperger said the amendment as drawn by Mr. Worley in preparation for the next session of the Legislature appears to meet all the requirements of the firemen in this regard.

Open Account For Ladies At Home

Adams County opened a new banking account today — for the benefit of the lady guests at the county home.

The new account was opened with a bequest from the estate of Ellen Dehoff Feeser, late of Littlestown, received by the county commissionrs this morning.

The deceased had included in her will the sum of $200 to be "used for the benefit of the ladies of the county home." A check for $200 was sent the commissioners by the executor of the estate, Chester S. Byers of Littlestown.

Commissioners Clerk Crosby N. Hartzell discovered there was no special fund for the ladies of the county home and opened a new account. How the account will be used will be up to the commissioners. It was thought possibly the money may go toward something special for the ladies when a new section of the county is constructed for their use.

Two More In Family Are Hospitalized

The two surviving children of Mr. and Mrs. William B. Weaver, Gettysburg R. 5, have been removed to the York Hospital apparently suffering from dysentery, the disease which proved fatal to their younger sister, Connie L. Weaver, aged six months, on Wednesday.

Connie had become ill Monday and was admitted to the York Hospital Tuesday afternoon. Death followed Wednesday.

Her sister, Lisa A. Weaver, was admitted to the hospital Tuesday after becoming ill with the disease, and a brother, William B. Weaver Jr., was admitted to the hospital Wednesday night after becoming ill with the disease.

Mrs. Weaver said this afternoon that the two children, the girl aged 18 months and the boy 3½ years, currently in the hospital, are reported "coming along fine" and will soon be removed. She said the Department of Health officials had been called and that the cause of the disease was "something in the water of our well." Both she and Mr. Weaver have been given medication after also being affected by the contaminated water.

MAY BE DENIED NCACC CREDIT

BOULDER, Colo. (AP) — If Little Rock high schools are opened as private schools, they may lose their accreditation in the North Central Assn. of Colleges and Secondary Schools.

This opinion was expressed Wednesday by Dr. Stephen Romine, chairman of the commission on secondary schools for the association. He is a professor in the University of Colorado school of education.

Dr. Romine said that proposed private schools converted from previously accredited public schools would have to apply for membership as new schools. The process of becoming accredited requires appraisal and reporting more complete and more thorough than customarily required after a school attains membership, he said.

Dr. Romine said his opinion would apply equally to all school situations which might arise similar to those at Little Rock.

MARKET HIT BY SELLING SQUALL

NEW YORK (AP) — A selling squall hit the stock market as profits were taken today at its record high. The market was lower but prices steadied early this afternoon.

Pivotal issues were down fractions to more than a point. At worst, the losses of blue chips went to around two points. American Telephone was down that much for a time but clipped the loss.

The wave of selling came in mid-morning and put the ticker tape as much as 3 minutes behind for 34 minutes.

Brokers ascribed the drop to accumulated profit taking and said a large number of stop-loss orders were touched off as prices began to weaken.

Trading in Studebaker-Packard was interrupted temporarily under the huge pressure of sell orders but the net loss was less than a point. The opening in Merck was delayed 45 minutes due to heavy selling occasioned by a special corporate development.

Weddings

Leatherman—Chapman

Miss Betty Ann Chapman, daughter of Mr. and Mrs. Chester Chapman, Fairfield R. 2, became the bride of Donald U. Leatherman, son of Mr. and Mrs. Lloyd Leatherman, Gettysburg R. 1, Saturday afternoon at 1:30 o'clock in Elias Lutheran Church, Emmitsburg. The single ring ceremony was performed by the Rev. Philip Bower.

Given in marriage by her father, the bride wore a pink street-length dress with white accessories. She carried a whie Bible topped with white carnations.

The bridesmaids were Miss Dottie Chapman, sister of the bride, and Miss Shirley Eyler, Emmitsburg. They were dressed in blue.

James Black, Gettysburg R. 4, served as best man. Ushers were Conrad Wagerman, Emmitsburg, and Richard Smith, Gettysburg R. 1.

The mothers of the bride and bridegroom wore dresses in navy blue with navy accessories.

Miss Ruth Shuff, church organist, played the wedding music.

After the ceremony a reception for 100 guests was held at the home of the bride.

Both the bride and bridegroom are employed at the Gettysburg Shoe Co.

The couple will reside at the home of the bride for the present.

Garvin—Gilland

Mr. and Mrs. Henry J. Giland, Blue Ridge Summit, announce the marriage of their daughter, Mary E. Gilland, to William C. Garvin, son of Mr. and Mrs. Paul Garvin, Hagerstown.

The double ring ceremony was performed on Saturday evening in the St. Stephen's Reformed Church, Highfield, Md., by Rev. C. H. Corl.

The bride attended the Washington Township High School. Mr. Garvin attended the Hagerstown High School.

Mrs. Garvin is a nurse in the Wolford-Bible Convalescent Home at Fountaindale. The bridegroom is a student in the Hyattsville Barber School, Hyattsville, Md.

The couple is living in the home of the bride's parents for the present.

County Gets $2,000 From C-D Council

Adams County has received $2,000.83 from the State Council of Civil Defense to cover matching funds for four radio installations in the firemen's CD radio network, the state council announced today.

The four radia units are located in various parts of the county, and the matching funds pay approximately half of the cost of purchase and installation of the equipment. The matching funds are provided by the federal government for certain types of CD expenditures for equipment.

The State Council, in announcing the sending of the check for $2,000 to Adams County, said a total of $29,220.89 was mailed to 38 counties and other political subdivisions in the state for CD equipment.

Adams County Civil Defense Director William G. Weaver said the county currently is seeking matching funds for a two-way radio to be placed in the Biglerville ambulance and other similar installations in "a number of other pieces of equipment in the county."

REV. KAMMERER WILL RETIRE AT ST. PAUL'S AFTER 33 YEARS THERE

The Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church since April, 1925, will officially conclude his 33-year pastorate at the 10:30 a.m. worship service on Sunday. He will continue as supply pastor at the church until a new minister is selected. The sermon for the occasion will be the same one delivered on the day when the Rv. Mr. Kammerer assumed his duties at St. Paul's, "Building the Walls" and he will also review the developments of the church and congregation through the years.

Sorority Meeting

Miss Charolyn Groft was in charge of the program presented at the meeting of the Eta Tau chapter of the Beta Sigma Phi sorority on Tuesday evening, held at the home of Mrs. Clyde W. Crouse, Littlestown R. 1. The program was entitled "Verse Making," and following an explanation of how to construct a poem, the necessary rhythm, etc., one line of poetry was provided by Miss Groft, and a poem was then constructed by the members, each adding a line until its completion.

Mrs. John F. Feeser Jr., president, conducted the ritual opening and heard reports from Mrs Albert J. Bair, secretary, and Mrs. Charles W. Simons, treasurer. All the membes present participated in a national ritual ceremony, reviewing the duties and aims of the organization. A report on the recently sponsored September Ball was given by Mrs. Feeser, who also announced that there will be a guest day on Tuesday, October 28, in Gettysburg, when the local chapter will meet jointly with the Gettysburg sorority chapters. There will be a program and refreshments. At the conclusion of the business, refreshments were served to the group by Mrs. Crouse.

The next meeting of the chapter will be held on Tuesday, October 14, at the home of Miss Groft's aunt, Mrs. Dale W. Starry, near town, along the Hanover Rd. Mrs. Joseph Molnar, Gettysburg, who is teaching English in the Littlestown Junior-Senior High School, will be guest speaker on the subject "Prose and Poems."

ANNEXATION OF MARKET TRACT IS APPROVED

Annexation of a five-acre tract of Germany Twp. by Littlestown borough was approved by borough council Tuesday night. Councilmanic action was by adoption of an ordinance directing the filing in the Adams County court of quarter sessions notice of intent to annex the tract.

Should no objector succeed in blocking the action, the land will become part of the borough.

Petitioners for the annexation were Scott S. Bair, David S. Weinberg and the P. A. & S. Small Co. The land involved fronts about 460 feet on the west side of N. Queen St. A super market building is under construction on the tract.

Ask Utility Extensions

H. C. Clark, secretary of the Small company, asked council whether sewer and water lines might be extended to the area before the annexation is final. Council agreed that, if the petitioners are willing to bear the expense of the extension, including any necessary permits, the extension of the lines might be made. The borough reserved the right to discontinue water and sewer services should the annexation be defeated.

In the three-hour session council also discussed plumbing permit and parking problems The question was raised whether an individual may be granted a permit to do plumbing work intended to be connected to the borough's sanitary sewer system.

Secretary Roger J. Keefer pointed out to council that a borough ordinance requires that anyone desiring to do work intended for connection to the sewer is required to secure a permit from the secretary. Those regularily engaged in the plumbing business in the borough are "deemed competent to hold a permit," according to the ordinance.

Question Of Individual

Keefer said that he had an application from an individual and asked that council rule on whether the individual should be granted a permit for a specific job. Council authorized the granting of a permit to Richard E. Barnes to do plumbing only at 35 Pennsylvania Ave. "only after sufficient evidence of competency is supplied."

Upon recommendation of its safety committee, council authorized the erection of "no parking" signs along the north side of W King St. between Rita Marie Ave. and the next alley east. The committee pointed out that, because of the narrowness of the street in this section, parking created a traffic hazard.

Also authorized was the installation of two parking meters on E. King St. along the property of the Methodist church and parsonage.

Police Chief Reports

Chief of Police Calvin W. Mummert reported that, for the month ending September 23, there had been seven investigations in criminal cases, three accidents and four other investigations. There were 19 overtime parking violations and one no parking zone violation.

Motor code violations numbered: To fast for conditions, 2; flashing red light, 4; red light, 5; duty to stop in event of accident, 1; sifting or leaking loads, 1, and prevention of noise, 1.

Meter collections were reported at $582.49.

Permits Issued

Twelve building permits were and Sons, Inc were issued permits to relay a sidewalk at 57 E. King St., to reconstruct a walk at 46 Crouse Park, to rebuild a driveway and retaining wall and make interior alterations at 56 Maple Ave., to construct additions and make alterations at 220 M St. and to relay a walk at 317 Lumber St.

Permits were issued to: Lester W. Harner to install asbestos siding at 103-105 Charles St.; E. B. Geiman to replace glass front for Stephen and Richard Weaver building on Cemetery St.; Nicholas J. Redding, paint and repair, 21 W. Myrtle St.; Susan Redding Estate, paint and repair, 112 N. Queen St.; Roscoe S. Bowers, three paint jobs; Bernard C. Eckenrode, repair apartment building, 102 Cemetery St., and Richard E. Barnes, construct one-story brick dwelling at 35 Pennsylvania Ave.

Water permits were issued to Raymond J. and Edna V. Reichert, 361 Lumber St.; Charles L. Gartrell Jr., 310 E. King St.; Mrs. Henry J. Lupfer, 327 E. King St., and Virgil Leatherman, 223 M St.

Bills totaling $11,974.23 were approved and ordered paid.

Four of the 20 persons whose task was to deliver the 16,756 copies of the September 20th edition of The Gettysburg Times are shown above. They are: Miss Genevieve Gallagher, Jason Deppen, circulation manager; Miss Beuhla Furney and Mrs. Mary Lawver. 16 others assisted. 154 man hours of work were required to complete the task. Letter To The Editor

Mr. Paul Roy
Gettysburg Times
Gettysburg, Penna.

Dear Mr. Roy:

At a meeting of the Gettysburg Ministeria. Association the matter was discussed concerning the condition in our town which makes it impossibl for a Negro to have his hair cut in Gettysburg. General Willard Paul was commended for his forthright and timely statement concerning this deplorable situation. The Ministerial Association believes it is time to remedy this problem, and beheves it can be done in a way consistent with the principles of decency and the spirit of Christ.

Sincerely yours.

LONDON (AP) — A murder-threat letter has been sent Justice Cyril Salmon, the British judge who sentenced nine white youths to four-year jail terms for attacking Negroes. He was given a police guard.

NAME CHANGE IS REJECTED

Carlisle Presbytery, which was organized in the Lower Marsh Creek Church a century and a half ago, will not change its name to Big Spring Presbytery, Presbytery commissioners voted Tuesday at a regular meeting in Chambersburg. The prosposal for the name change had come down from the Pennsylvania Synod.

Carlisle Presbytery includes Presbyterian churches in Adams, Fulton, Franklin, Cumberland, Dauphin, Perry and Lebanon counties.

In addition to approving a petition for the organization of a new church in the Lower Paxton Township area of Dauphin County, the Presbytery approved the merger of two McConnellsburg churches—the Presbyterian Church and the United Presbyterian Church. Those churches united at national levels in May. The resignation and retirement of the Rev. Francis Shunk Downs, Mercersburg, was accepted and he will be placed on the list of honorably retired ministers of the Presbytery.

The Rev. Robert Jacoby, Waynesboro, presented a plea from Wilson College at Chambersburg for increased support from the Presbytery.

The Rev. Duncan MacPherson, Mechanicsburg, presided over the session as moderator. The Rev. Robert A. MacAskill and Dr. Frank Hewetson represented the Gettysburg church.

adults in the last year. The sums were spent chiefly for therapy treatments, special shoes, braces, transportation to hospitals and clinics, braces and summer camping for two county youngsters.

The society heard Miss Ellen Miller, the secretary, read detailed reports she had received on each of the two youngsters the county society sent to Camp Easter Seal, Maggie Miller, Hanover R. D., and Terry Boyd, Littlestown R. 1.

The reports showed both youngsters won high ratings for their participation and attitudes in the camp program and revealed that 11-year-old Maggie Miller was president of the camp council during her stay at camp and in that capacity presided over Visitors' Day ceremonies. Easter Seal funds were used to send the children to camp.

Plan Parent Council

Society officers said a parent council for fathers and mothers of crippled and handicapped youngsters in the county is to be formed and one of its aims will be to promote interest in the summer camp program for the children.

Mr. Freeland urged the society to send a representative to an institute to be conducted at Harrisburg October 7 on plans for the 1959 Easter Seal sale.

Mrs. Fischer was named to the Rev. Mr. Geigley's nominatnig committee and one more member will ge added, Dr. Bartholomew said.

A television program on crippled children's work will be presented over Channel 8, Lancaster, Sunday from 4:30 to 5:30 p.m. It is titled "Reaching for Tomorrow" and includes part of the Pennsylvania camping program. The sound film to be used will be available to organizations for programs, Bartholomew said.

With its expanded board, the society ma. move its regular meeting place from 17 N. Washington St. where Wednesday's meeting was held. Several other sites were considered but no decision made.

Employe Is Killed In Chemical Blowup

PHILADELPHIA (AP)—An explosion and three-alarm fire at the Rohm & Haas Co. chemical manufacturing plant here today took the life of one employe and resulted in severe burns to another.

Henry Rucker, 41, was killed when a 55-gallon drum of octane blew apart and set off a blast in a 5,000-gallon blending tank. Walter Grzyminski, 40, suffered burns on 20 per cent of his body and was taken to Frankford Hospital.

TWO INDICTED ON CHARGES OF DEFRAUDING U. S.

WASHINGTON (AP)—A federal grand jury here today indicted Richard A. Mack, former member of the Federal Communications Commission, and Miami lawyer Thurman A. Whiteside on charges of conspiring to defraud the United States.

The indictment, returned after a five-month investigation, alleged that Mack and Whiteside had improper dealings while the FCC was considering a four-way contest for TV channel 10 at Miami.

Whiteside was backing Public Service Television, Inc., National Airlines subsidiary, which won the channel.

Quit Commission

Mack resigned from the commission March 3 after a House investigating committee developed that he had accepted financial favors from Whiteside while the channel 10 case was pending

Mack said he had done no wrong. He and Whiteside both insisted the financial favors were based entirely on a long friendship.

A 48-year old Florida Democrat, Mack was named to the FCC by President Eisenhower in the summer of 1955 The channel 10 case was decided in February 1957.

Under a court order, FCC is currently rehearing the contest to determine whether undue influences figured in the outcome.

Th FCC vote awarding the channel to Public Service Television was 4-2.

DOOMED NEGRO MAY BE SAVED

MONTGOMERY, Ala. (AP)—Jimmy Wilson, sentenced to die Oct. 24 for the robbery of an elderly white widow, Friday will meet Gov. James E. Folsom, who is reportedly ready to spare his life.

A clemency hearing for the illiterate handyman has been set in the governor's office.

Folsom has refused to say publicly what he might do, but sources close to the governor have said they expect him to commute Wilson's death sentence to life imprisonment.

Wilson, who had served two previous prison terms for grand larceny, was sentenced to death for the robbery of 82-year-old Mrs. Estelle Barker at her home at Marion, Ala. Mrs. Barker testified that before taking the money — $1.95—the Negro choked her and attempted to rape her.

Wilson wasn't charged with attempted rape, which carries a maximum penalty of 20 years imprisonment. He was indicted for robbery and nighttime larceny, both capital offenses, and was tried only on the first charge.

The Alabama Supreme Court has upheld Wilson's death sentence and recently refused to reconsider the case.

Governor's Wife Has Rare Ailment

LANSING, Mich. (AP) — Nancy Williams, wife of Democratic Gov. G. Mennen Williams, is hospitalized with a comparatively rare ailment which has affected her legs, causing great pain and difficulty in walking.

Her physician, Dr. Kenneth H. Johnson, said the complaint usually appears as an after-effect of a virus infection, and rarely causes any permanent damage.

Mrs. Williams is 43. She has been hospitalized since Sept. 6, but the ailment was not completely diagnosed until Wednesday. Dr. Johnson repeatedly has denied rumors Mrs. Williams had contacted polio.

Dr. Johnson said the technical name for the complaint is Gullian-Barre syndrome.

Polaris Test Missile Runs Amok, Another Falls, Burns

By JACK KING

CAPE CANAVERAL, Fla. (AP) —The Cape and the missile-mad town of Coca Beach returned to normal today after a hectic seven hours during which a Polaris test rocket ran amok and another missile crashed and burned.

No one was hurt, but quite a few persons were shaken for a time.

The area, a finger of land that juts out into the Atlantic off Florida's east coast, was bombed with fiery debris Wednesday when the Polaris twisted crazily off course and was blasted from the sky.

Later, an X10 experimental missile crashed and disappeared in flames when it overshot the cape landing strip after completing a test with the Air Force's Bomarc air defense missile.

Bursts At 50,000 Feet

The Polaris burst into two parts at about 50,000 feet after a quick-thinking range safety officer pressed an automatic destruction button. His instruments showed the rocket was tipping toward he densely populated mainland rather than curving out over the Atlantic.

One flaming section splashed into the Banana River beside Cocoa Beach and the other landed on the cape after tracing puffy trails of white smoke across the sky.

It was the first time that a runaway missile threatened a residential area since the cape opened in 1950.

Went Out Of Control

It was learned that the rocket went out of control when a malfunction developed in the programer, a small electrical device that directs the control system.

The X10, a turbojet powered missile, was shot aloft as a drone target for the deadly Bomarc.

The 300-mile Bomarc travels at three times the speed of sound to seek out and destroy an enemy airborne target.

As far as it was known, it was the first time one U.S. missile had been fired at another in a test.

The results of the test were not announced.

Train Kills Woman Wandering On Track

PHILADELPHIA (AP) — Mrs. Dora Wingfield, 70, Philadelphia, was struck and killed today by a Pennsylvania Railroad train.

Det. Harry Henry said the train engineer, G. E. Willard, Upper Darby, Pa., said he saw the woman walk on the tracks too late to stop.

Mrs. Wingfield, a widow, lived with a daughter who said her mother left home Wednesday night. The detective said Mrs. Wingfield apparently wandered down an embankment at 34th and Mantua Streets and onto the tracks.

The train was enroute to the railroad's 30th Street Station.

HURRICANE IS MOVING INLAND

MIAMI, Fla. (AP) — Hurricane Helene churned slowly northwestward today toward the Carolina coast—some 350 miles distant — and the Weather Bureau warned shipping to stay out of its path.

The storm's highest winds were estimated at 90 miles an hour in squalls. Gale winds extended outward 200 miles to the northeast and 110 miles to the southwest.

If it continues its present course, the storm will hit the mainland at or near the coastal point where South and North Carolina meet. So far, there has been nothing to indicate any deviation from that course. But, at its present forward pace, some nine miles an hour, many hours would elapse before even the fringe winds would approach the coast.

Gordon Dunn, chief storm forecaster, reported that the factors which could govern Helene's future course are so evenly balanced right now that "we must simply wait and watch. Any predictions now of its future course would be pure guesswork."

The latest reports from ships showed no gale winds within 250 miles of the Carolinas.

However, the Weather Bureau said tides will increase gradually along the Carolina and Georgia coasts today and tonight.

REV. KAMMERER WILL RETIRE AT ST. PAUL'S AFTER 33 YEARS THERE

The Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church since April, 1925, will officially conclude his 33-year pastorate at the 10:30 a.m. worship service on Sunday. He will continue as supply pastor at the church until a new minister is selected. The sermon for the occasion will be the same one delivered on the day when the Rv. Mr. Kammerer assumed his duties at St. Paul's, "Building the Walls" and he will also review the developments of the church and congregation through the years.

Sorority Meeting

Miss Charolyn Groft was in charge of the program presented at the meeting of the Eta Tau chapter of the Beta Sigma Phi sorority on Tuesday evening, held at the home of Mrs. Clyde W. Crouse, Littlestown R. 1. The program was entitled "Verse Making," and following an explanation of how to construct a poem, the necessary rhythm, etc., one line of poetry was provided by Miss Groft, and a poem was then constructed by the members, each adding a line until its completion.

Mrs. John F. Feeser Jr., president, conducted the ritual opening and heard reports from Mrs Albert J. Bair, secretary, and Mrs. Charles W. Simons, treasurer. All the membes present participated in a national ritual ceremony, reviewing the duties and aims of the organization. A report on the recently sponsored September Ball was given by Mrs. Feeser, who also announced that there will be a guest day on Tuesday, October 28, in Gettysburg, when the local chapter will meet jointly with the Gettysburg sorority chapters. There will be a program and refreshmens. At the conclusion of the business, refreshments were served to the group by Mrs. Crouse.

The next meeting of the chapter will be held on Tuesday, October 14, at the home of Miss Groft's aunt, Mrs. Dale W. Starry, near town, along the Hanover Rd. Mrs. Joseph Molnar, Gettysburg, who is teaching English in the Littlestown Junior-Senior High School, will be guest speaker on the subject "Prose and Poems."

At Synod Meeting

Those who represented Redeemer's United Church of Christ at the fall session of the Mercersburg Synod held on Tuesday morning and afternoon at Zion United Church of Christ, York, were the pastor, the Rev. Glenn Flinchbaugh, Elder Calvin M. Sentz Sr., Mrs. Paul H. Stonesifer and Mrs. Edna Conover.

Young Women Meet

The members of the Young Women's Bible Class of St. Paul's Lutheran Church held their first fall meeting on Monday evening at the church, with Mrs. Carroll E. Arter, Mrs. Ray T. Harner and Mrs. Richard Geisler in charge. A brief program included group singing, accompanied by Mrs. Robert R. Reinaman; Scripture, Mrs. Ray Harner; prayer, Mrs. Earl Basehoar.

The business session was in charge of Mrs. Earl Basehoar, president, who heard reports from Mrs. Luther Hess Jr., secretary and Mrs. Ivan Miller, treasurer. The class discussed the possibility of sponsoring a Brownie Scout troop. Mrs. Carroll Arter was appointed to investigate the matter. The guess package, contributed by Mrs. Ivan Miller, was received by Mrs. Ray Harner.

It was decided to have the third Monday of each month as the regular meeting date. Plans were made to hold a Halloween party for members and their children in connection with the next meeting on Monday, October 20, 8 p.m. at the church. Each person is requested to attend in costume. The committee in charge includes Mrs. Luther Hess Jr., Mrs. Robert Wiseman and Mrs. Clyde Bucher. At the conclusion of the September business, box refreshments were enjoyed.

ANNEXATION OF MARKET TRACT IS APPROVED

Annexation of a five-acre tract of Germany Twp. by Littlestown borough was approved by borough council Tuesday night. Councilmanic action was by adoption of an ordinance directing the filing in the Adams County court of quarter sessions notice of intent to annex the tract.

Should no objector succeed in blocking the action, the land will become part of the borough.

Petitioners for the annexation were Scott S. Bair, David S. Weinberg and the P. A. & S. Small Co. The land involved fronts about 460 feet on the west side of N. Queen St. A super market building is under construction on the tract.

Ask Utility Extensions

H. C. Clark, secretary of the Small company, asked council whether sewer and water lines might be extended to the area before the annexation is final. Council agreed that, if the petitioners are willing to bear the expense of the extension, including any necessary permits, the extension of the lines might be made. The borough reserved the right to discontinue water and sewer services should the annexation be defeated.

In the three-hour session council also discussed plumbing permit and parking problems. The question was raised whether an individual may be granted a permit to do plumbing work intended to be connected to the borough's sanitary sewer system.

Secretary Roger J. Keefer pointed out to council that a borough ordinance requires that anyone desiring to do work intended for connection to the sewer is required to secure a permit from the secretary. Those regularily engaged in the plumbing business in the borough are "deemed competent to hold a permit," according to the ordinance.

Question Of Individual

Keefer said that he had an application from an individual and asked that council rule on whether the individual should be granted a permit for a specific job. Council authorized the granting of a permit to Richard E. Barnes to do plumbing only at 35 Pennsylvania Ave. "only after sufficient evidence of competency is supplied."

Upon recommendation of its safety committee, council authorized the erection of "no parking" signs along the north side of W King St. between Rita Marie Ave. and the next alley east. The committee pointed out that, because of the narrowness of the street in this section, parking created a traffic hazard.

Also authorized was the installation of two parking meters on E. King St. along the property of the Methodist church and parsonage.

Police Chief Reports

Chief of Police Calvin W. Mummert reported that, for the month ending September 23, there had been seven investigations in criminal cases, three accidents and four other investigations. There were 19 overtime parking violations and one no parking zone violation.

Motor code violations numbered: To fast for conditions, 2; flashing red light, 4; red light, 5; duty to stop in event of accident, 1; sifting or leaking loads, 1, and prevention of noise, 1.

Meter collections were reported at $582.49.

Permits Issued

Twelve building permits were and Sons, Inc. were issued permits to relay a sidewalk at 57 E. King St., to reconstruct a walk at 46 Crouse Park, to rebuild a driveway and retaining wall and make interior alterations at 58 Maple Ave., to construct additions and make alterations at 220 M St. and to relay a walk at 317 Lumber St.

Permits were issued to: Lester W. Harner to install asbestos siding at 103-105 Charles St.; E. B. Geiman to replace glass front for Stephen and Richard Weaver building on Cemetery St.; Nicholas J. Redding, paint and repair, 21 W. Myrtle St.; Susan Redding Estate, paint and repair, 112 N. Queen St.; Roscoe S. Bowers, three paint jobs; Bernard C. Eckenrode, repair apartment building, 102 Cemetery St., and Richard E. Barnes, construct one-story brick dwelling at 35 Pennsylvania Ave.

Water permits were issued to Raymond J. and Edna V. Reichert, 361 Lumber St.; Charles L. Gartrell Jr., 310 E. King St.; Mrs. Henry J. Lupfer, 327 E. King St., and Virgil Leatherman, 223 M St.

Bills totaling $11,974.23 were approved and ordered paid.

Four of the 20 persons whose task was to deliver the 16,756 copies of the September 20th edition of The Gettysburg Times are shown above. They are: Miss Genevieve Gallagher, Jason Deppen, circulation manager; Miss Beuhla Furney and Mrs. Mary Lawver. 16 others assisted. 154 man hours of work were required to complete the task. COUNTY NATIVE PASSES AWAY

Augustus E. Heidler, 88, retired cigar maker, who could recall days he handrolled the "smokes" died at the Frederick Memorial Hospital at 12:05 o'clock Wednesday morning.

Up until four weeks ago, when he suffered a cerebral hemorrhage which accounted for his death, Mr Heidler had been in fairly good health.

Mr. Heidler was born December 10, 1869 in Heidlersburg, a son of the late John and Mary Heidler. His wife, Mrs. Margaret Eyler Heidler, died 14 years ago. They had one child who died of diphtheria in 1892.

He went to Frederick from Hanover in 1888 and took employment with Marshall Fout. For a time he was also employed by the late Samuel L. Lilly, another tobacco store man.

Funeral On Saturday

Before he retired in 1922, he spent a year rolling cigars in Charlotte, N. C.

For some time he served as caretaker at the Pythian Castle, Frederick. He was a charter member of the Pythian Sisters and also was a member of the Knights of Pythias, the Moose and was affiliated with the original Order of United American Men, which later became known as the American Mechanics.

His church affiliation was the Evangelical Lutheran and he also was a member of that Sunday School.

For the past several years he made his home with Mrs. Nola Soper, who operates a boarding house.

He was the last of his family.

The body rests at the C. C. Cline and Son Funeral Home, 8 E. Patrick St., Frederick, where friends may call after 10 o'clock Friday morning. Funeral services at the funeral home Saturday afternoon at 2:30 o'clock. Interment in Mount Olivet Cemetery.

Letter To The Editor

Mr. Paul Roy
Gettysburg Times
Gettysburg, Penna.

Dear Mr. Roy:

At a meeting of the Gettysburg Ministeria. Association the matter was discussed concerning the condition in our town which makes it impossibl for a Negro to have his hair cut in Gettysburg. General Willard Paul was commended for his forthright and timely statement concerning this deplorable situation. The Ministerial Association believes it is time to remedy this problem, and believes it can be done in a way consistent with the principles of decency and the spirit of Christ.

Sincerely yours,
REV. H. N. BROWNLEE

LONDON (AP) — A murder-threat letter has been sent Justice Cyril Salmon, the British judge who sentenced nine white youths to four-year jail terms for attacking Negroes. He was given a police guard.

NAME CHANGE IS REJECTED

Carlisle Presbytery, which was organized in the Lower Marsh Creek Church a century and a half ago, will not change its name to Big Spring Presbytery, Presbytery commissioners voted Tuesday at a regular meeting in Chambersburg. The prosposal for the name change had come down from the Pennsylvania Synod.

Carlisle Presbytery includes Presbyterian churches in Adams, Fulton, Franklin, Cumberland, Dauphin, Perry and Lebanon counties.

In addition to approving a petition for the organization of a new church in the Lower Paxton Township area of Dauphin County, the Presbytery approved the merger of two McConnellsburg churches—the Presbyterian Church and the United Presbyterian Church. Those churches united at national levels in May. The resignation and retirement of the Rev. Francis Shunk Downs, Mercersburg, was accepted and he will be placed on the list of honorably retired ministers of the Presbytery.

The Rev. Robert Jacoby, Waynesboro, presented a plea from Wilson College at Chambersburg for increased support from the Presbytery.

The Rev. Duncan MacPherson, Mechanicsburg, presided over the session as moderator. The Rev. Robert A. MacAskill and Dr. Frank Hewetson represented the Gettysburg church.

Society officers said a parent council for fathers and mothers of crippled and handicapped youngsters in the county is to be formed and one of its aims will be to promote interest in the summer camp program for the children.

Mr. Freeland urged the society to send a representative to an institute to be conducted at Harrisburg October 7 on plans for the 1959 Easter Seal sale.

Mrs. Fischer was named to the Rev. Mr. Geigley's nominatnig committee and one more member will ge added, Dr. Bartholomew said.

A television program on crippled children's work will be presented over Channel 8, Lancaster, Sunday from 4:30 to 5:30 p.m. It is titled "Reaching for Tomorrow" and includes part of the Pennsylvania camping program. The sound film to be used will be available to organizations for programs, Bartholomew said.

With its expanded board, the society ma, move its regular meeting place from 17 N. Washington St. where Wednesday's meeting was held. Several other sites were considered but no decision made.

Employe Is Killed In Chemical Blowup

PHILADELPHIA (AP)—An explosion and three-alarm fire at the Rohm & Haas Co. chemical manufacturing plant here today took the life of one employe and resulted in severe burns to another.

Henry Rucker, 41, was killed when a 55-gallon drum of octane blew apart and set off a blast in a 5,000-gallon blending tank. Walter Grzyminski, 40, suffered burns on 20 per cent of his body and was taken to Frankford Hospital.

TWO INDICTED ON CHARGES OF DEFRAUDING U. S.

WASHINGTON (AP)—A federal grand jury here today indicted Richard A. Mack, former member of the Federal Communications Commission, and Miami lawyer Thurman A. Whiteside on charges of conspiring to defraud the United States.

The indictment, returned after a five-month investigation, alleged that Mack and Whiteside had improper dealings while the FCC was considering a four-way contest for TV channel 10 at Miami.

Whiteside was backing Public Service Television, Inc., National Airlines subsidiary, which won the channel.

Quit Commission

Mack resigned from the commission March 3 after a House investigating committee developed that he had accepted financial favors from Whiteside while the channel 10 case was pending.

Mack said he had done no wrong. He and Whiteside both insisted the financial favors were based entirely on a long friendship.

A 48-year old Florida Democrat, Mack was named to the FCC by President Eisenhower in the summer of 1955. The channel 10 case was decided in February 1957.

Under a court order, FCC is currently rehearing the contest to determine whether undue influences figured in the outcome.

Th FCC vote awarding the channel to Public Service Television was 4-2.

DOOMED NEGRO MAY BE SAVED

MONTGOMERY, Ala. (AP)—Jimmy Wilson, sentenced to die Oct. 24 for the robbery of an elderly white widow, Friday will meet Gov. James E. Folsom, who is reportedly ready to spare his life.

A clemency hearing for the illiterate handyman has been set in the governor's office.

Folsom has refused to say publicly what he might do, but sources close to the governor have said they expect him to commute Wilson's death sentence to life imprisonment.

Wilson, who had served two previous prison terms for grand larceny, was sentenced to death for the robbery of 82-year-old Mrs. Estelle Barker at her home at Marion, Ala. Mrs. Barker testified that before taking the money — $1.95—the Negro choked her and attempted to rape her.

Wilson wasn't charged with attempted rape, which carries a maximum penalty of 20 years imprisonment. He was indicted for robbery and nighttime larceny, both capital offenses, and was tried only on the first charge.

The Alabama Supreme Court has upheld Wilson's death sentence and recently refused to reconsider the case.

Governor's Wife Has Rare Ailment

LANSING, Mich. (AP) — Nancy Williams, wife of Democratic Gov. G. Mennen Williams, is hospitalized with a comparatively rare ailment which has affected her legs, causing great pain and difficulty in walking.

Her physician, Dr. Kenneth H. Johnson, said the complaint usually appears as an after-effect of a virus infection, and rarely causes any permanent damage.

Mrs. Williams is 43. She has been hospitalized since Sept. 6, but the ailment was not completely diagnosed until Wednesday. Dr. Johnson repeatedly has denied rumors Mrs. Williams had contacted polio.

Dr. Johnson said the technical name for the complaint is Gullian-Barre syndrome.

Polaris Test Missile Runs Amok, Another Falls, Burns

By JACK KING

CAPE CANAVERAL, Fla. (AP) —The Cape and the missile-mad town of Coca Beach returned to normal today after a hectic seven hours during which a Polaris test rocket ran amok and another missile crashed and burned.

No one was hurt, but quite a few persons were shaken for a time.

The area, a finger of land that juts out into the Atlantic off Florida's east coast, was bombed with fiery debris Wednesday when the Polaris twisted crazily off course and was blasted from the sky.

Later, an X10 experimental missile crashed and disappeared in flames when it overshot the cape landing strip after completing a test with the Air Force's Bomarc air defense missile.

Bursts At 50,000 Feet

The Polaris burst into two parts at about 50,000 feet after a quick-thinking range safety officer pressed an automatic destruction button. His instruments showed the rocket was tipping toward he densely populated mainland rather than curving out over the Atlantic.

One flaming section splashed into the Banana River beside Cocoa Beach and the other landed on the cape after tracing puffy trails of white smoke across the sky.

It was the first time that a runaway missile threatened a residential area since the cape opened in 1950.

Went Out Of Control

It was learned that the rocket went out of control when a malfunction developed in the programer, a small electrical device that directs the control system.

The X10, a turbojet powered missile, was shot aloft as a drone target for the deadly Bomarc.

The 300-mile Bomarc travels at three times the speed of sound to seek out and destroy an enemy airborne target.

As far as it was known, it was the first time one U.S. missile had been fired at another in a test.

The results of the test were not announced.

Train Kills Woman Wandering On Track

PHILADELPHIA (AP) — Mrs. Dora Wingfield, 70, Philadelphia, was struck and killed today by a Pennsylvania Railroad train.

Det. Harry Henry said the train engineer, G. E. Willard, Upper Darby, Pa., said he saw the woman walk on the tracks too late to stop.

Mrs. Wingfield, a widow, lived with a daughter who said her mother left home Wednesday night. The detective said Mrs. Wingfield apparently wandered down an embankment at 34th and Mantua Streets and onto the tracks.

The train was enroute to the railroad's 30th Street Station.

HURRICANE IS MOVING INLAND

MIAMI, Fla. (AP) — Hurricane Helene churned slowly northwestward today toward the Carolina coast—some 350 miles distant — and the Weather Bureau warned shipping to stay out of its path.

The storm's highest winds were estimated at 90 miles an hour in squalls. Gale winds extended outward 200 miles to the northeast and 110 miles to the southwest.

If it continues its present course, the storm will hit the mainland at or near the coastal point where South and North Carolina meet. So far, there has been nothing to indicate any deviation from that course. But, at its present forward pace, some nine miles an hour, many hours would elapse before even the fringe winds would approach the coast.

Gordon Dunn, chief storm forecaster, reported that the factors which could govern Helene's future course are so evenly balanced right now that "we must simply wait and watch. Any predictions now of its future course would be pure guesswork."

The latest reports from ships showed no gale winds within 250 miles of the Carolinas.

However, the Weather Bureau said tides will increase gradually along the Carolina and Georgia coasts today and tonight.

If you find that you have added to much salt to your stew, add raw potatoes. They'll absorb the extra salt, and they won't taste too salty.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO

All Europe Prepared For War: (By the Associated Press) Europe stood today on the brink of war.

The end of peace talks between Reichsfuehrer Hitler and British Prime Minister Chamberlain signaled the most intensive war preparations since 1914.

France called 300,000 reservists to the colors — the last step before general mobilization. Evacuation of border towns along the German frontier began. France had more than 2,000,000 men under arms.

The British home fleet suddenly put to sea from Inverdordon, Scotland. Malta, Britain's naval base in the Mediterranean, was put on a wartime basis. All arms of Britain's defenses were put in readiness.

Czechoslovakia mobilized an army estimated at 1,500,000 men against the danger of German invasion.

Plea For Peace, New "Gettysburg" Opera Theme: Hollywood, Sept. 24 (AP) — While the threat of war gripped Europe, Hollywood Friday night presented the world premier of "Gettysburg," an operatic plea for peace.

Producers, seeking to create a new interpretation of drama through music, presented a symphonic sorrow over war, as expressed by five people of Gettysburg after the battle. They are a negro, a chaplain, a young woman whose husband has been killed and a young wife and her husband who goes off to war and is killed.

Predominating features were Lincoln's Gettysburg address, delivered in an off-stage voice, and the Lord's Prayer. Both are set to music with impressive choral treatment.

Action takes place in a single setting, a little home on the Battlefield.

Gettysburg School Board Plans To Erect $100,000 Two-Story Junior High: The Gettysburg school board has taken under advisement the construction of a $100,000 junior high school building.

That announcement was made today by Superintendent Lloyd C. Keefauver as he revealed that the local directors have already made a formal petition for state and federal assistance under the Thompson law and that the school expansion program was given approval Tuesday at Harrisburg

Superintendent Keefauver conferred this morning with John B. Hamme, York architect, on the plans for the building which would be a two-story structure including 10 or 12 rooms with accommodations for 350 pupils and which would be capable of being expanded to care for double that number.

Mrs. Raffensperger Is Recommended For State Council Post: The first fall meeting of the board of directors of the Adams county Crippled Children's society was held Monday evening in the public assistance offices in the Eagle hotel building with Dean W. E. Tilberg, chairman, presiding

Mrs. Rosalie Raffensperger, Arendtsville, secretary of the society, was recommended by the board for appointment as a state councillor from Adams county. The selection was made at the request of the Pennsylvania Society for Crippled Children, sponsors of the county organization, which is forming a state council to meet twice annually with the directors of the state organizaion for consultations.

Today's Talk

MAN WITH A CANE

Not too many years ago I recall that many of my friends (and indeed myself!) were swinging an ably made cane known as a walking stick. I can still hear the echo of many a cane in my office building, tapping its way to my door. Two habitual cane carriers were Dr. Frank Crane and the unique "Bob" Davis of the then New York Sun and Munsey publications. I got so I could classify the cane taps — and I assure you they were always welcome.

I got to thinking about the past days (I hope for a revival) and so got out my Malacca walking companion. Not because there was any urgency for its use but just a silent love making another journey into the past. I was so pleased with the new meeting that I have decided to give this kindly cane a pet name and walk it in my home town as the ladies do their dogs.

I recall how welcome my cane was every time I took it out to take a walk. There is something intimate and kindly about a well-selected cane. It's almost a human feeling contrivance. It helps to remove loneliness when alone with your walking friend. And you never know when that Malacca may come to your rescue some of these days! It pays to prepare and look ahead!

No other inanimate article can I think of with so many silent qualities as the cane has! You can swing it expertly in the air. You can give it a name that almost assures human qualities, and you can imagine many a quality that it might own, if called into service upon quick notice. I am almost sure to inquire during these first autumn days — "Where's my cane?" cane?"

Tomorrow Mr. Adams will talk on the subject: "The Best Thing to Find"

Just Folks

LIFE'S WHAT WE MAKE IT

Life is a burden,
A long journey dreary,
With seldom a day
That is pleasant and cheery
If only we grumble
And whine as we go.
Yes, life is a burden
If we make it so.
But life is a game
That is well worth the playing.
A round of continuous
Junetime and Maying,
A gambol, a frolic,
With sunshine aglow,
If only we're willing
To look on it so.

TANEYTOWN SCHOOL NEWS

The first Future Business Leaders Association meeting of the year was held recently at Taneytown High School. Officers were elected and plans were made for the year. The officers are: President, Anna May Haycraft; vice president, Virginia Hahn; secretary, John Myers; treasurer, Darlene Ditzler, and reporter, Frances Clabaugh. The group decided to sponsor a dance November 7. Anna May Haycraft, John Myers and Donna Eyler attended the state organization meeting held at Milford Mills High School, Baltimore, September 13.

On October 26 the Senior Class will sponsor the Back to School record hop at Taneytown High School from 8 to 11 p.m. A Buddy Deane record hop has also been scheduled by the Lions Club, to be held at the school October 3.

Individual and group pictures of the Seniors were taken recently. Teachers were also photographed for the yearbook, which is now on sale at $2.50.

George Herring, principal, was the guest speaker recently at Baust United Church of Christ, where Rev. Miles Reifsnyder is minister. His message was "Is There Religion in Education?"

FIRE DAMAGES ALLENBERRY BAR

Fire Wednesday night damaged the Carriage House, bar and grill at the Allenberry Playhouse near Boiling Springs, and routed about 35 persons.

A spokesman said most of the damage was caused by smoke. Waitresses snatched photos and prints off the walls and carried most furnishings from harm.

Firemen from Boiling Springs and Mt. Holly Springs had the blaze under control within an hour. It broke out at 10 p.m. in the Carriage House kitchen and was evidently caused by a short circuit.

The 800-seat theater, at which "Strange Bedfellows" is playing, was almost filled, but most of the audience was unaware of the fire.

About 10 patrons in the bar and grill and 25 persons rooming upstairs fled the building. Most roomers were members of the Pennsylvania Tuberculosis and Health Society, which opens a six-county meeting at Allenberry today.

Civic Nursing

(Continued From Page 1)

Friday in January, April, July and October.

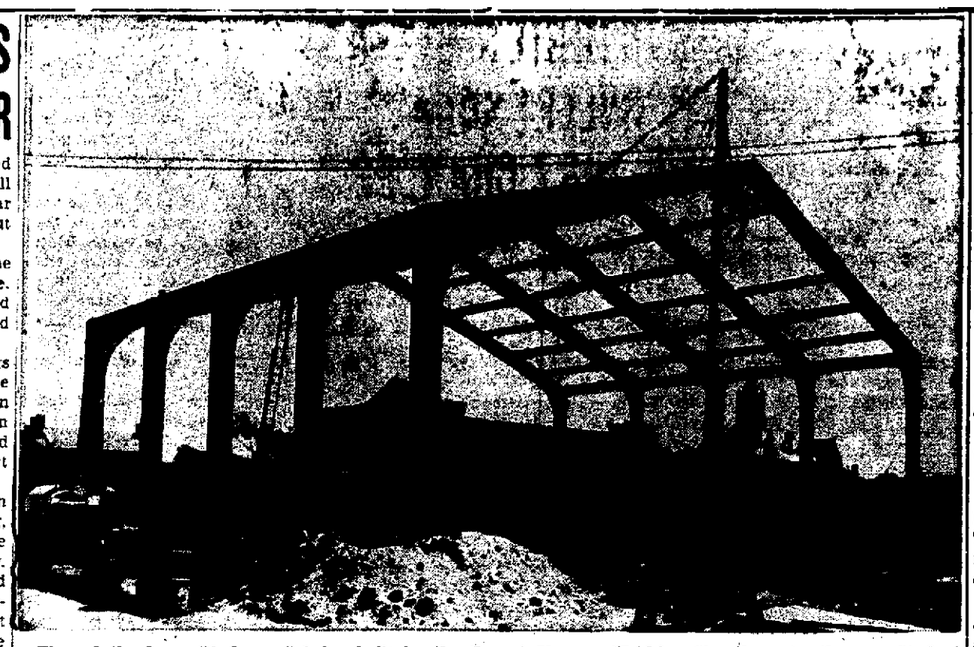

Six presidents have served the organization. Dr. J. A. Singmaster until 1926; Dr. H. C. Alleman, until 1947; Dr. Dwight F. Putman, until 1948; Mrs. George F. Eberhart until 1952; Mrs. Ralph R. Gresh until 1955 when Mrs. Ida H. Roth became the presiding officer.

Since 1912 there have been five nurses. Miss Kate Briel until 1920; Miss Mary Grove until 1925; Mrs. J. F. Fogle until 1947; Mrs. Joseph F. Bushey until 1950 when Mrs. Julia Holtzworth was elected.

Mrs. Holtzworth is available to all residents in the Gettysburg area. The home services include: nursing in acute illness, care for the aged and chronic patient, care for the cardiac, instruction in care of newborn babies, and instruction on how to give insulin to diabetics.

The loan service includes the use of an air ring and other equipment. All nursing care is given under the direction of a physician.

The Civic Nursing Association has expressed its gratitude to the doctors of the community for their cooperation, and to the public for its support of the Community Chest which makes it possible to render this service to the area.

Five of the large "A frames" being built by the Ernest Simpson Machine Shop here for the new Student Union Building at Gettysburg College are shown in place at the site. The beams weigh 14 tons each and are bolted at their base to cement footings. They will provide the support for the roof of an auditorium which will be 97 feet across and about 39 feet in height. The frames are fabricated at the Simpson plant on Fourth St. and hauled to the site on W. Lincoln Ave. by a special truck also constructed by the machinist. The frames are lifted into position by cranes. The local shop also constructs the girders which tie the frames together. **(Times Photo)**

SIMPSON GETS

(Continued from Page 1)

cerned each time one goes up for fear that a measurement might be a few thousands of an inch off center.

Eighteen separate pieces of steel go into the fabrication of each $2.800 frame.

The eight frames and their connecting pieces are but a part of the steel work Simpson is doing for the Student Union Building. When the men complete their job, about November 15, they will have handled 432 tons of steel.

Each of the 18 pieces in each frame comes from the Bethlehem Steel Co. slightly larger than required size and then is cut to fit. A "jig" was constructed outside the Simpson Shop on Fourth St. to construct of the frames to exact size. Then the pieces are welded together. Each of the welds is "finished" so that there is no appearance of welding and each of the welds is certified as being capable of holding a pull of 60,000 pounds per square inch. Each of the Simpson welders was certified as capable of doing the welds by actual test. An engineer was sent here from Baltimore. Each man welded two units of steel and the engineer stamped the engineer's name and social security number with a metal stamp into each weld. Then the sample welds were sent to Baltimore to be pulled apart. Each had to hold together past the 60,000 pounds per square inch mark before the welder could be certified. All went "far above that figure," Simpson said today.

Do Other Work

In addition to the frames all the pieces of steel that connect the frames are being made at the Simpson Shop. In addition four similar, but heavier, frames will be built to go over the swimming pool in the Student Union building and frames and connecting bars for the central portion of the building will also be built by Simpson.

When the various frames and connectors are put together the steel will hold all of the weight of the building to be constructed.

To transport the huge sections to the building site, Simpson had to construct a huge, 70 foot long special truck on which the fabricated sections are carried.

AUTOS COLLIDE

No one was injured in a two-car collision in Hanover about 8:15 p.m. Tuesday. Hanover police said Gerald F. Shanebrook, 17, Gettysburg R. 5, who was operating his vehicle north on Carlisle Street, attempted a right turn into the A and W root beer stand and his car was struck on the right side by a vehicle driven by Marland J. Zeigler, 38, New Oxford R. 1. Police said Zeigler told them he did not notice the turn signal of the Shanebrook car and started to pass on the right when Shanebrook went into his turn. Damage was estimated at $25 to the Shanebrook vehicle and $175 to the car driven by Zeigler.

Emmitsburg

EMMITSBURG — Elias Evangelical Lutheran Church services Sunday, Fall Rally Day, will be as follows: Sunday School, 9:15 a.m.; service, 10:30 a.m., and Luther League, 6:30 p.m.

The annual reorganization meeting of the Elias Lutheran Choir Guild was held Tuesday evening. The following were elected: Mrs. William Koontz, president; Mrs. Charles O'Melveny, secretary, and Mrs. Ralph C. Ohler, treasurer. The Guild's work in connection with the Youth and Junior Choirs was assist the director of music in organizing a new youth choir with both girls and boys as members.

A recommendation to accept the invitation from the Fairfield Lutheran Church to take part in its junior choir festival was accepted. It was decided that the next meeting of the guild will be a parent's night with an opportunity for the parents to observe the work with the children and youth during choir rehearsals. The youth and junior choirs will resume rehearsals Tuesday evening after their summer recess.

To Attend Institute

The faculty of St. Joseph High School will attend the Catholic Teachers' Institute of the Archdiocese of Baltimore to be held September 26-27 at Seton High School, Baltimore. The students will have a free day Friday.

Among the speakers who will address the session are Bishop Albert R. Zuroweste, chariman of the National Catholic Welfare Conference: Bertha S. Adkins, U.S. Undersecretary of Health, Education and Welfare: the Rt. Rev. Joseph A. Gorman, department of education, Catholic University; the Rev. Bernard T. Rattigan, department of religion, Catholic University; Henry W. Schiessel, assistant director of research, Olin Mathison Corp., and Trevor Clark, assistant to the engineering manager, Air Arm Division of the Westinghouse Corp.

Mr. and Mrs. Jack McCleaf and daughter moved recently from Emmitsburg to Greencastle.

Miss Jessica Mick, daughter of Mr. and Mrs. John Mick, celebrated her third birthday Sunday.

Mr. and Mrs. Paul Sherwin and Mr. and Mrs. Joseph Stahley accompanied their daughters, Martha Jane Sherwin and Shirley Stahley to Washington, D. C., on Sunday where the girls have accepted secretarial positions with the government.

St. Joseph's High News

Thomas Zurgable, a member of the senior class of St. Joseph's High School, was elected vice president of the Blue Ridge Conference of the Catholic Student Mission Crusade at a recent meeting of that group in Westminster.

Clyde Eyler furnished materials and made twenty book stands for the members of the commercial classes.

The seniors of St. Joseph's High School officially welcomed this year's freshman class with an entertainment Thursday afternoon, in an assembly of the student body.

The purpose of the program was to acquaint the newcomers, through a play, with the spirit of St. Joseph's and to encourage them to participate fully in homeroom and extracurricular activities. Among those taking part were: Thomas Zurgable, education; Charles Turner, higher learning; Terence Best, Father Time; Justin Wasilifsky, success; Noreen Hayes, spirit of fun, and Carol Brown, Antoinette Elliott and Joan Topper, school spirit.

Seniors impersonating freshmen were: Elizabeth Tepe, Jean Topper and Bernice Muench; impersonating sophomores, Charles Shriner, Thomas Topper and Richard Dutrow; juniors, Marion Hess and Marie Kelly, and seniors, Peggy Hardman, Vonny Hess, Susan Berbe and Ann Althoff.

Antoinette Elliot, Ann Marie Knott, Noreen Hayes, Peggy Hardman and Carol Brown sang "You'll Never Walk Alone." Charles Brown, James Hemler and Bernard Walter had charge of the stage properties. Ellen Sutton assisted in preparing the programs.

Wednesday evening a dance was held in the school hall with freshmen as guests.

BEAMS TALKS TO RADIO HAMS

JERSEY CITY, N.J. (AP)—An Episcopal minister has beamed the message of God to amateur radio operators, and at least 200 of them are reading him clearly.

The Rev. Albert E. Martin, pastor of St. Matthew's Episcopal Church and a ham operator himself for 12 years, will hold a special church service and get-together for amateur operators next Sunday.

He said Wednesday that he has acceptances from 200 hams in New Jersey, New York and Pennsylvania.

The Rev. Mr. Martin went on the air earlier this week with the invitation.

"God calls on CQ" was the way he started his nightly broadcast. Then followed a message and the invitation to listen at 10 a.m. Sunday.

A social hour will follow the service so the amateurs can talk about their rigs.

Cooking School

(Continued From Page 1)

that the schools are a never-ending source of new and bright ideas which save them time and labor. "In addition, the basic methods and technique demonstrated and the reliable easy-to-understand information presented are dependable guideposts to happiness and success in the kitchen," he said.

Each year a new and different cooking school is planned and developed, featuring an original theme, with recipes and settings and costumes (for the pages who assist the home economists) to match. Moreover, each night of the three-evening school is new and different, with no repetition of the same recipes or information, and usually with a few unexpected surprises.

To Award Prizes

There are contests, games and prizes. Each person attending the school receives an illustrated recipe book which includes all of the recipes demonstrated during the three evenings of the school, as well as information and instructions on all the meat cookery methods, identification of meat cuts, temperature and time guides, other valuable hints and suggestions.

Each evening session is climaxed with a colorful and spectacular Parade of Foods in which all of the dishes prepared during the day are displayed, garnished to perfection. Special lighting and revolving mirrors are used to enhance the breath-taking beauty of this style show of "FOODS WITH A FLAIR."

The school is open to the public without charge.

LONDON (AP)—British authorities have turned down a bid by convicted atom spy Klaus Fuchs to do scientific work outside prison during the last months of his term.

Fuchs was convicted in 1950 of turning over British-American atomic secrets to the Soviet Union. He was sentenced to 14 years in prison but could be freed as early as next July with time off for good conduct.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO

All Europe Prepared For War: (By the Associated Press) Europe stood today on the brink of war.

The end of peace talks between Reichsfuehrer Hitler and British Prime Minister Chamberlain signaled the most intensive war preparations since 1914.

France called 300,000 reservists to the colors — the last step before general mobilization. Evacuation of border towns along the German frontier began. France had more than 2,000,000 men under arms.

The British home fleet suddenly put to sea from Inverdordon, Scotland. Malta, Britain's naval base in the Mediterranean, was put on a wartime basis. All arms of Britain's defenses were put in readiness.

Czechoslovakia mobilized an army estimated at 1,500,000 men against the danger of German invasion.

Plea For Peace, New "Gettysburg" Opera Theme: Hollywood, Sept. 24 (AP) — While the threat of war gripped Europe, Hollywood Friday night presented the world premier of "Gettysburg," an operatic plea for peace.

Producers, seeking to create a new interpretation of drama through music, presented a symphonic sorrow over war, as expressed by five people of Gettysburg after the battle. They are a negro, a chaplain, a young woman whose husband has been killed and a young wife and her husband who goes off to war and is killed.

Predominating features were Lincoln's Gettysburg address, delivered in an off-stage voice, and the Lord's Prayer. Both are set to music with impressive choral treatment.

Action takes place in a single setting, a little home on the Battlefield.

Leadership School Will Start Nov. 10: Directors of the Adams county leadership school met Friday evening in the Y.W.C.A. on center square to arrange for the school this year. The Rev. Dwight F. Putman, president, presided.

It was decided to hold the school on November 10, 14, 17, 21, 28 and December 1 at the Lutheran Theological seminary.

Luther M. Lady, Biglerville R. D., was appointed acting dean for the school this year.

Gettysburg School Board Plans To Erect $100,000 Two-Story Junior High: The Gettysburg school board has taken under advisement the construction of a $100,000 junior high school building.

That announcement was made today by Superintendent Lloyd C. Keefauver as he revealed that the local directors have already made a formal petition for state and federal assistance under the Thompson law and that the school expansion program was given approval Tuesday at Harrisburg.

Superintendent Keefauver conferred this morning with John B. Hamme, York architect, on the plans for the building which would be a two-story structure including 10 or 12 rooms with accommodations for 350 pupils and which would be capable of being expanded to care for double that number.

D. C. Rider And Theresa Smith Are Wed In Catholic Church: About 50 guests witnessed the wedding of Daniel Charles Rider, son of Mr. and Mrs. Charles C. Rider, 421 Baltimore street, and Theresa Irene Smith, daughter of Mrs Florence Smith, Tuesday morning in St. Francis Xavier Catholic church here. A nuptial high mass was conducted by the Rev. Fr. Mark E. Stock, pastor.

Mrs. Raffensperger Is Recommended For State Council Post: The first fall meeting of the board of directors of the Adams county Crippled Children's society was held Monday evening in the public assistance offices in the Eagle hotel building with Dean W. E. Tilberg, chairman, presiding.

Mrs. Rosalie Raffensperger, Arendtsville, secretary of the society, was recommended by the board for appointment as a state councillor from Adams county. The selection was made at the request of the Pennsylvania Society for Crippled Children, sponsors of the county organization, which is forming a state council to meet twice annually with the directors of the state organizaion for consultations.

Today's Talk

MAN WITH A CANE

Not too many years ago I recall that many of my friends (and indeed myself!) were swinging an ably made cane known as a walking stick. I can still hear the echo of many a cane in my office building, tapping its way to my door. Two habitual cane carriers were Dr. Frank Crane and the unique "Bob" Davis of the then New York Sun and Munsey publications. I got so I could classify the cane taps — and I assure you they were always welcome.

I got to thinking about the past days (I hope for a revival) and so got out my Malacca walking companion. Not because there was any urgency for its use but just a silent love making another journey into the past. I was so pleased with the new meeting that I have decided to give this kindly cane a pet name and walk it in my home town as the ladies do their dogs.

I recall how welcome my cane was every time I took it out to take a walk. There is something intimate and kindly about a well-selected cane. It's almost a human feeling contrivance. It helps to remove loneliness when alone with your walking friend. And you never know when that Malacca may come to your rescue some of these days! It pays to prepare and look ahead!

No other inanimate article can I think of with so many silent qualities as the cane has! You can swing it expertly in the air. You can give it a name that almost assures human qualities, and you can imagine many a quality that it might own, if called into service upon quick notice. I am almost sure to inquire during these first autumn days — "Where's my cane?" cane?"

Tomorrow Mr. Adams will talk on the subject: "The Best Thing to Find"

Just Folks

LIFE'S WHAT WE MAKE IT

Life is a burden,
A long journey dreary,
With seldom a day
That is pleasant and cheery
If only we grumble
And whine as we go.
Yes, life is a burden
If we make it so.
But life is a game
That is well worth the playing,
A round of continuous
Junetime and Maying,
A gambol, a frolic,
With sunshine aglow,
If only we're willing
To look on it so.

TANEYTOWN SCHOOL NEWS

The first Future Business Leaders Association meeting of the year was held recently at Taneytown High School. Officers were elected and plans were made for the year. The officers are: President, Anna May Haycraft; vice president, Virginia Hahn; secretary, John Myers; treasurer, Darlene Ditzler, and reporter, Frances Clabaugh. The group decided to sponsor a dance November 7. Anna May Haycraft, John Myers and Donna Eyler attended the state organization meeting held at Milford Mills High School, Baltimore, September 13.

On October 26 the Senior Class will sponsor the Back to School record hop at Taneytown High School from 8 to 11 p.m. A Buddy Deane record hop has also been scheduled by the Lions Club, to be held at the school October 3.

Individual and group pictures of the Seniors were taken recently. Teachers were also photographed for the yearbook, which is now on sale at $2.50.

George Herring, principal, was the guest speaker recently at Baust United Church of Christ, where Rev. Miles Reifsnyder is minister. His message was "Is There Religion in Education?"

FIRE DAMAGES ALLENBERRY BAR

Fire Wednesday night damaged the Carriage House, bar and grill at the Allenberry Playhouse near Boiling Springs, and routed about 35 persons.

A spokesman said most of the damage was caused by smoke. Waitresses snatched photos and prints off the walls and carried most furnishings from harm.

Firemen from Boiling Springs and Mt. Holly Springs had the blaze under control within an hour. It broke out at 10 p.m. in the Carriage House kitchen and was evidently caused by a short circuit.

The 800-seat theater, at which "Strange Bedfellows" is playing, was almost filled, but most of the audience was unaware of the fire.

About 10 patrons in the bar and grill and 25 persons rooming upstairs fled the building. Most roomers were members of the Pennsylvania Tuberculosis and Health Society, which opens a six-county meeting at Allenberry today.

Civic Nursing

(Continued From Page 1)

Friday in January, April, July and October.

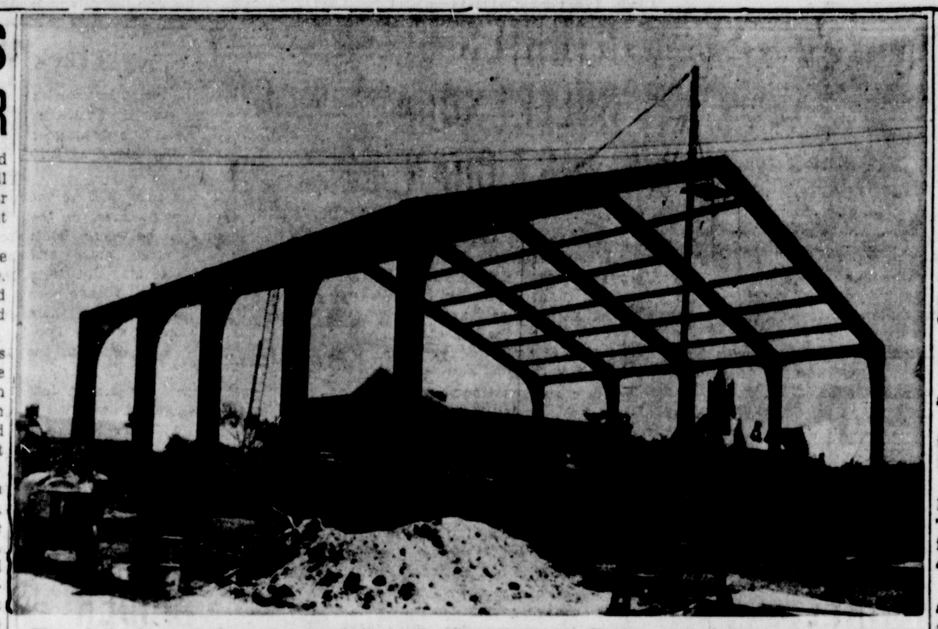

Six presidents have served the organization. Dr. J. A. Singmaster until 1926; Dr. H. C. Alleman, until 1947; Dr. Dwight F. Putman, until 1948; Mrs. George F. Eberhart until 1952; Mrs. Ralph R. Gresh until 1955 when Mrs. Ida H. Roth became the presiding officer.

Since 1912 there have been five nurses. Miss Kate Briel until 1920; Miss Mary Grove until 1925; Mrs. J. F. Fogle until 1947; Mrs. Joseph F. Bushey until 1950 when Mrs. Julia Holtzworth was elected.

Mrs. Holtzworth is available to all residents in the Gettysburg area. The home services include: nursing in acute illness, care for the aged and caronic patient, care for the cardiac, instruction in care of newborn babies, and instruction on how to give insulin to diabetics.

The loan service includes the use of an air ring and other equipment. All nursing care is given under the direction of a physician.

The Civic Nursing Association has expressed its gratitude to the doctors of the community for their cooperation, and to the public for its support of the Community Chest which makes it possible to render this service to the area.

Five of the large "A frames" being built by the Ernest Simpson Machine Shop here for the new Student Union Building at Gettysburg College are shown in place at the site. The beams weigh 14 tons each and are bolted at their base to cement footings. They will provide the support for the roof of an auditorium which will be 97 feet across and about 39 feet in height. The frames are fabricated at the Simpson plant on Fourth St. and hauled to the site on W. Lincoln Ave. by a special truck also constructed by the machinist. The frames are lifted into position by cranes. The local shop also constructs the girders which tie the frames together. (Times Photo)

SIMPSON GETS

(Continued from Page 1)

cerned each time one goes up for fear that a measurement might be a few thousands of an inch off center.

Eighteen separate pieces of steel go into the fabrication of each $2,800 frame.

The eight frames and their connecting pieces are but a part of the steel work Simpson is doing for the Student Union Building. When the men complete their job, about November 15, they will have handled 432 tons of steel.

Each of the 18 pieces in each frame comes from the Bethlehem Steel Co. slightly larger than required size and then is cut to fit. A "jig" was constructed outside the Simpson Shop on Fourth St. to construct of the frames to exact size. Then the pieces are welded together. Each of the welds is "finished" so that there is no appearance of welding and each of the welds is certified as being capable of holding a pull of 60,000 pounds per square inch. Each of the Simpson welders was certified as capable of doing the welds by actual test. An engineer was sent here from Baltimore. Each man welded two units of steel and the engineer stamped the engineer's name and social security number with a metal stamp into each weld. Then the sample welds were sent to Baltimore to be pulled apart. Each had to hold together past the 60,000 pounds per square inch mark before the welder could be certified. All went "far above that figure," Simpson said today.

Do Other Work

In addition to the frames all the pieces of steel that connect the frames are being made at the Simpson Shop. In addition four similar, but heavier, frames will be built to go over the swimming pool in the Student Union building and frames and connecting bars for the central portion of the building will also be built by Simpson.

When the various frames and connectors are put together the steel will hold all of the weight of the building to be constructed.

To transport the huge sections to the building site, Simpson had to construct a huge, 70 foot long special truck on which the fabricated sections are carried.

AUTOS COLLIDE

No one was injured in a two-car collision in Hanover about 8:15 p.m. Tuesday. Hanover police said Gerald F. Shanebrook, 17, Gettysburg R. 5, who was operating his vehicle north on Carlisle Street, attempted a right turn into the A and W root beer stand and his car was struck on the right side by a vehicle driven by Marland J. Zeigler, 38, New Oxford R. 1. Police said Zeigler told them he did not notice the turn signal of the Shanebrook car and started to pass on the right when Shanebrook went into his turn. Damage was estimated at $25 to the Shanebrook vehicle and $175 to the car driven by Zeigler.

Emmitsburg

EMMITSBURG — Elias Evangelical Lutheran Church services Sunday, Fall Rally Day, will be as follows; Sunday School, 9:15 a.m.; service, 10:30 a.m., and Luther League, 6:30 p.m.

The annual reorganization meeting of the Elias Lutheran Choir Guild was held Tuesday evening. The following were elected: Mrs. William Koontz, president; Mrs. Charles O'Melveny, secretary, and Mrs. Ralph C. Ohler, treasurer. The Guild's work in connection with the Youth and Junior Choirs was assist the director of music in organizing a new youth choir with both girls and boys as members.

A recommendation to accept the invitation from the Fairfield Lutheran Church to take part in its junior choir festival was accepted. It was decided that the next meeting of the guild will be a parent's night with an opportunity for the parents to observe the work with the children and youth during choir rehearsals. The youth and junior choirs will resume rehearsals Tuesday evening after their summer recess.

To Attend Institute

The faculty of St. Joseph High School will attend the Catholic Teachers' Institute of the Archdiocese of Baltimore to be held September 26-27 at Seton High School, Baltimore. The students will have a free day Friday.

Among the speakers who will address the session are Bishop Albert R. Zuroweste, chariman of the National Catholic Welfare Conference; Bertha S. Adkins, U.S. Undersecretary of Health, Education and Welfare; the Rt. Rev. Joseph A. Gorman, department of education, Catholic University; the Rev. Bernard T. Rattigan, department of religion, Catholic University; Henry W. Schiessel, assistant director of research, Olin Mathison Corp., and Trevor Clark, assistant to the engineering manager, Air Arm Division of the Westinghouse Corp.

Mr. and Mrs. Jack McCleaf and daughter moved recently from Emmitsburg to Greencastle.

Miss Jessica Mick, daughter of Mr. and Mrs. John Mick, celebrated her third birthday Sunday.

Mr. and Mrs. Paul Sherwin and Mr. and Mrs. Joseph Stahley accompanied their daughters, Martha Jane Sherwin and Shirley Stahley to Washington, D. C., on Sunday where the girls have accepted secretarial positions with the government.

St. Joseph's High News

Thomas Zurgable, a member of the senior class of St. Joseph's High School, was elected vice president of the Blue Ridge Conference of the Catholic Student Mission Crusade at a recent meeting of that group in Westminster.

Clyde Eyler furnished materials and made twenty book stands for the members of the commercial classes.

The seniors of St. Joseph's High School officially welcomed this year's freshman class with an entertainment Thursday afternoon, in an assembly of the student body.

The purpose of the program was to acquaint the newcomers, through a play, with the spirit of St. Joseph's and to encourage them to participate fully in homeroom and extracurricular activities. Among those taking part were: Thomas Zurgable, education; Charles Turner, higher learning; Terence Best, Father Time; Justin Wasilifsky, success; Noreen Hayes, spirit of fun, and Carol Brown, Antoinette Elliott and Joan Topper, school spirit.

Seniors impersonating freshmen were: Elizabeth Tepe, Jean Topper and Bernice Muench; impersonating sophomores, Charles Shriner, Thomas Topper and Richard Dutrow; juniors, Marion Hess and Marie Kelly, and seniors, Peggy Hardman, Vonny Hess, Susan Berbe and Ann Althoff.

Antoinette Elliot, Ann Marie Knott, Noreen Hayes, Peggy Hardman and Carol Brown sang "You'll Never Walk Alone." Charles Brown, James Hemler and Bernard Walter had charge of the stage properties. Ellen Sutton assisted in preparing the programs.

Wednesday evening a dance was held in the school hall with freshmen as guests.

BEAMS TALKS TO RADIO HAMS

JERSEY CITY, N.J. (AP)—An Episcopal minister has beamed the message of God to amateur radio operators, and at least 200 of them are reading him clearly.

The Rev. Albert E. Martin, pastor of St. Matthew's Episcopal Church and a ham operator himself for 12 years, will hold a special church service and get-together for amateur operators next Sunday.

He said Wednesday that he has acceptances from 200 hams in New Jersey, New York and Pennsylvania.

The Rev. Mr. Martin went on the air earlier this week with the invitation.

"God calls on CQ" was the way he started his nightly broadcast. Then followed a message and the invitation to listen at 10 a.m. Sunday.

A social hour will follow the service so the amateurs can talk about their rigs.

Cooking School

(Continued From Page 1)

that the schools are a never-ending source of new and bright ideas which save them time and labor. "In addition, the basic methods and technique demonstrated and the reliable easy-to-understand information presented are dependable guideposts to happiness and success in the kitchen," he said.

Each year a new and different cooking school is planned and developed, featuring an original theme, with recipes and settings and costumes (for the pages who assist the home economists) to match. Moreover, each night of the three-evening school is new and different, with no repetition of the same recipes or information, and usually with a few unexpected surprises.

To Award Prizes

There are contests, games and prizes. Each person attending the school receives an illustrated recipe book which includes all of the recipes demonstrated during the three evenings of the school, as well as information and instructions on all the meat cookery methods, identification of meat cuts, temperature and time guides, other valuable hints and suggestions.

Each evening session is climaxed with a colorful and spectacular Parade of Foods in which all of the dishes prepared during the day are displayed, garnished to perfection. Special lighting and revolving mirrors are used to enhance the breath-taking beauty of this style show of "FOODS WITH A FLAIR."

The school is open to the public without charge.

LONDON (AP)—British authorities have turned down a bid by convicted atom spy Klaus Fuchs to do scientific work outside prison during the last months of his term.

Fuchs was convicted in 1950 of turning over British-American atomic secrets to the Soviet Union. He was sentenced to 14 years in prison but could be freed as early as next July with time off for good conduct.

Warriors, Delone, Bigler Play On Foreign Gridirons; Red Lion At Littlestown

Scholastic football hits a new high in this area over the weekend with a full card for all local teams in addition to important South Penn and Laurel Conference games.

Again only Littlestown (1-1) will be at home Friday evening, meeting Red Lion (1-1). Gettysburg (0-1) goes after its initial victory at Shippensburg (2-0), and Delone (1-1) meets rugged Chambersburg (2-0) on the latter's field. Biglerville (0-2) tangles with Wilson (0-1) in the Reading Municipal Stadium Saturday evening. All games will start at 8 o'clock.

Three South Penn Conference games are scheduled Friday night. Carlisle, four-time champs, play at Middletown, Hanover invades Mechanicsburg, and Waynesboro travels to Hershey.

Both Laurel Conference games are scheduled for Saturday, West York at Susquehannock, and Dallastown at Kennard-Dale.

Gettysburg At Shippensburg

Shippensburg High School hasn't defeated Gettysburg High on the football field since 1945 but there isn't a Greyhound player who doesn't believe the Hounds will upset the Warriors Friday night. And not without good reason.

The Hounds were very impressive in defeating Littlestown 25-14 and Susquehanna Township 26-7. They used the air-lanes to good effect in both games and plan to use the same strategy against the Warriors who were rather inept in their lone game in pass protection. Westminster, 20-13 winners over the Warriors, completed eight in as many tries.

Eddie Zinn, 140-pound quarterback, has showed uncanny accuracy with his passing and "Chet" Jones, a speedy halfback, has been his target most of the time.

Coach George Kohut has eight lettermen from last year's squad which lost to Gettysburg 27-12. Included are: Ends, John Snyder, 150, and Don Ocker, 165; tackles, Gary VanScyoc, 175, and Pete Sullivan, 180; guards, Bob Ocker, 142, and Jim LeDane, 140; quarterback, Sheldon VanScyoc, 135; backs, Jones, 135, and Gary Wyrick, 145.

Furney, Maitland Ready

Ben Jones reports his Warriors will be at full strength for the game. Bob Furney, husky fullback, will be ready for at least part time duty despite a slight fracture of his left little finger. Captain Gary Maitland, end, who missed the Westminster game due to a shoulder injury, is ready for full time duty and will team up with Bob Grosholtz at ends.

Several other squad members who recently suffered virus attacks have recovered and will be ready for action.

During the past two weeks the Warrior squad has been drilling hard for the coming game and Coach Jones is certain his team will show a vast improvement over the opening game. Jones termed Wednesday's practice as the best of the year.

Gettysburg leads in the series 20-6 with four games ending in ties. The Hounds won their last game in 1945 31-4. In 1955 and 1956 ties were played, 13-13 and 0-0, respectively.

Delone At Chambersburg

A badly bruised and battered Delone High School football squad will take the field against unbeaten Chambersburg on the Trojans' field Friday evening.

The Squires not only lost a 13-0 decision to Carlisle last week but also the services at least two players for this week's game.

Pat Shaeffer, fullback, has been admitted to the Hanover Hospital because of internal injuries and will be side-lined for at least two weeks. Dave Topper, sub quarterback, will be out of action due to a partially dislocated knee.

Trojans Strong

Others who suffered injuries but who are expected to be ready include Johnny Gasley, back; Charley Topper, guard; Paul Gebhart, end; Don Weaver, halfback, and Earl Laughman, quarterback.

In Chambersburg, Delone will be facing one of the most promising teams in the South Penn Conference.

The Trojans have rolled over Scotland 47-0 and Hanover 26-0 with ease to establish them as one of the top threats for the conference title.

Bernie Washabaugh, 177-pound Trojan back, is of the finest backs in the area. He scored twice against Hanover last week and proved to be a crushing ball-toter.

Trojan Coach Charley Reese has only two other starters from last year in addition to Washabaugh. They are Fred Rider, guard, and George Richardson, end. There are, however, eight other lettermen on the squad.

Red Lion At Littlestown

Littlestown will play its third straight home game when it hosts Red Lion in a non-conference game on the Thunderbolts' field Friday evening. Coach Wib Gobrecht's boys will be the only countians cavorting on a home gridiron.

Each of Friday's contestants has 1-1 records. Red Lion bowed to Warwick Union and then clobbered Donegal Joint 41-0 last Saturday. Littlestown bowed to Shippensburg 25-14 and then turned back Dallastown 20-13.

The Thunderbolts showed vast improvement last Friday in downing Dallastown and will have to continue with improved play if they hope to turn back the Lions.

Red Lion, coached by Ronnie Fitzkee, former Gettysburg College star, has eight lettermen on his squad including an entire backfield.

All of the veterans are scheduled to oppose the Bolts. They include: Dick Stein, quarterback; Gil Smith, fullback; Bill Freeman and Armand Conaway, halfbacks; Tom Melhorn, end; Larry Markle, tackle; Barry Smeltzer, guard, and Bill Linnemans, center.

Red Lions employs the winged-T offensive which clicked to near perfection against Donegal.

Biglerville At Wilson

For the second straight week Biglerville has a Saturday engagement, meeting Wilson in Reading's Municipal Stadium at 8 p.m.

Wilson is a newcomer to the Canner schedule and while not much is known of the squad, it is expected to be a tough opponent on its home grounds. Last week Wilson stepped out of its class and suffered a 59-7 lacing at the hands of strong Easton.

The Canners have been working hard this week in the hope of crashing into the victory column for the first time.

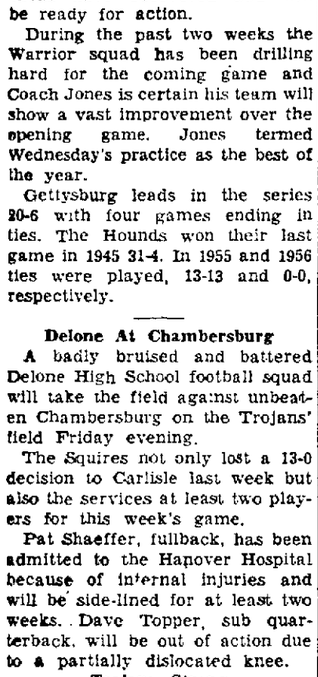

Biglerville lost its opener to New Cumberland 14-13 and then was routed at Camp Hill 41-7.

Open Little World Series Friday Night

MONTREAL (AP) — The Montreal Royals, winners of the International League pennant and playoffs, and the Minneapolis Millers, victorious in the American Assn. playoffs, square off Friday night in the first game of the Little World Series.

The Royals won the right to represent the International League Wednesday night by downing the Toronto Maple Leafs 11-10 for a 4-1 victory in the best-of-seven series. The Millers previously qualified by knocking off Denver, winner of the series last year, in four straight games.

The first three games will be played in Montreal. Then they shift to Minneapolis for completion of the best-of-seven set.

Lopez Teams Never Finished Under 2nd

CHICAGO (AP) — It has been a second place finish for Manager Al Lopez of the Chicago White Sox again, again, again, again, again, again, again and ain.

In 11 years as a manager — 3 in Indianapolis, 6 in Cleveland and 2 with the Sox — Lopez never has finished lower than second.

His 1948 Indianapolis Indians won the American Assn. pennant and his 1954 Cleveland Indians did likewise in the American League.

The nine other times, his clubs came in runnersup.

The Sox toppled the Detroit Tigers 4-3 Wednesday in 10 innings to take second place.

RUNNELS LEADS WILLIAMS FOR BATTING CROWN

By BOB HOOBING
Associated Press Sports Writer

BOSTON (AP) — Pete Runnels credits Boston's left field wall and tips from his No. 1 challenger, Ted Williams, for his lead in the tight American League batting race.

With only four games to play, the quiet Texan has a .324 mark—four points ahead of defending champion Williams.

It doesn't sound logical that the Fenway Park left field wall would aid a left-handed batter, but the spray-hitting Red Sox infielder has proved it's true in his case.

Left Field Wall Help

"I'm not conscious I'm doing anything different than in previous years," Runnels said. "I do feel, however, that the left field wall has helped me quite a bit here. I have hit some balls off the wall here I know would be outs in other parks."

Acquired from Washington in the greatest Boston deal since Jackie Jensen came from the Senators in '54, Runnels stresses his big assist from Williams.

"Ted has helped me quite a bit this year," Pete said. "Williams told me to choke up my grip more on the bat as I got tired. The last couple of weeks I've been doing just that and have been getting the bat around faster on the ball."

Special Races At Hagerstown Meet

HAGERSTOWN — Many outstanding feature races will be staged during Hagerstown's 12-day race meeting, which opens at the local fairgrounds next Monday, and runs through Saturday, October 11, it was announced today by Racing Secretary Henry J. Carroll.

As has been the custom for many years, the feature event on opening day will be the Henry Bester Purse, scheduled in honor of the late Henry Bester, who brought flat racing back to this city after a lapse of many years.

The feature attraction on the final day of the Hagerstown session will be the Harold F. Bester Purse, named in honor of the late Harold F. Bester, who served as president of the Hagerstown Fair Association until the time of his death.

A new feature has been added to Hagerstown's 1958 racing program. It will be the Johnstown Purse and will be run on Wednesday, October 1. At a special occasion, the mayor and other Johnstown city officials will be on hand to award a blanket to winning owner of the race.

INJURIES HIT BULLET SQUAD; LIST CHANGES

After putting Gettysburg through their final intrasquad scrimmage before meeting the Bucknell Bisons in the Rotary Bowl Saturday night, Gene Haas announced that his final scrimmage has been a very costly one for the Bullets. He listed the names of two players who will be out for the season as a result of injuries sustained in the practice fray, tackles Gino Calcagni and Fred Mink.

Calcagni had been playing with an injured wrist and suffered injuries Saturday which, Haas said, "make it impossible for him to see any further action this season." Gino, a 225-pound tackle from Allentown, was an honorable mention All-State selection in 1956, before dropping out of school last year for a semester. Big "Cal" had been counted on for limited service anyway to bolster the defensive line on "goal line stands."

Fred Mink from Harrisburg, one of the nine juniors on the squad, had seen limited action in pre-season scrimmages. The 5-10, 185 pounder suffered a torn vertebra in his neck.

Louis Caban, a 5-11, 190 pounder from Philadelphia, will miss the entire season due to a shoulder separation it was revealed. Louis had been injured two weeks ago, but it was hoped that the sophomore understudy to center Dave Yohn would be able to work out with the club by this week. Doctors have ruled out any such possibility this season.

Prevost Doubtful Starter

The injuries do not stop with the aforementioned players. Starting guard Jules Prevost injured his arm in Saturday's "scrime" and may miss the Bucknell game, also. The Radnor citizen worked out with the team this week avoiding all "rough work."

To compensate for the recent wave of injuries Coach Haas has made the following changes; Big burley 225-pound tackle Barclay Boyd, Dallastown, has been inserted in the starting lineup in place of Jim Hess, Curwensville, who has been moved over to Prevost's position at left guard. Haas singled out Boyd for praise after the scrimmage Saturday before Prevost's injury was known, saying, "Barclay will have to rate as one of the most improved ballplayers on the squad at present; the big fellow hasn't given an inch of ground defensively in the last two weeks." The shift of Boyd to a starting position isn't, therefore, a desperate move.

Head line coach Gene Hummel added to Haas's praise of Barclay stating, "Boyd was shifted from end to tackle during spring drills, and he certainly has come a long way since then. His defensive work is excellent, and he is really mixing it up. If he learns a little more about his offensive responsibilities, he'll be one whale of a ballplayer." The entire coaching staff are keeping their fingers crossed that he will reach full "maturity" by Saturday night.

CHISOX CLINCH SECOND PLACE WITH AL LOPEZ

By ED WILKS

Memo to Al Lopez: Welcome home, coach.

The nice guy skipper of the Chicago White Sox, after spending 54 days of the season in the second division and a month in the cellar, has clinched second place again.

In his 11 years as a manager, the last eight in the majors, Lopez never has finished lower than second.

But while that 4-3, 10-inning victory over Detroit Wednesday kept his record clear, it also fattened affable Al's frustration. He's the only American League manager

Excepting Casey Stengel who each spring insists the New York Yankees can be had.

And since he came up to the majors in 1951 to manage Cleveland, he's the only skipper who has managed to beat the Yankees, taking the 1954 flag when his Injuns won 111 games, an AL record.

Last year, Lopez quit the Tribe and conned the White Sox into their first second place finish in 37 years.

Lopez is back at the old stand, already signed for '59.

The Yankees, who had lost six straight since the day they clinched the pennant, ended their longest losing string in more than two years by busting Boston 7-5. Cleveland blew a chance to break a third place tie with Boston and Detroit by losing 7-4 at Kansas City. Baltimore handed the Washington Senators their fifth shutout in six games, 2-0, on the three-hit pitching of Arnie Portocarrero.

In the National League, the Chicago Cubs clubbed San Francisco 10-3 and Los Angeles beat St. Louis 4-3 in the only games.

The White Sox won on Jim Landis' triple and Sherm Lollar's single in the 10th off losing reliever Tom Morgan (2-5). Don Rudolph (1-0) won it in relief.

Boston's Pete Runnels (1-for-4) kept the AL bat lead, at .324, while teammate Ted Williams (2-for-3) passed Detroit's Harvey Kuenn for second place at .320.

Plan New Feature On Lincoln Track

The rains having swept last week's program by the boards, Promoter Hilley Rife's Lincoln Speedway goes into action Saturday night at 8:30 o'clock.

Highlighting the show will be the battle for high point man in the Lincoln standings between Boots Podjed, the Lebanon star, and George Kessler, veteran pilot from York. Kessler and Podjed have been swapping the lead between them for the last two months with Podjed on top by a few points at the present time.

Rife will present an added feature to this week's show with a Demolition Derby. There will be a field of ten cars, with the last car being declared the winner.

Saturday night's show will consist of 3 10-lap heats, 1 10-lap consey, 25-lap feature, plus the demolition derby.

BIGLER SPIDER GRIDDERS WIN AT BIG SPRING

The Biglerville Seventh and Eighth Grade Spider football team opened its season auspiciously Wednesday afternoon by scoring touchdowns in each of the last three periods for a 19-0 victory over Big Spring at Newville.

After a scoreless first period when Biglerville found it tough to solve the 5-4 defense of Big Spring, the Canners took command.

Larry Black ran 40 yards around end for a score in the second period and followed with a 30-yarder in the third quarter. The final touchown in the last frame was a 12-yard run by Bill Slaybaugh.

Gary Wright, quarterback, plunged for the extra point following Black's first TD.

Next Wednesday evening at 7:30 Biglerville plays at Hanover.

The Biglerville lineup follows:

Ends — Bedford, Bream, Richard Guise, M. Thompson, R. Thompson, Thomas.

Tackles — Davis, Pitzer, Kane, Rodney Guise.

Guards — Bowers, Hartman, Johnston, Kennedy.

Centers — Mickey, Lady, Gardner.

Backs — L. Black, Constable, Garretson, Horick, Sheaffer, Slaybaugh, Stauffer, Tate, Wright, Wetzel.

Score by periods:

Biglerville	0	7	6	6—19
Big Spring	0	0	0	0— 0

Touchdowns, L. Black 2, Slaybaugh. PAT, G. Wright, plunge.

BRITISH HOPE FOR MORE WIND IN THIRD RACE

By SIDNEY C. MOODY JR.

NEWPORT, R.I. (AP) — The British, their hopes for the America's Cup all but swamped in the bubbling wake of the shark-swift American defender, Columbia, are whistling for wind in today's third race.

Trailing 2-0 in the best-of-7 series, they're banking on wind and more wind to get the British challenger, Sceptre, off its haunches.

"It's getting better but no enough ye," said Colin Ratsey, Sceptre's assistant helmsman, after Columbia sailed out of sight Wednesday to defeat the challenger by almost a mile and a half.

Sceptre Far Behind

At the finish Sceptre was just a grey ghost barely visible on the hazy horizon.

The British had said that winds up to 12 miles an hour were what they wanted for best results. They got it Wednesday. But, said Ratsey after the race:

"Sceptre's designed for a little more wind. We still haven't got up to the wind we expected to find here, 15 knots."

The accommodating weatherman said the British will get just that. The trouble is that the faser he wind, he bigger Columbia's victory margin has been.

"Not Convinced"

"I don't think we're conceding anything yet. We're not convinced Columbia is the better boat," said Ratsey.

Olin Stephens, Columbia's designer and assistant helmsman, won't go so far as to say the Yankee 12-meter will win in four straight, but when asked if Sceptre would go faster in more wind he replied:

"It might but I don't think so."

Wednesday's race, a resail of Monday's contest that was called when the yachts failed to finish within the time limit, was over a 24-mile triangular course.

Columbia skimmed around it like a guided missile in three hours, 17 minutes and 43 seconds.

WILL START ROOKIE

HERSHEY, Pa. (AP)—Head Coach Buck Shaw of the Philadelphia Eagles says Rookie Andy Nacrelli will start at right end Sunday when the Eagles open the season against the Washington Redskins in Philadelphia.

It will be Nacrelli's first season game in the National Football League. The Chester, Pa., rookie played in Canada last year after graduating from Fordham.

Shaw said Wednesday that Nacrelli has recovered completely from a rib injury suffered four weeks ago in an exhibition game against the Chicago Bears.

DELONE FROSH DEFEATED BY M'DEVITT 26-0

Delone's Freshman football team bowed to Bishop McDevitt of Harrisburg 26-0 at McSherrystown Wednesday in opening its season.

McDevitt capitalized on two breaks for scores in the second period.

A high pass from center gave the Harrisburg team possession deep in Delone territory and soon John Cunjak raced over from the 25. He added the point on a plunge.

The second score in the same quarted was set up on a blocked Delone punt by Jack Murphy. Ken Ruppert followed with a 20-yard TD scamper.

In the third stanza McDevitt added two more six-pointers. Cunjak scored the first on a two-yard plunge while Mickey McTish raced over from the 7. Don Fuller added the extra point on a plunge after Cunjak's score.

Delone's best bid for a score came in the last quarter when Dick Rosensteel fired a pass to John Zinn which was good for 46 yards and placed the ball on the opponent's 26.

A return game will be played at McDevitt, October 8 at 3:30.

The lineups:

Delone

Ends — Hagerman, J. Zinn, Hertz
Tackles — Hemler, Poist, Linn
Guards — Fink, Loss, Markle, Mack, G. Zinn.
Centers — Price, Hockensmith
Backs — Livelsberger, Rosensteel, Groft, Wierman, Keffer, McMaster, D. O'Brien, Long, Timmins, Stuller.

McDevitt

Ends — Graf, Seibert, Zegay
Tackles — Smith, Vinson, Foller
Guards — Murphy, Egersitz
Center — Gafney
Backs — Ruppert, Cunjak, Puliti, McTish, Meaders, G. O'Brien, Fuller

Score by periods:

McDevitt	0	13	13	0—26
Delone	0	0	0	0— 0

Touchdowns, Cunjak 2, Ruppert, McTish. PAT, Cunjak, Fuller, plunges.

BUCKEYES LOOK "MUCH BETTER"; TO MEET SMU

By JACK CLARY

When Woody Hayes smiles, then there can't be too much wrong with the world — at least with Ohio State's football world.

And who can blame the Buckeyes' coach? His wordly possessions include, beside family and home, the nation's No. 1 team, the Big Ten favorite, the ground-munchingest offense you ever did see, and now a passing attack designed to offset his rugged ground game.

This, and the general decorum of the team is what had Hayes, a dour man when it comes to evaluating football practices, glowing after Wednesday's session.

"They looked better, much better," he said. "I think they're beginning to rise to the occasion now."

Season's Opener

The "occasion" is the Buck's opener Saturday at home against Southern Methodist, a Southwest Conference team that includes Don Meredith, a quarterback who led the nation's passers in percentage last year.

The pass, hitherto a keep-'em-honest weapon in the Bucks' offense, has been getting a bit more attention this fall from Hayes and his quarterback, Frank Kremblas. Kremblas had a .417 completion average last year, with 15 out of 36 for 243 yards and four touchdowns.

In comparison, halfback Don Clark and fullback Bob White were 2-3 in the Big Ten's final rushing statistics. Clark gained 522 yards, White 507, both more than double Kremblas' efforts. All three are slated to start against SMU.

Others Brushing Off

North Carolina State had its backs working on Saturday opponent Maryland's pass operations in a defensive move, while Illinois drilled against home-opener opponent UCLA's aerial maneuvers.

Colgate polished a passing attack that looks to be their main hope against Cornell Saturday. Coach Fred Rice ceased for the week all heavy operations because of an abundance of bruises and sprains.

Yale did a bit of offense and defense on the passing game. The Eli's meet Connecticut Saturday, a team which blistered Springfield from the air in winning its opener.

Oklahoma Coach Smiling

Oklahoma State's aerial offense, which won a duel with Denver last Saturday, had Coach Cliff Speegle smiling, while he also worked his pass defense against expected North Texas State patterns.

Quarterback Bob Placek did the bulk of the throwing as Michigan Coach Bennie Oosterban prepared for the opener against Southern Cal. Syracuse's Ben Schwartzwalder tried to set up some preventive means against Boston College passer Don Allard. He planned to counter heavily with his own passer, Church Zimmerman.

Say Yankees Have Edge Over Braves With Strongest Bench

By BEN OLAM
Associated Press Sports Writer

NEW YORK (AP) — Manager Casey Stengel of the New York Yankees can knock on wood. He has a strong bench.

The Yankee reserves are the best in the business, considerably better than Milwaukee's in ability and versatility.

Always the master maneuverer, Stengel has outdone himself this season. He's made a full-time shortstop of Tony Kubek, an outfielder of Yogi Berra, a third baseman of second sacker Bobby Richardsn while rushing in his pinch - hitters and pinch-runners with the usual abandon.

Adcock Top Pinch Hitter

Fred Haney of the Braves has come up with some effective switches of his own. He moved first baseman Joe Adcock to left field and second baseman Felix Mantilla to center on several occasions.

Enos Slaughter, a .313 batter in his 23rd season in pro ball, is the best pinch-hitter on either club. The Yanks also got some timely regular season pinch-hits from Jerry Lumpe, Elston Howard, Hank Bauer and pitcher Don Larsen.

Adcock will be Milwaukee's No. 1 pinch-hitter when he doesn't start. He will be backed up by Andy Pafko and Harry Hanebrink.

So, the 1958 World Series which gets underway in Milwaukee next Wednesday, figures to provide a strategical field day for both managers.

Some By Questions

A lot depends on the starting pitchers. When lefty Whitey Ford pitches for New York, the Braves likely will have Adcock at first base and either switch - hitting Mantilla or righty Pafko in center.

The big question for the Yankees is: "Where will Yogi Berra play?" Howard took over as the No. 1 catcher and Berra moved to the outfield after Yogi recovered from a hand injury late in July. Chances are that Berra will open behind the plate with Hank Bauer in right field.

In addition to Richardson, the Yankees have Andy Carey and Lumpe for third base, Carey probably will get the nod for the first couple of games at least. In left field, Norm Siebern, a lefty batter, has been in against all types of pitching the last couple of months. But Stengel may choose to replace him with Howard against southpaw Warren Spahn.

In most cases, the names will be the same as in last year's series. But the positions will be different in several instances.

Rams Home Game Tickets Sold Out

LOS ANGELES (AP) — No matter where they finish in the National Football League race, the Rams have it made again at the box office.

Season tickets for Los Angeles' home games are sold out, from goal to goal in the vast expanse of Memorial Coliseum. All indications point to the Rams leading the league once more in over-all gross.

The Rams had a 6-6 record at the end of the 1958 season, but they played to more than one million persons — the first time that had been done by any team, college or pro.

KAYOED BOXER HOSPITALIZED; TOO EMOTIONAL

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP) — Jesse Bowdry of St. Louis, seventh ranking light heavyweight, was so emotionally upset after losing to Sonny Ray in Chicago Stadium Wednesday night he had to be hospitalized.

The 20-year-old fighter, stopped at 1:22 of the ninth round by the 3-1 underdog Ray, was incoherent afterwards in his dressing room, which was barred to newsmen.

His rantings could be heard through the closed door and Dr. Irving Slott, chief examining physician of the Illinois Athletic Commission, worked over him for more than 20 minutes.

Later he was taken to Columbus Hospital.

"I would say he would be in the hospital at least two days as a precautionary measure," said Dr. Slott. "He is emotionally upset and further tests to evaluate the situation must be made. He definitely is rational, though."

3rd Loss To Ray

Under Illinois rules, a fighter absorbing a kayo is suspended automatically for 30 days and such a suspension is upheld throughout the National Boxing Assn. chain.

Only three times in 26 bouts as a pro has Bowdry been defeated—all three losses being to the 22-year-old Ray.

Bowdry, a circling, machine-like combination puncher who had scored 19 KO's in the pro ranks, held the upper hand through seven rounds of the nationally televised bout.

Then Ray who had been giving him a good body beating with a digging left and strong right, began pounding him nearly at will in the eighth.

It was Bowdry's first licking in 10 fights and Ray's 10th straight victory.

Ray weighed 171½ and Bowdry 173.

WILLIE MAYS IN LEAD IN NL RACE WITH ASHBURN

By ED WILKS
Associated Press Sports Writer

Willie Mays just keeps hittin'.

With three games to play, Willie has upped his lead over Philadelphia's Richie Ashburn to .0019 in their rousing run for the National League batting title.

Mays was 2-for-3 for San Francisco as the Giants lost 10-3 to the Chicago Cubs Wednesday, padding his average to .3458 in an 11-game surge in which he has batted at a .528 clip. Ashburn, batting .3439, was idle, returning to action Friday night with the Phils, who also have three games left.

Los Angeles defeated St. Louis 4-3 in the only other NL game scheduled.

Has Double And Triple

Mays walloped a double and triple as the Giants, within one victory of clinching third place, overhauled a 3-1 Chicago lead. But the Cubs cracked the tie with two runs in the eighth on an error and three singles, then splurged for five runs in the ninth, three on Lou Jackson's triple. Don Elston (8-8) was the winner, Ray Monzant (8-10) the loser, both in relief.

Stan Musial was 2-for-4 for the Cards, gaining two points for a third place .336 average in the bat race.

Charlie Mabe (2-9) was the loser, while winner Roger Craig (2-0) gave up four of the Cards' five hits in his 7 2-3 innings.

MOORE BATTLES KID ANAHAUC FOR TITLE BOUT

By BOB MYERS

LOS ANGELES (AP) — Featherweight challengers Davey Moore of Springfield, Ohio, and Mexico's Kid Anahauc meet in a 10-round fight tonight, with the winner promised a title match with the world ruler of the 126-pounders, Hogan (Kid) Bassey.

It is a rematch of an encounter in Tijuana, Mexico, last July which kicked up such a storm that troops had to quell a small revolution in the vast bull ring.

Tonight's affair at the Olympic Auditorium promises to be fast but relatively orderly.

Moore Is Favored

Bassey has promised to meet the winner here, possibly in December, provided financial terms can be worked out.

Moore is the betting favorite and was the winner by decision at Tijuana.

"He run all night, the other guy. We couldn't catch him," said Willie Ketchum, Moore's portly manager.

The trouble started when an official refigured his point score. The crowd apparently thought he was changing it to favor Moore.

As most of the 9,000 people tried to get into the ring at once, Davey managed to escape, diving over a five-foot guard rail and fence in a hasty scramble for the dressing room.

"Throwing Bottles"

Senator Ketchum, lacking Davey's speed or footwork, hurried from the scene as best he could, wearing a towel over his shoulder, a look of fright on his face and a chair over his head.

"They were throwing bottles, cans, stools, paper wadded up which if they weren't throwing they were setting fire to, or both

"This in all my years in boxing I never seen like it bfore.

"Tonight," said Willie, "I will have handy if I need it a football helmet."

Warriors, Delone, Bigler Play On Foreign Gridirons; Red Lion At Littlestown

Scholastic football hits a new high in this area over the weekend with a full card for all local teams in addition to important South Penn and Laurel Conference games.

Again only Littlestown (1-1) will be at home Friday evening, meeting Red Lion (1-1). Gettysburg (0-1) goes after its initial victory at Shippensburg (2-0), and Delone (1-1) meets rugged Chambersburg (2-0) on the latter's field. Biglerville (0-2) tangles with Wilson (0-1) in the Reading Municipal Stadium Saturday evening. All games will start at 8 o'clock.

Three South Penn Conference games are scheduled Friday night. Carlisle, four-time champs, play at Middletown, Hanover invades Mechanicsburg, and Waynesboro travels to Hershey.

Both Laurel Conference games are scheduled for Saturday, West York at Susquehannock, and Dallastown at Kennard-Dale.

Gettysburg At Shippensburg

Shippensburg High School hasn't defeated Gettysburg High on the football field since 1945 but there isn't a Greyhound player who doesn't believe the Hounds will upset the Warriors Friday night. And not without good reason.

The Hounds were very impressive in defeating Littlestown 25-14 and Susquehanna Township 26-7. They used the air-lanes to good effect in both games and plan to use the same strategy against the Warriors who were rather inept in their lone game in pass protection. Westminster, 20-13 winners over the Warriors, completed eight in as many tries.

Eddie Zinn, 140-pound quarterback, has showed uncanny accuracy with his passing and "Chet" Jones, a speedy halfback, has been his target most of the time.

Coach George Kohut has eight lettermen from last year's squad which lost to Gettysburg 27-12. Included are: Ends, John Snyder, 150, and Don Ocker, 165; tackles, Gary VanScyoc, 175, and Pete Sullivan, 180; guards, Bob Ocker, 142, and Jim LeDane, 140; quarterback, Sheldon VanScyoc, 135; backs, Jones, 135, and Gary Wyrick, 145.

Furney, Maitland Ready

Ben Jones reports his Warriors will be at full strength for the game. Bob Furney, husky fullback, will be ready for at least part time duty despite a slight fracture of his left little finger. Captain Gary Maitland, end, who missed the Westminster game due to a shoulder injury, is ready for full time duty and will team up with Bob Grosholtz at ends.

Several other squad members who recently suffered virus attacks have recovered and will be ready for action.

During the past two weeks the Warrior squad has been drilling hard for the coming game and Coach Jones is certain his team will show a vast improvement over the opening game. Jones termed Wednesday's practice as the best of the year.

Gettysburg leads in the series 20-6 with four games ending in ties. The Hounds won their last game in 1945 31-4. In 1955 and 1956 ties were played, 13-13 and 0-0, respectively.

Delone At Chambersburg

A badly bruised and battered Delone High School football squad will take the field against unbeaten Chambersburg on the Trojans' field Friday evening.

The Squires not only lost a 13-0 decision to Carlisle last week but also the services at least two players for this week's game.

Pat Shaeffer, fullback, has been admitted to the Hanover Hospital because of internal injuries and will be side-lined for at least two weeks. Dave Topper, sub quarterback, will be out of action due to a partially dislocated knee.

Trojans Strong

Others who suffered injuries but who are expected to be ready include Johnny Gastley, back; Charley Topper, guard; Paul Gebhart, end; Don Weaver, halfback, and Earl Laughman, quarterback.

In Chambersburg, Delone will be facing one of the most promising teams in the South Penn Conference.

The Trojans have rolled over Scotland 47-0 and Hanover 26-0 with ease to establish them as one of the top threats for the conference title.

Bernie Washabaugh, 177-pound Trojan back, is of the finest backs in the area. He scored twice against Hanover last week and proved to be a crushing ball-toter.

Trojan Coach Charley Reese has only two other starters from last year in addition to Washabaugh. They are Fred Rider, guard, and George Richardson, end. There are, however, eight other lettermen on the squad.

Red Lion At Littlestown

Littlestown will play its third straight home game when it hosts Red Lion in a non-conference game on the Thunderbolts' field Friday evening. Coach Wib Gobrecht's boys will be the only countians cavorting on a home gridiron.

Each of Friday's contestants has 1-1 records. Red Lion bowed to Warwick Union and then clobbered Donegal Joint 41-0 last Saturday. Littlestown bowed to Shippensburg 25-14 and then turned back Dallastown 20-13.

The Thunderbolts showed vast improvement last Friday in downing Dallastown and will have to continue with improved play if they hope to turn back the Lions.

Red Lion, coached by Ronnie Fitzkee, former Gettysburg College star, has eight lettermen on his squad including an entire backfield.

All of the veterans are scheduled to oppose the Bolts. They include: Dick Stein, quarterback; Gil Smith, fullback; Bill Freeman and Armand Conaway, halfbacks; Tom Melhorn, end; Larry Markle, tackle; Barry Smeltzer, guard, and Bill Linnemans, center.

Red Lions employs the winged-T offensive which clicked to near perfection against Donegal.

Biglerville At Wilson

For the second straight week Biglerville has a Saturday engagement, meeting Wilson in Reading's Municipal Stadium at 8 p.m.

Wilson is a newcomer to the Canner schedule and while not much is known of the squad, it is expected to be a tough opponent on its home grounds. Last week Wilson stepped out of its class and suffered a 59-7 lacing at the hands of strong Easton.

The Canners have been working hard this week in the hope of crashing into the victory column for the first time.

Biglerville lost its opener to New Cumberland 14-13 and then was routed at Camp Hill 41-7.

Open Little World Series Friday Night

MONTREAL (AP) — The Montreal Royals, winners of the International League pennant and playoffs, and the Minneapolis Millers, victorious in the American Assn. playoffs, square off Friday night in the first game of the Little World Series.

The Royals won the right to represent the International League Wednesday night by downing the Toronto Maple Leafs 11-10 for a 4-1 victory in the best-of-seven series. The Millers previously qualified by knocking off Denver, winner of the series last year, in four straight games.

The first three games will be played in Montreal. Then they shift to Minneapolis for completion of the best-of-seven set.

Lopez Teams Never Finished Under 2nd

CHICAGO (AP) — It has been a second place finish for Manager Al Lopez of the Chicago White Sox again, again, again, again, again, again again and ain.

In 11 years as a manager — 3 in Indianapolis, 6 in Cleveland and 2 with the Sox — Lopez never has finished lower than second.

His 1948 Indianapolis Indians won the American Assn. pennant and his 1954 Cleveland Indians did likewise in the American League.

The nine other times, his clubs came in runnersup.

The Sox toppled the Detroit Tigers 4-3 Wednesday in 10 innings to take second place.

RUNNELS LEADS WILLIAMS FOR BATTING CROWN

By BOB HOOBING
Asociated Press Sports Writer

BOSTON (AP) — Pete Runnels credits Boston's left field wall and tips from his No. 1 challenger, Ted Williams, for his lead in the tight American League batting race.

With only four games to play, the quiet Texan has a .324 mark—four points ahead of defending champion Williams.

It doesn't sound logical that the Fenway Park left field wall would aid a left-handed batter, but the spray-hitting Red Sox infielder has proved it's true in his case.

Left Field Wall Help

"I'm not conscious I'm doing anything different than in previous years," Runnels said. "I do feel, however, that the left field wall has helped me quite a bit here. I have hit some balls off the wall here I know would be outs in other parks."

Acquired from Washington in the greatest Boston deal since Jackie Jensen came from the Senators in '54, Runnels stresses his big assist from Williams.

"Ted has helped me quite a bit this year," Pete said. "Williams told me to choke up my grip more on the bat as I got tired. The last couple of weeks I've been doing just that and have been getting the bat around faster on the ball."

Special Races At Hagerstown Meet

HAGERSTOWN — Many outstanding feature races will be staged during Hagerstown's 12-day race meeting, which opens at the local fairgrounds next Monday, and runs through Saturday, October 11, it was announced today by Racing Secretary Henry J. Carroll.

As has been the custom for many years, the feature event on opening day will be the Henry Bester Purse, scheduled in honor of the late Henry Bester, who brought flat racing back to this city after a lapse of many years.

The feature attraction on the final day of the Hagerstown session will be the Harold F. Bester Purse, named in honor of the late Harold F. Bester, who served as president of the Hagerstown Fair Association until the time of his death.

A new feature has been added to Hagerstown's 1958 racing program. It will be the Johnstown Purse and will be run on Wednesday, October 1. At a special occasion, the mayor and other Johnstown city officials will be on hand to award a blanket to winning owner of the race.

INJURIES HIT BULLET SQUAD; LIST CHANGES

After putting Gettysburg through their final intrasquad scrimmage before meeting the Bucknell Bisons in the Rotary Bowl Saturday night, Gene Haas announced that his final scrimmage has been a very costly one for the Bullets. He listed the names of two players who will be out for the season as a result of injuries sustained in the practice fray, tackles Gino Calcagni and Fred Mink.

Calcagni had been playing with an injured wrist and suffered injuries Saturday which, Haas said, "make it impossible for him to see any further action this season." Gino, a 225-pound tackle from Allentown, was an honorable mention All-State selection in 1956, before dropping out of school last year for a semester. Big "Cal" had been counted on for limited service anyway to bolster the defensive line on "goal line stands."

Fred Mink from Harrisburg, one of the nine juniors on the squad, had seen limited action in pre-season scrimmages. The 5-10, 185 pounder suffered a torn vertebra in his neck.

Louis Caban, a 5-11, 190 pounder from Philadelphia, will miss the entire season due to a shoulder separation it was revealed. Louis had been injured two weeks ago, but it was hoped that the sophomore understudy to center Dave Yohn would be able to work out with the club by this week. Doctors have ruled out any such possibility this season.

Prevost Doubtful Starter

The injuries do not stop with the aforementioned players. Starting guard Jules Prevost injured his arm in Saturday's "scrime" and may miss the Bucknell game, also. The Radnor citizen worked out with the team this week avoiding all "rough work."

To compensate for the recent wave of injuries Coach Haas has made the following changes; Big burley 225-pound tackle Barclay Boyd, Dallastown, has been inserted in the starting lineup in place of Jim Hess, Curwensville, who has been moved over to Prevost's position at left guard. Haas singled out Boyd for praise after the scrimmage Saturday before Prevost's injury was known, saying, "Barclay will have to rate as one of the most improved ballplayers on the squad at present; the big fellow hasn't given an inch of ground defensively in the last two weeks." The shift of Boyd to a starting position isn't, therefore, a desperate move.

Head line coach Gene Hummel added to Haas's praise of Barclay stating, "Boyd was shifted from end to tackle during spring drills, and he certainly has come a long way since then. His defensive work is excellent, and he is really mixing it up. If he learns a little more about his offensive responsibilities, he'll be one whale of a ballplayer." The entire coaching staff are keeping their fingers crossed that he will reach full "maturity" by Saturday night.

CHISOX CLINCH SECOND PLACE WITH AL LOPEZ

By ED WILKS

Memo to Al Lopez: Welcome home, coach.

The nice guy skipper of the Chicago White Sox, after spending 54 days of the season in the second division and a month in the cellar, has clinched second place again.

In his 11 years as a manager, the last eight in the majors, Lopez never has finished lower than second.

But while that 4-3, 10-inning victory over Detroit Wednesday kept his record clear, it also fattened affable Al's frustration. He's the only American League manager Excepting Casey Stengel who each spring insists the New York Yankees can be had.

And since he came up to the majors in 1951 to manage Cleveland, he's the only skipper who has managed to beat the Yankees, taking the 1954 flag when his Injuns won 111 games, an AL record.

Last year, Lopez quit the Tribe and conned the White Sox into their first second place finish in 37 years.

Lopez is back at the old stand, already signed for '59.

The Yankees, who had lost six straight since the day they clinched the pennant, ended their longest losing string in more than two years by busting Boston 7-5. Cleveland blew a chance to break a third place tie with Boston and Detroit by losing 7-4 at Kansas City. Baltimore handed the Washington Senators their fifth shutout in six games, 2-0, on the three-hit pitching of Arnie Portocarrero.

In the National League, the Chicago Cubs clubbed San Francisco 10-3 and Los Angeles beat St. Louis 4-3 in the only games.

The White Sox won on Jim Landis' triple and Sherm Lollar's single in the 10th off losing reliever Tom Morgan (2-5). Don Rudolph (1-0) won it in relief.

Boston's Pete Runnels (1-for-4) kept the AL bat lead, at .324, while teammate Ted Williams (2-for-3) passed Detroit's Harvey Kuenn for second place at .320.

Plan New Feature On Lincoln Track

The rains having swept last week's program by the boards, Promoter Hilley Rife's Lincoln Speedway goes into action Saturday night at 8:30 o'clock.

Highlighting the show will be the battle for high point man in the Lincoln standings between Boots Podjed, the Lebanon star, and George Kessler, veteran pilot from York. Kessler and Podjed have been swapping the lead between them for the last two months with Podjed on top by a few points at the present time.

Rife will present an added feature to this week's show with a Demolition Derby. There will be a field of ten cars, with the last car being declared the winner.

Saturday night's show will consist of 3 10-lap heats, 1 10-lap consey, 25-lap feature, plus the demolition derby.

BIGLER SPIDER GRIDDERS WIN AT BIG SPRING

The Biglerville Seventh and Eighth Grade Spider football team opened its season auspiciously Wednesday afternoon by scoring touchdowns in each of the last three periods for a 19-0 victory over Big Spring at Newville.

After a scoreless first period when Biglerville found it tough to solve the 5-4 defense of Big Spring, the Canners took command.

Larry Black ran 40 yards around end for a score in the second period and followed with a 30-yarder in the third quarter. The final touchown in the last frame was a 12-yard run by Bill Slaybaugh.

Gary Wright, quarterback, plunged for the extra point following Black's first TD.

Next Wednesday evening at 7:30 Biglerville plays at Hanover.

The Biglerville lineup follows:

Ends — Bedford, Bream, Richard Guise, M. Thompson, R. Thompson, Thomas.

Tackles — Davis, Pitzer, Kane, Rodney Guise.

Guards — Bowers, Hartman, Johnston, Kennedy.

Centers — Mickey, Lady, Gardner.

Backs — L. Black, Constable, Garretson, Horick, Sheaffer, Slaybaugh, Stauffer, Tate, Wright, Wetzel.

Score by periods:

Biglerville	0	7	6	6—19
Big Spring	0	0	0	0— 0

Touchdowns, L. Black 2, Slaybaugh. PAT, G. Wright, plunge.

BRITISH HOPE FOR MORE WIND IN THIRD RACE

By SIDNEY C. MOODY JR.

NEWPORT, R.I. (AP) — The British, their hopes for the America's Cup all but swamped in the bubbling wake of the shark-swift American defender, Columbia, are whistling for wind in today's third race.

Trailing 2-0 in the best-of-7 series, they're banking on wind and more wind to get the British challenger, Sceptre, off its haunches.

"It's getting better but no enough ye," said Colin Ratsey, Sceptre's assistant helmsman, after Columbia sailed out of sight Wednesday to defeat the challenger by almost a mile and a half.

Sceptre Far Behind

At the finish Sceptre was just a grey ghost barely visible on the hazy horizon.

The British had said that winds up to 12 miles an hour were what they wanted for best results. They got it Wednesday. But, said Ratsey after the race:

"Sceptre's designed for a little more wind. We still haven't got up to the wind we expected to find here, 15 knots."

The accommodating weatherman said the British will get just that. The trouble is that the faser he wind, he bigger Columbia's victory margin has been.

"Not Convinced"

"I don't think we're conceding anything yet. We're not convinced Columbia is the better boat," said Ratsey.

Olin Stephens, Columbia's designer and assistant helmsman, won't go so far as to say the Yankee 12-meter will win in four straight, but when asked if Sceptre would go faster in more wind he replied:

"It might but I don't think so."

Wednesday's race, a resail of Monday's contest that was called when the yachts failed to finish within the time limit, was over a 24-mile triangular course.

Columbia skimmed around it like a guided missile in three hours, 17 minutes and 43 seconds.

WILL START ROOKIE

HERSHEY, Pa. (AP)—Head Coach Buck Shaw of the Philadelphia Eagles says Rookie Andy Nacrelli will start at right end Sunday when the Eagles open the season against the Washington Redskins in Philadelphia.

It will be Nacrelli's first season game in the National Football League. The Chester, Pa., rookie played in Canada last year after graduating from Fordham.

Shaw said Wednesday that Nacrelli has recovered completely from a rib injury suffered four weeks ago in an exhibition game against the Chicago Bears.

DELONE FROSH DEFEATED BY M'DEVITT 26-0

Delone's Freshman football team bowed to Bishop McDevitt of Harrisburg 26-0 at McSherrystown Wednesday in opening its season.

McDevitt capitalized on two breaks for scores in the second period.

A high pass from center gave the Harrisburg team possession deep in Delone territory and soon John Cunjak raced over from the 25. He added the point on a plunge.

The second score in the same quarted was set up on a blocked Delone punt by Jack Murphy. Ken Ruppert followed with a 20-yard TD scamper.

In the third stanza McDevitt added two more six-pointers. Cunjak scored the first on a two-yard plunge while Mickey McTish raced over from the 7. Don Fuller added the extra point on a plunge after Cunjak's score.

Delone's best bid for a score came in the last quarter when Dick Rosensteel fired a pass to John Zinn which was good for 46 yards and placed the ball on the opponent's 26.

A return game will be played at McDevitt, October 8 at 3:30.

The lineups:

Delone

Ends — Hagerman, J. Zinn, Hertz
Tackles — Hemler, Poist, Linn
Guards — Fink, Loss, Markle, Mack, G. Zinn.
Centers — Price, Hockensmith
Backs — Livelsberger, Rosensteel, Groft, Wierman, Keffer, McMaster, D. O'Brien, Long, Timmins, Stuller.

McDevitt

Ends — Graf, Seibert, Zegay
Tackles — Smith, Vinson, Foller
Guards — Murphy, Egersitz
Center — Gafney
Backs — Ruppert, Cunjak, Puliti, McTish, Meaders, G. O'Brien, Fuller

Score by periods:

McDevitt	0	13	13	0—26
Delone	0	0	0	0— 0

Touchdowns, Cunjak 2, Ruppert, McTish. PAT, Cunjak, Fuller, plunges.

BUCKEYES LOOK "MUCH BETTER"; TO MEET SMU

By JACK CLARY
Associated Press Sports Writer

When Woody Hayes smiles, then there can't be too much wrong with the world — at least with Ohio State's football world.

And who can blame the Buckeyes' coach? His wordly possessions include, beside family and home, the nation's No. 1 team, the Big Ten favorite, the ground-munchingest offense you ever did see, and now a passing attack designed to offset his rugged ground game.

This, and the general decorum of the team is what had Hayes, a dour man when it comes to evaluating football practices, glowing after Wednesday's session.

"They looked better, much better," he said. "I think they're beginning to rise to the occasion now."

Season's Opener

The "occasion" is the Buck's opener Saturday at home against Southern Methodist, a Southwest Conference team that includes Don Meredith, a quarterback who led the nation's passers in percentage last year.

The pass, hitherto a keep-'em-honest weapon in the Bucks' offense, has been getting a bit more attention this fall from Hayes and his quarterback, Frank Kremblas. Kremblas had a .417 completion average last year, with 15 out of 36 for 243 yards and four touchdowns.

In comparison, halfback Don Clark and fullback Bob White were 2-3 in the Big Ten's final rushing statistics. Clark gained 522 yards, White 507, both more than double Kremblas' efforts. All three are slated to start against SMU.

Others Brushing Off

North Carolina State had its backs working on Saturday opponent Maryland's pass operations in a defensive move, while Illinois drilled against home-opener opponent UCLA's aerial maneuvers.

Colgate polished a passing attack that looks to be their main hope against Cornell Saturday. Coach Fred Rice ceased for the week all heavy operations because of an abundance of bruises and sprains.

Yale did a bit of offense and defense on the passing game. The Eli's meet Connecticut Saturday, a team which blistered Springfield from the air in winning its opener.

Oklahoma Coach Smiling

Oklahoma State's aerial offense, which won a duel with Denver last Saturday, had Coach Cliff Speegle smiling, while he also worked his pass defense against expected North Texas State patterns.

Quarterback Bob Ptacek did the bulk of the throwing as Michigan Coach Bennie Oosterban prepared for the opener against Southern Cal. Syracuse's Ben Schwartzwalder tried to set up some preventive means against Boston College passer Don Allard. He planned to counter heavily with his own passer, Church Zimmerman.

Say Yankees Have Edge Over Braves With Strongest Bench

By BEN OLAM
Associated Press Sports Writer

NEW YORK (AP) — Manager Casey Stengel of the New York Yankees can knock on wood. He has a strong bench.

The Yankee reserves are the best in the business, considerably bttter than Milwaukee's in ability and versatility.

Always the master maneuverer, Stengel has outdone himself this season. He's made a full-time shortstop of Tony Kubek, an outfielder of Yogi Berra, a third baseman of second sacker Bobby Richardsn while rushing in his pinch - hitters and pinch-runners with the usual abandon.

Adcock Top Pinch Hitter

Fred Haney of the Braves has come up with some effective switches of his own. He moved first baseman Joe Adcock to left field and second baseman Felix Mantilla to center on several occasions.

Enos Slaughter, a .313 batter in his 23rd season in pro ball, is the best pinch-hitter on either club. The Yanks also got some timely regular season pinch-hits from Jerry Lumpe, Elston Howard, Hank Bauer and pitcher Don Larsen.

Adcock will be Milwaukee's No. 1 pinch-hitter when he doesn't start. He will be backed up by Andy Pafko and Harry Hanebrucker.

So, the 1958 World Series which gets underway in Milwaukee next Wednesday, figures to provide a strategical field day for both managers.

Some By Questions

A lot depends on the starting pitchers. When lefty Whitey Ford pitches for New York, the Braves likely will have Adcock at first base and either switch - hitting Mantilla or righty Pafko in center.

The big question for the Yankees is: "Where will Yogi Berra play?" Howard took over as the No. 1 catcher and Berra moved to the outfield after Yogi recovered from a hand injury late in July. Chances are that Berra will open behind the plate with Hank Bauer in right field.

In addition to Richardson, the Yankees have Andy Carey and Lumpe for third base. Carey probably will get the nod for the first couple of games at least. In left field, Norm Siebern, a lefty batter, has been in against all types of pitching the last couple of months. But Stengel may choose to replace him with Howard against southpaw Warren Spahn.

In most cases, the names will be the same as in last year's series. But the positions will be different in several instances.

Rams Home Game Tickets Sold Out

LOS ANGELES (AP) — No matter where they finish in the National Football League race, the Rams have it made again at the box office.

Season tickets for Los Angeles' home games are sold out, from goal to goal in the vast expanse of Memorial Coliseum. All indications point to the Rams leading the league once more in over-all gross.

The Rams had a 6-6 record at the end of the 1958 season, but they played to more than one million persons — the first time that had been done by any team, college or pro.

KAYOED BOXER HOSPITALIZED; TOO EMOTIONAL

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP) — Jesse Bowdry of St. Louis, seventh ranking light heavyweight, was so emotionally upset after losing to Sonny Ray in Chicago Stadium Wednesday night he had to be hospitalized.

The 20-year-old fighter, stopped at 1:22 of the ninth round by the 3-1 underdog Ray, was incoherent afterwards in his dressing room, which was barred to newsmen.

His rantings could be heard through the closed door and Dr. Irving Slott, chief examining physician of the Illinois Athletic Commission, worked over him for more than 20 minutes.

Later he was taken to Columbus Hospital.

"I would say he would be in the hospital at least two days as a precautionary measure," said Dr. Slott. "He is emotionally upset and further tests to evaluate the situation must be made. He definitely is rational, though."

3rd Loss To Ray

Under Illinois rules, a fighter absorbing a kayo is suspended automatically for 30 days and such a suspension is upheld throughout the National Boxing Assn. chain.

Only three times in 26 bouts as a pro has Bowdry been defeated—all three losses being to the 22-year-old Ray.

Bowdry, a circling, machine-like combination puncher who had scored 19 KO's in the pro ranks, held the upper hand through seven rounds of the nationally televised bout.

Then Ray who had been giving him a good body beating with a digging left and strong right, began pounding him nearly at will in the eighth.

It was Bowdry's first licking in 10 fights and Ray's 10th straight victory.

Ray weighed 171½ and Bowdry 173.

WILLIE MAYS IN LEAD IN NL RACE WITH ASHBURN

By ED WILKS
Associated Press Sports Writer

Willie Mays just keeps hittin'.

With three games to play, Willie has upped his lead over Philadelphia's Richie Ashburn to .0019 in their rousing run for the National League batting title.

Mays was 2-for-3 for San Francisco as the Giants lost 10-3 to the Chicago Cubs Wednesday, padding his average to .3458 in an 11-game surge in which he has batted at a .528 clip. Ashburn, batting .3439, was idle, returning to action Friday night with the Phils, who also have three games left.

Los Angeles defeated St. Louis 4-3 in the only other NL game scheduled.

Has Double And Triple

Mays walloped a double and triple as the Giants, within one victory of clinching third place, overhauled a 3-1 Chicago lead. But the Cubs cracked the tie with two runs in the eighth on an error and three singles, then splurged for five runs in the ninth, three on Lou Jackson's triple. Don Elston (8-8) was the winner, Ray Monzant (8-10) the loser, both in relief.

Stan Musial was 2-for-4 for the Cards, gaining two points for a third place .336 average in the bat race.

Charlie Mabe (2-9) was the loser, while winner Roger Craig (2-0) gave up four of the Cards' five hits in his 7 2-3 innings.

MOORE BATTLES KID ANAHAUC FOR TITLE BOUT

By BOB MYERS

LOS ANGELES (AP) — Featherweight challengers Davey Moore of Springfield, Ohio, and Mexico's Kid Anahauc meet in a 10-round fight tonight, with the winner promised a title match with the world ruler of the 126-pounders, Hogan (Kid) Bassey.

It is a rematch of an encounter in Tijuana, Mexico, last July which kicked up such a storm that troops had to quell a small revolution in the vast bull ring.

Tonight's affair at the Olympic Auditorium promises to be fast but relatively orderly.

Moore Is Favored

Bassey has promised to meet the winner here, possibly in December, provided financial terms can be worked out.

Moore is the betting favorite and was the winner by decision at Tijuana.

"He run all night, the other guy. We couldn't catch him," said Willie Ketchum, Moore's portly manager.

The trouble started when an official refigured his point score. The crowd apparently thought he was changing it to favor Moore.

As most of the 9,000 people tried to get into the ring at once, Davey managed to escape, diving over a five-foot guard rail and fence in a hasty scramble for the dressing room.

"Throwing Bottles"

Senator Ketchum, lacking Davey's speed or footwork, hurried from the scene as best he could, wearing a towel over his shoulder, a look of fright on his face and a chair over his head.

"They were t'rowing bottles, cans, stools, paper wadded up which if they weren't t'rowing they were setting fire to, or both.

"This in all my years in boxing I never seen like it bfore.

"Tonight," said Willie, "I will have handy if I need it a football helmet."

How Parents Can Keep Sister And Brother From Bickering

By DOROTHY V. WHIPPLE, M.D.

Do your children fight and bicker and make home life bedlam?

Fighting between brothers and sisters is pretty frequent. A little of it you just have to take. But if the bickering is pretty constant, its time to take a careful look at what is really the matter.

Deep underneath the most frequent cause of friction between children is jealousy. Often it doesn't show up on the surface. Ted may feel that his parents prefer Susan to him, so because he feels mean and hurt inside he makes nasty remarks to Susan. Susan on the other hand may feel that Ted gets all the breaks. He is older than she and a boy besides and he's allowed all sorts of privileges she is not. Nobody cares, she says, whether she ever has a good time but Ted always manages to do what he wants.

Neither Ted nor Susan is right, but it's how they feel about themselves, their parents and each other which determines how they act.

Parents' Job

It's a hard job for parents to make each child feel comfortable but it's worth a good hard try.

A child who feels accepted in his home, who feels his parents love and respect him for what he is and are not constantly trying to change him into something he isn't, is on the whole an easy child. He feels good inside and his behavior will reflect his composure. He doesn't need to pick a fight to establish himself.

But how, ask bewildered parents, do you make a child feel comfortable? First, don't ever compare one child with another. "Why can't you do as well as your sister?" only makes the inadequate one feel more inadequate, makes him feel he's got to change himself before his parents think he's worthy of their love — and he knows he cannot change himself.

Each Different

Second, treat each child as an individual. Do not try to fit them all into the same mold. Ted is interested in cars and spends all his free time tinkering with an old jalopy in the backyard. This is all right; express an interest in what he's doing and learning. Susan is crazy about ballet dancing. Well, that's all right, too. She doesn't have to be a mechanic and Ted doesn't have to dance, but each needs to feel that in the eyes of his parents his interest and activities meet with approval.

When children can accept themselves, when they are comfortable in their relation to their parents, they fight much less than when they are worried about their own worth.

Camera News

By IRVING DESFOR
The Associated Press

All over the country, at about this time, camera fans who have returned from vacation trips are going over their pictures. And it is now, while memories are brightest and enthusiasm strongest, that the pictures should be sorted, the negatives filed and some thought given to the best possible presentation of the photographic efforts.

Maybe I went too fast. Actually, the first step is a drastic one: to throw our all the duds and near-duds in prints, negatives, slides and movies. Without the bad shots to clutter up the works, the job of organizing the good pictures will proceed faster and more efficiently.

Don't let sentiment get in the way. Even if it is the only shot of Junior or Aunt Susie at the waterfall, if it is blurred, out-of-focus, light struck or reveals part of the camera case flapping in front of the lens, eliminate it. No picture that requires an apology or an explanation as to why it is being shown adds prestige to any photographer.

Photo Vacation

A vacation picture album, slide show or home movie is the usual result of a photo vacation. These can be enjoyed over and over again for many years to come. For other camera fans, their pictures will provide material for camera club and salon competitions for the coming season.

Still another outlet for the very best of this year's vacation shooting are some of the current photo contests. In case a large money award doesn't tempt you, perhaps the thought of an all-expense trip to the Orient or to Paris will propel you to an entry blank. Then again you may need a new station wagon or a 36 x 18 foot swimming pool. Somewhere, someone has taken a picture recently that will win these items, and many others. Could it be you?

For photo contest entries, even more drastic pruning must take place. An entry should have spontaneous appeal, one that'll catch a viewer's eye and inspire interest, emotion or reaction.

Unusual Cropping

When you have selected a possibility, see if drastic or unusual cropping can be applied to the negative. By removing all extraneous or non-essential material, it will simplify and enhance the center of interest. Another method to gain visual impact is by careful enlargement and skillful dodging or burning in during printing so as to emphasize mood or unusual lighting.

It hardly seems necessary to add that you should read all the rules, even the fine print, before sending your pictures off. It you can't fulfill all the conditions—like having a release signed by recognizeable persons shown in the picture, perhaps, or having the original negative available—you'll be wasting your time. Find a contest in which your picture qualifies on all counts.

A few Contests

A few of the contests which are still current but fast approaching their deadlines are:

The National Newspaper Snapshot Contest. Many local newspapers sponsor this with weekly prizes in each of five divisions: A. Babies. B. Activities. C. Scenes. D. Animals. E. Color Slides. A Grand prize winner is chosen from among all the weekly winners in each of the five classes by each newspaper. Then an additional $1,000 each is awarded with the selection of National Grand Prize winners in each division.

The Ricoh Vacation Photo Contest. This has a theme, "Vacation Pleasure," and blanks are available at most camera dealers. First prize is a trip to Paris plus a camera to record the adventure.

The Saturday Review's sixth annual World Travel Photo Competition. Winners get trips to the Orient and to Paris.

PARIS FASHION THROWS A CURVE

By DOROTHY ROE

Paris designers could teach a few tricks to our big league baseball pitchers.

When it comes to fast balls, slow balls and curves, even Don Larsen or Lew Burdette couldn't top the astute gentlemen of the French haute couture.

For the last two seasons the Paris team has confounded the international fashion league with a barrage of chemise styles across home plate — short, straight, fast, with nary a curve in sight.

This fall, with the international batters all set for more of the same, the French start pitching curves.

First pictures of the new French fashions released to the American press show feminine curves, normal or high waistlines, graceful draperies and a general recognition of the natural lines of the female figure.

Women who braved their husbands' wrath by investing in sack dresses this summer now are faced with the problem of how to belt them in and lengthen the knee-length hemlines.

Anyway, it's all a game, whether fashion or baseball, and the object is to keep the public guessing.

How Parents Can Keep Sister And Brother From Bickering

By DOROTHY V. WHIPPLE, M.D.

Do your children fight and bicker and make home life bedlam?

Fighting between brothers and sisters is pretty frequent. A little of it you just have to take. But if the bickering is pretty constant, its time to take a careful look a what is really the matter.

Deep underneath the most frequent cause of friction between children is jealousy. Often it doesn't show up on the surface. Ted may feel that his parents prefer Susan to him, so because he feels mean and hurt inside he makes nasty remarks to Susan. Susan on the other hand may feel that Ted gets all the breaks. He is older than she and a boy besides and he's allowed all sorts of privileges she is not. Nobody cares, she says, whether she ever has a good time but Ted always manages to do what he wants.

Neither Ted nor Susan is right, but it's how they feel about themselves, their parents and each other which determines how they act.

Parents' Job

It's a hard job for parents to make each child feel comfortable but it's worth a good hard try.

A child who feels accepted in his home, who feels his parents love and respect him for what he is and are not constantly trying to change him into something he isn't, is on the whole an easy child. He feels good inside and his behavior will reflect his composure. He doesn't need to pick a fight to establish himself.

But how, ask bewildered parents, do you make a child feel comfortable? First, don't ever compare one child with another.

"Why can't you do as well as your sister?" only makes the inadequate one feel more inadequate, makes him feel he's got to change himself before his parents think he's worthy of their love — and he knows he cannot change himself.

Littlestown

SPORTSMEN TO HOLD SHOOTING MATCH FRIDAY

The first shooting match of the season will be held by the Littlestown Fish and Game Association, Inc., on Friday, 7.30 p.m., at the Fish and Game Farm, near town. Prizes will be hams and cash. Twelve gauge guns will be used and shells will be furnished. Refreshments will be available in the club house. Hadley W. Blocher is chairman of the committee on arrangements.

The weekly public party will be held by the Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2226 at 8 p.m. on Friday in the social room of the Eagles Home.

The first fall meeting of the Frogtown Homemakers will be held on Wednesday, October 1, 8 p.m. at the home of Mrs. Lawrence T. Crouse, Gettysburg, R. 1. The program will be in charge of Mrs. Aaron Rohrbaugh, and the theme will be "Dried Floral Arrangements."

The Helping Hand Class of Grace Lutheran Church, Two Taverns, will serve a turkey and oyster supper to the public on Saturday, starting at 4 p.m. in the parish hall.

Troop To Meet

Mrs. George Schaefer and Mrs. Earle J. Black, leaders of Brownie Troop No. 61, have announced that the first fall meeting of the troop will be held from 10 to 11 a.m. on Saturday morning in the engine house.

Den mothers and pack committee members of Cub Pack No. 64 are invited to attend a Cub Scout Leader's Pow-Wow at Dover on Saturday, Oct. 4 from 1 to 5:30 p.m. Those planning to attend are asked to contact Cubmaster Stewart N. Long no later than Saturday, so that transportation can be arranged.

St. Aloysius Catholic Church will sponsor the weekly public party in the parish hall on Saturday, beginning at 8 p.m. Prizes ments will be available.

The Explorers of Post 84 extend thanks to all those of the community who gave papers or clothes hangers in the drive which was very successfully conducted last Saturday. Anyone missed in the drive, wishing to give papers or hangers, should contact Explorer Pius Pautenis Jr. after 6 p.m.

Spotters Meet

Littlestown spotters of the Ground Observer Corps met on Monday evening in the Explorer room of the E. King St. school building, with Paul E. Hilterbrick Jr., ground supervisor, presiding. Sgt. Robert Reseau, of the Baltimore Filter Center, was in attendance and showed an Air Force newsreel. Capt. Ryan, also of the Baltimore Filter Center, sent a communication informing all spotters, on or off duty, that they should report severe changes in the weather.

Preliminary plans were discussed to hold an awards ceremony in November. Announcement was made that Civilian Defense cards will be issued to all members from the Adams County C. D. office. LeRoy Moose, secretary, gave his report. The next regular meeting of the spotters will be held Monday, October 27, 8 p.m., at the engine house.

glass memorial windows replaced original ones of painted glass. In 1905 a central heating system was installed replacing the stoves, with their long stovepipes, which had been used.

A pipe organ and choir seats were also installed in 1905.

The next major change came in the period 1930-32 when the sanctuary was remodeled and modernized and Sunday School rooms provided. The project cost $17,000.

Memorials Presented

Included with the current expansion and improvement project have been a number of memorial gifts, among them a new Georgian style entrance on the Middle St. face of the old building.

The following memorials and gifts were presented by relatives and friends. Each gift will be recorded in the Book of Remembrance.

Doorway: Presented in honor of Mr. and Mrs. Milton R. Remmel and their daughter, Mrs. Dorothy R. Barley, by their loved ones.

Book of Remembrance: Presented by Mr. and Mrs. Charles Coffman in memory of Albert S. Coffman.

Silver Baptismal Bowl: Mr. and Mrs. Richard Deaner in memory of their infant son, Richard Michael Deaner.

Dossel Cloth: In memory of Mr. and Mrs. Charles Edgar Merrow by their daughters, Anne and Nina Merrow.

News From Nearby Counties

WASHINGTON COUNTY

Two cows were killed and another injured and a car was extensively damaged early Wednesday along the Ringgold-Rouzerville Rd. Lloyd Shockey, co-owner of a herd of about 50 head, was driving the animals across the road when the car, driven by Delbert Piper, a dairy farmer from Taneytown, rammed into them. Piper said that he did not see the cows in the pre-dawn darkness until it was too late. A sheriff's deputy reported learning that Shockey had made no attempt to flag the car.

More than $1,000 in bogus checks have been cashed in Hagerstown food stores in recent days, police reported. The checks, in amounts from $60 to $70, purport to be those of a Hagerstown contracting firm.

FRANKLIN COUNTY

Judy Ann McQuait, 7, of Chambersburg, became the first known hula hoop casualty in Franklin County when she tripped and fell while attempting to jump through a hoop. She suffered a fractured leg.

Enos H. Horst, Franklin County representative in the General Assembly, charged the Department of Highways of abuses in use of its powers to condemn land for highway purposes. He cited long delays in payments for land taken.

CUMBERLAND COUNTY

Representatives of ten boroughs and townships in the West Shore area met for the second time to study proposals that their communities unite to work out a solution to their growing garbage and trash disposal problems.

The tank truck of the Newburg-Hopewell Fire Co. was badly damaged when it rolled onto its side while rounding a curve en route to a fire.

YORK COUNTY

York County Judge Walter I. Anderson appointed four boards of viewers to determine damages due property owners for land taken by the Department of Highways for construction of the Susquehanna expressway. Two other boards reported to the court Wednesday on other state condemnations.

The York City school board and city officials have agreed on a price of $45,000 which the city will pay for the Central School building which is no longer used for school purposes. The building, adjacent to the city hall, was appraised recently at $66,000.

Stockholders elected Charles I. Zeigler president of the York-Hoover Corp. He succeeds George T. Stone, member of the family which was long in control of the company. Stone, his father and brother did not win re-election to the board of directors.

FREDERICK COUNTY

Frederick's annual Halloween parade, sponsored this year for the first time by the Frederick Junior Chamber of Commerce, has been scheduled for 8 p.m., October 30. About $1,000 in prizes will be offered.

More than $1,000 in bogus checks have been cashed in Hagerstown food stores in recent days, police reported. The checks, in amounts from $60 to $70, purport to be those of a Hagerstown contracting firm.

FRANKLIN COUNTY

Judy Ann McQuait, 7, of Chambersburg, became the first known hula hoop casualty in Franklin County when she tripped and fell while attempting to jump through a hoop. She suffered a fractured leg.

Enos H. Horst, Franklin County representative in the General Assembly, charged the Department of Highways of abuses in use of its powers to condemn land for highway purposes. He cited long delays in payments for land taken.

CUMBERLAND COUNTY

Representatives of ten boroughs and townships in the West Shore area met for the second time to study proposals that their communities unite to work out a solution to their growing garbage and trash disposal problems.

The tank truck of the Newburg-Hopewell Fire Co. was badly damaged when it rolled onto its side while rounding a curve en route to a fire.

YORK COUNTY

York County Judge Walter I. Anderson appointed four boards of viewers to determine damages due property owners for land taken by the Department of Highways for construction of the Susquehanna expressway. Two other boards reported to the court Wednesday on other state condemnations.

The York City school board and city officials have agreed on a price of $45,000 which the city will pay for the Central School building which is no longer used for school purposes. The building, adjacent to the city hall, was appraised recently at $66,000.

Stockholders elected Charles I. Zeigler president of the York-Hoover Corp. He succeeds George T. Stone, member of the family which was long in control of the company. Stone, his father and brother did not win re-election to the board of directors.

FREDERICK COUNTY

Frederick's annual Halloween parade, sponsored this year for the first time by the Frederick Junior Chamber of Commerce, has been scheduled for 8 p.m., October 30. About $1,000 in prizes will be offered.

Russian Farm Really Gigantic Factory Where Workers Are Hounded To Top U.S. Standards

By BEVERLY DEEPE
Written for The Associated Press

They call it a farm. But it isn't. It is really a gigantic factory in which workers are continually hounded to meet American production standards.

More than 18,000 people work on a huge, 32,000-acre factory-farm east of Stalingrad that I visited as a member of the U.S.-U.S.S.R. student exchange program.

Their big objective, the director said, is to have each Russian produce more than the average individual American farmer.

"We have to look at the United States in this field and we have to take them on," he said. "By means of peaceful competition, we want to achieve the level of American agricultural production and then overtake this level."

Living Quarters Poor

"But," I asked, "what will you do with the surpluses after overtaking the U.S. farmer?"

The director laughed. "Ask the minister of agriculture," he replied.

Workers live in five haphazard little communities on the farm, mostly in four-room homes of wood or peeling stucco owned by the government. About 10 per cent live in state-owned apartment houses.

Kaskalen is one of the communities—a listless town where a white stucco Palace of Culture for nightly movies and dances is still under construction. There are no churches.

Part Of Acre To Farm

An Aqua Volga, resembling a 1955 Ford, rolled down the asphalt main street. But just outside the village, small donkey carts carried dusty men over dusty roads.

Women with smiling Oriental faces brought quart tins to the shops for their daily supply of milk.

The state owns the farm and pays the workers' wages. The farm meets the production quotas set by the state and sells any surplus to the state.

Each farmer has three quarters of an acre which the state lets him cultivate as he pleases. Each farmer also has permission to raise a few cattle.

6,000 Children

Otherwise, they are the human tools who operate the state's tractors, combines and other machinery for the benefit of the state.

There are 3,500 unskilled workers who cultivate the corn, harvest the grain, hoe the 3,000 acres of garden crops and plant the sugar beets on this one farm. They also tend the dairy cows, goats, horses, pigs—and 300 camels.

The farm has more than 6,000 children who attend various schools and the agricultural institute.

Before leaving, the director took us to the four-room, crumbling stucco home of a farm mechanic—described as "one of the professional people"—and his wife and three daughters.

Cold Weather Only

We entered a reception room where a rubber plant filled about a fourth of the space. There was also a settee covered with white muslin, a chiffonier, a short-wave radio and a vase of artificial flowers.

A rubber doll sat on the cardboard bed in the corner. The walls were decorated by a clock, a barometer and a painting of a watermelon done by the housewife.

The kitchen was about 9 by 15 feet. An aluminum pot was boiling on the single-burner, electric hotplate. There was a white-washed iron stove about four feet high and an enamel sink two feet wide with a single cold water tap.

Furnishings Simple

There was also a low cupboard with peeling wine-colored paint and a worn wine oilcloth. There were no windows.

The parents slept in a single-sized iron bed covered with a lace bedspread and needlepoint pillows. A foot-operated, treadle-type sewing machine stood near the window. Embroidered samplers decorated the walls.

The children's room contained two small beds. Brown and blue bedspreads decorated the walls. And in the corner, I saw a broken mirror.

SEE MODERATE FALL ADVANCE FOR BUSINESS

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Industrial leaders today are asking: How big a gain in business can we expect? Some brave ones are already answering.

If the turn in the economy means better sales prospects, they need to pinpoint the share they can expect and to set theproduction and marketing plans that will capture it.

Coast-to-coast telephone interviews today with leaders in key industries and some govednment spending experts show how the thinking is running.

Brighter For 1959

It adds up largely to a moderate to good advance this fall in durables and soft goods, with 1959 prospecis brighter. The interviews highlight a special marketing conference here of the American Management Assn.

Malcolm P. Ferguson, president of Bendix Aviation in Detroit, stresses the government's big role. He foresees "a four to five year period of defense expenditures substantially at the present rate and with increased emphasis on new weapons systems and research and development." But he looks for "little or no increase in the volume of procurement of so-called conventinal equipment and sft goods."

In this connection the Department of Commerce is just out with a prediction that procurement contracts to be signed by the Defense Department this fiscal year will reach 19 billion dollars, up a billion from last year.

"Decided Strength"

Robert S. Stevenson, president of Allis-Chalmers of West Allis, Wis., says "1958 is showing decided strength" in the farm equipment industry, which felt the recession ahead of most others, and is recovering sooner. A big help: farm income is 5 to 6 per cent ahead of 1957.

Arthur Rosenbaum, manager of the Economic Research Division of Sears, Roebuck of Chicago, thinks national retail sales of soft goods will be only 1 per cent higher this fall than last, but looks for a 4 to 5 per cent gain for next spring over the previous year's figures. Women's and children's apparel show a stronger sales trend than men's clothing. Retail competition is bolding down the pressures for price increases, he says.

A. B. Layton, president of Crown-Zellerbach of San Francisco, reports the paper industry operating around 85 per cent of capacity although production is only 3 per cent below the 1956 high. He says: "The excess capacity comes from substantial new facilities started several years ago in expectation of increasing growth, but completed amid a recession."

Tune In WGET 1450 On Your Dial

LIGONIER FOLK EXCITED TODAY

LIGONIER, Pa. (AP)—They're excited in this southwestern Pennsylvania community. President Eisenhower is coming Friday.

He'll speak briefly at ceremonies marking the 200th anniversary at Ft. Ligonier, a colonial military post erected by the British. His talk will have no major political or foreign policy aspect, according to the White Touse.

Eisenhower will look over the restored fort, speak at the close of a half-hour mid - afternoon ceremony and then pay a brief visit to the home of Richard K. Mellon, who financed restoration of Ft. Ligonier.

The President plans to fly from Washington National Airport to Johnstown, Pa., and then drive 28 miles to Ligonier, which is about 40 miles east of Pittsburgh.

After his visit with Mellon, Eisenhower will return to Johnstown for a late afternoon flight back to Washington.

PONCA CIT, Okla. (AP) — Ten - year - old Martha Harpster found that honesty pays — one-third in this instance. She found three $5 bills and turned them in to the police. The loser, Mrs. George Kreger, read about the incident in the Ponca City News and claimed the money. She gave Martha one of the fives as a reward.

BARR ANSWERS GOP CHARGE ON ALCOHOLICS

HARRISBURG (AP)—Joseph M Barr, state Democratic chairman, said today that Republicans acted "through ignorance or confusion" in criticizing Gov. Leader's administration for lack of alcoholic rehabilitation.

Barr referred to a speech made this week by Arthur T. McGonigle, Republican candidate for governor.

"The Republican-dominated Legislature systematically killed off at the last session Gov. Leader's proposal for a center for the treatment of chronic alcoholics and narcotics addicts," he said in a statement, adding:

"Another Promise"

"Now MxGonigle comes along with another campaign promise to set up alcoholic treatment centers with pious preachments about past neglect."

Barr charged, Democratic candidate for U.S. Senate, said the United States should lay the Quemoy dispute immediately before the United Nations in order to reduce the danger of full-scale war in the Far East.

"Let the Warsaw talks continue, for whatever good they may do," Leader said in a speech prepared for the National Convention of the International Union of Electrical Radio and Machine Workers at Philadelphia. "But let's not wait for the talks to break down before taking issue to the United Nations."

Genevieve Blatt, candidate for re-election as secretary of internal affairs, charged that the 1957 Legislature "cut and slashed without stopping to consider the effect" and crippled programs designed for the protection of their constituents.

LIGONIER FOLK EXCITED TODAY

LIGONIER, Pa. (AP)—They're excited in this southwestern Pennsylvania community. President Eisenhower is coming Friday.

He'll speak briefly at ceremonies marking the 200th anniversary at Ft. Ligonier, a colonial military post erected by the British. His talk will have no major political or foreign policy aspect, according to the White Touse.

Eisenhower will look over the restored fort, speak at the close of a half-hour mid - afternoon ceremony and then pay a brief visit to the home of Richard K. Mellon, who financed restoration of Ft. Ligonier.

The President plans to fly from Washington National Airport to Johnstown, Pa., and then drive 28 miles to Ligonier, which is about 40 miles east of Pittsburgh.

After his visit with Mellon, Eisenhower will return to Johnstown for a late afternoon flight back to Washington.

PONCA CIT, Okla. (AP) — Ten - year - old Martha Harpster found that honesty pays — one-third in this instance. She found three $5 bills and turned them in to the police. The loser, Mrs. George Kreger, read about the incident in the Ponca City News and claimed the money. She gave Martha one of the fives as a reward.

BARR ANSWERS GOP CHARGE ON ALCOHOLICS

HARRISBURG (AP)—Joseph M Barr, state Democratic chairman, said today that Republicans acted "through ignorance or confusion" in criticizing Gov. Leader's administration for lack of alcoholic rehabilitation.

Barr referred to a speech made this week by Arthur T. McGonigle, Republican candidate for governor.

"The Republican-dominated Legislature systematically killed off at the last session Gov. Leader's proposal for a center for the treatment of chronic alcoholics and narcotics addicts," he said in a statement, adding:

"Another Promise"

"Now MxGonigle comes along with another campaign promise to set up alcoholic treatment centers with pious preachments about past neglect."

Barr charged, Democratic candidate for U.S. Senate, said the United States should lay the Quemoy dispute immediately before the United Nations in order to reduce the danger of full-scale war in the Far East.

"Let the Warsaw talks continue, for whatever good they may do," Leader said in a speech prepared for the National Convention of the International Union of Electrical Radio and Machine Workers at Philadelphia. "But let's not wait for the talks to break down before taking issue to the United Nations."

Genevieve Blatt, candidate for re-election as secretary of internal affairs, charged that the 1957 Legislature "cut and slashed without stopping to consider the effect" and crippled programs designed for the protection of their constituents.

U. S. RACKS UP DREARY VICTORY IN OLD DEBATE ON RED CHINA

By WILLIAM L. RYAN
Associated Press News Analyst

Washington has racked up another dreary victory—if it can be called victory—in another round of a tired old debate.

With significantly less majority than it enjoyed previously, the United States has managed to shelve the issue of Red China's United Nations representation for another Assembly session.

The debate did little to enhance American world standing. But there was one feature in it which should not pass unnoticed.

Has Hurt U. S. Policy

The representation issue has already hurt American policy so much that the State Department may be wondering if there ever will be a face-saving way to put aside the issue for good.

Peiping probably genuinely wants a U.N. seat. It's questionable, however, that this is what the Russians want for Peiping. Red China has done more harm to U.S. policy outside the U.N. than she could hope to do inside.

Therein may be a clue to the odd feature of the debate. This concerned the Soviet performance Tuesday in that cataract of earnest platitudes.

Our Friends Silent

America's friends were mostly silent. On the other side, neutralist nations carried the ball for Red China's claim. They are genuinely interested in solving a situation carrying a terrible threat for the Asian Continent. Asian representatives concentrated on the issue under discussion, avoiding the Communist chorus of violent accusations against the United States.

The Soviet delegation, when it came to Red China's membership bid, put on a strangely perfunctory performance. It was almost as if the Soviets weren't really interested in that aspect. Foreign Minister Gromyko dutifully repeated the words expected of him: that Peiping was the real representative of the Chinese people Apart from that, he all but ignored the membership question.

But when he came to the Formosa question, Gromyko rolled up his sleeves and went to work with gusto, spilling out a catalogue of abuse intended to picture the United States as an imminent threat to Asian peace. The debate was a convenient mallet for beating the U. S. State Department over the head The bludgeon was fashioned not from the U N. membership issue, but from the notion that the United States was an aggressor occupying the territory — Formosa and the Pescadores—of an Asian country, that it teeters on the brink of war

Patient Soviet Campaign

This fits in with the patient Soviet campaigns to split the United States from its allies and immunize neuralist states against Western influence Indeed, the performance could justify a suspicion Moscow is pleased with the existing situation—just so long as it doesn't blow up into a shooting scrape involving Russians

To carry the suspicion another step: Moscow might well be dismayed if there were any real chance Red China would be seated in the U N.

Moscow propaganda chortles frequently that U.S. Far East policy is in a sealed box. What could suit Soviet purposes better? Washington is stuck with a Nationalist regime on Formosa which many of America's friends consider discredited. The United States cannot retreat from its policy under pressure. Yet the policy is one which can be turned into a war threat whenever the Communists choose to push the button.

Reasonable Period

In his book "War or Peace," published in 1950 when he was Republican foreign policy adviser to the Truman administration, Secretary Dulles wrote: "If the Communist government in China in fact proves its ability to govern China without serious domestic resistance, then it too should be admitted to the United Nations. However, a regime that claims to have become the government of a country through civil war should not be recognized until it has been tested over a reasonable period of time "

If the Russians have their way, the test period may never end.

DENIES LEADER ACCUSATION

MANHEIM, Pa. (AP) — Arthur T. McGonigle, Republican candidate for governor, took issue Wednesday with statements by Gov. George M. Leader that McGonigle appeared to rejoice openly at President Eisenhower's veto of the distressed areas bill.

In a swing through Lancaster County, McGonigle said such statements were "typical of the deceit and misinformation the Democratic candidates now find it necessary to employ "

Leader, seeking election to the U.S. Senate, made the charge at a political rally in Bedford.

Leader "Ignorant"

Philadelphia Congressman Hugh Scott, Leader's GOP opponent for the Senate, was in Pittsburgh Wednesday.

He said Leader was ignorant of foreign affairs and knew nothing about federal taxes.

"Yet," Scott said, "he is brazenly asking the voters of Pennsylvania to elect him to the U.S. Senate with no more to recommend him than four years as the worst governor in our history."

RAILROADING TIME

PORTSMOUTH, Va. (AP) — Five Jarrett brothers here think they have a railroading record. Collectively, the brothers Curtis, Lyman, Ray, Henry and W. J., are 300 years old and they have spent 230 of those years working for the Seaboard Air Line Railroad.

DISPUTE PLAN OF TV PREVIEWS FOR CRITICISM

By CHARLES MERCER

NEW YORK (AP)—In a preview of "Harvey" last Monday I expressed some reservation over the wisdom of critics judging a TV show on the basis of a dress rehearsal before the public has seen the final version.

Herewith I withdraw that reservation. My reason for changing my mind is basically this: Everyone in the viewing audience with whom I've discussed the matter likes the idea of reading a critics's impressions before viewing an important TV show.

"You can't positively make up my mind as to whether a show is good or bad before I've seen it," said one man. "But you can give me something to think about before I see a show. If nothing else, you can make me think how foolish your judgment is."

Critics Don't Like Idea

The reason for bringing this case to public court is ironic. It appears that a majority of TV critics, both in and out of New York, don't like the idea. And it appears that their griping is in danger of causing the overly sensitive networks to ban further previews of live television shows.

It now seems probable that last Sunday's episode, in which the sponsor of the season's first "Du Pont Show of the Month" invited critics to publish their opinions of a New York dress rehearsal of "Harvey," will be called a failure. Unless more people applaud this fine experiment, it's not likely to be repeated.

The basic reason why critics out of New York don't like previews seems to be that they feel the practice gives unfair advantage to critics in New York. I don't follow this. If their newspapers wish, they can ignore previews or publish the preview of a syndicated New York critic and follow it up with the local critics' reviews.

Critical Sorority

But the greatest irony of the preview pooh-bah is that the experiment may have been destroyed by an element of the New York TV critics—the female element. I knew positively that there was not a New York TV critical fraternity, but until last weekend I hadn't realized there was a sorority.

In general the girls attacked the idea of previews with hatpins and etched their impressions in blood.

Let's hope that sensitivity does not run so high at CBS that a complaint can destroy a significant innovation in television programming and reviewing.

Many herbs and spices come both whole and ground; amont these are thyme, tarragon, savory, saffron, peppercorns, oregano, nutmeg, mustard.

DEATHS

By THE ASSOCIATED PRESS

NEW YORK (AP)—R. Stanley Dollar, 78, Dollar Steamship Line president, died Wednesday of a heart attack. He established the line's round-the-world service in 1924. He was a native of Bracebridge, Ont.

SKILLET CHICKEN WITH TOMATOES AND GREEN PEPPERS

Ingredients: 1 broiler-fryer (about 2½ pounds ready-to-cook weight), ¼ cup flour, 1¼ teaspoons salt, ⅛ teaspoon pepper, ¾ teaspoon garlic salt, ¼ teaspoon paprika, 2 tablespoons olive oil, 2 tablespoons peanut oil, 8 scallions (green onions) cut in 1-inch lengths, 3 medium-sized tomatoes (each cut into quarters), extra salt, ½ teaspoon sugar, 2 large green peppers (seeded and each cut into 8 strips.)

Method: Have chicken cut into 10 pieces, reserve giblets for stock for another dish. Wash and dry chicken. Mix flour, salt, pepper, garlic salt and paprika in a paper bag; add chicken; close bag tightly and shake chicken in flour mixture until well coated. Heat oils in 12-inch skillet; add chicken and brown on both sides over moderate heat. Add scallions. Sprinkle tomatoes generously with extra salt and the sugar; add to skillet with green peppers. Cover tightly and simmer until chicken is cooked through — 15 to 20 minutes. Makes 4 servings.

QUICK ANSWER

POTTSVILLE, Pa. (AP) — Young Francis Davis was filled with pride at his first test of responsibility — mailing a letter for Mommy. But nobody told him about mail boxes and fire alarm boxes.

When he couldn't find a slot to insert a letter in the big box on the pole, the 5-year-old tried pulling the lever on the box He was stil trying minutes later when nine Pottsville fire trucks, sirens screaming, arrived.

A LONG WAIT

HONOLULU (AP) — A former member of the Army's 27th Infantry asked the commanding officer for reimbursement for a trip he made from Manila to San Francisco.

The Army checked its records and found the claim was accurate. Sure enough, the man had been with the unit.

The trip was made in 1904.

Adams Officiates At Ceremony

Emmitsburg

EMMITSBURG — The PTA of the Emmitsburg High School held its first meeting of the 1958-1959 year Wednesday evening at 8 o'clock. All classrooms were open for inspection.

Mrs. R J. Conlon, Washington, D. C., visited over the weekend with Miss Louise Sebold and Mrs. James Alvey.

Mrs. Charles B. Shorb and children, Pat, Lynn and Kerry, and Thomas Vaughn visited in Frederick on Friday.

Mr. and Mrs. Hanky and family, Harrisburg, visited Sunday with Mrs. Hanky's father, Robert Burdner, and her sister, Dolores.

Mr. and Mrs Earl Gelwicks and children visited in Frederick on Friday.

Visitors Sunday at the home of Mr. and Mrs. Edward Rosensteel, DePaul St were Mary, Louis and Joseph O'Toole, all of Thurmont.

Mr and Mrs. Joseph Fitzgerald and family, formerly of Thurmont, moved recently to a property on the Gettysburg Rd

Gregory Washabaugh, Annandale, Va., visited Sunday with Mrs. Bessie Humerick He was accompanied home by Mrs. Humerick who will visit at the Washabaugh's residence for a few weeks.

Fall Rally Day will be observed in the Lutheran Church on Sunday.

Events Saturday

A turkey and oyster supper will be held in the Rocky Ridge Fire Hall Saturday evening with servings starting at 4 p.m. The supper, which will be served family style, is for the benefit of the Rocky Ridge Volunteer Fire Co.

The St Joseph College Alumnae Association annual card party for the benefit of the college will be held Saturday at 1:30 p.m. in the student center. Proceeds will be added to the Sesquicentennial development fund.

The fashion show this year in conjunction with the card party will feature hats only, so that more time can be devoted to the card playing. Bell's in Frederick will furnish the hats.

Mr. and Mrs. Ellis Rohrbaugh and daughters, of Fairfield, visited Saturday evening with Mrs. Rohrbaugh's parents, Mr. and Mrs Grant Long.

The 7 a.m. service Sunday in St Joseph's Catholic Church will be a communion mass for the Rosary and Altar Society.

Club To Give Plants

The Silver Fancy Garden Club met recently at Clairvaux, the home of Mrs Marie Rial, Emmitsburg. Mrs. F. M. Butler presided.

The club decided to contribute plants again this year to the elementary schools of Emmitsburg, Taneytown and Littlestown and to have these schools supplied by the middle of October

Following the business meeting the program for the afternoon was a practice setting of "An Italian Buffet" table that the club has chosen for its entry in the Federated Garden Clubs show in Hagerstown September 30.

Co-hostesses were Mrs. E. L. Annan and Mrs. Andrew Eyster. Miss Annabel Hartman was in charge of the punch bowl.

The infant daughter of Mr. and Mrs. Robert G. Wantz was baptized Sunday in St. Joseph's Catholic Church. Mr. and Mrs. Joseph Knott were godparents for the child who received the name Joan Lee Wantz. The Rev. Father Twomey officiated.

John M. Fuss has returned to Philadelphia after spending two weeks at his home along the Harney Rd.

The Emmitsburg Homemakers Club will meet Thursday at 1:30 p.m. at the home of Mrs. J. Ward Kerrigan.

FAMILY STUDENTS

YELLOW SPRINGS, Ohio (AP) — Some youngsters here have had a chance to see how well Mom and Pop do in school. The Adult Center at Antioch College gave courses in science and French for families to take together as a group.

The age difference didn't create too many problems, says Dr. Oliver Loud, professor of physical sciences, who adds:

"On the whole, the parents kept up pretty well with the children."

The Detroit Tigers will operate their second baseball school at Tigertown in Lakeland, Fla., from Jan. 30 through Feb. 12, 1959.

ROUGH STUFF FOR TALLULAH

NEW YORK (AP) — A "macabre comedy" entitled "Crazy October" has lured Tallulah Bankhead as her next Broadway vehicle.

The playwright, James Leo Herlihy, said he only realized after completing the script how the central role might suit Miss Bankhead.

A partial description of the focal distaff assignment is "a steam engine of a woman. Once her eyes draw a bead on you, they hold it — until you back down . . . Her speech too, has the melody of a machine gun with a Southern accent."

Tune In WGET 1450 On Your Dial

MILWAUKEE (AP) — A local brewery distributes to guests at its hospitality room a card asking the visitor if he dislikes anything about the tavern he usually patronizes.

"Yes," wrote one guest, "it's too noisy."

The card does not ask for names, but seeks occupations.

This man wrote, "Mortician."

SAYS QUEOMY BEATS CRITICAL SUPPLY WORRY

By FORREST EDWARDS

QUEMOY (AP) — Col. Douglas Lane, chief U.S. military adviser on Quemoy, said today this shell-blasted Nationalist Chinese island fortress is licking a critical supply problem.

"Everyone is still worried about the supply situation, but supplies are getting in," Lane told newsmen.

"Progress is being made every day with every supply mission. There has been a lot of progress, but that does not mean there is not room for much more progress."

How much is being landed by ship or airdropped on the yellow sand beaches was kept secret.

Land Supplies Today

But supplies are being landed almost daily on both this island and Little Quemoy. More than 100 parachutes with supplies attached were sighted two mornings in a row by newsmen this week on one small beach area after successful night drops.

In a separate news conference, Lt. Gen. Ko Yueng-fen, deputy commandr of the Nationalist garrison, admitted Quemoy's defenders had to dip into war reserves earlier this month when the Red artillery blockade shut off all imports.

But Ko said the reserves are now being built up again.

Lane, from Maysville, Okla., told reporters the Nationalists under present conditions could turn back any invasion attempt.

Morale of the defenders is excellent and morale of the American advisers could not be better, he said.

BY VIVIAN BROWN

Summer is the season when blind dates thrive, when romantic mountain and beach belles expect to meet their heroes in some unexpected place — emerging suntanned from the briny deep, in the moonlit glow of a garden party, or even in an air-conditioned movie.

The girl who accepts a blind date should be aware of the importance of the social amenities involved. . .

1. The boy should not be a friend of a friend of a friend. The person who recommends a blind date should be someone of responsible character — parent of a friend, a relative, respected teacher. It is the duty of that person to know the blind date well.

2. There should be others present on the date. Another couple who have known each other for a long time or dated many times before is a safe bet.

No Obligations

3. ou have no obligation to the blind date, no matter who has made the introduction. If he is surly, a speed-demon, a parking problem, boorish or a bore, it is your privilege to cut the evening short. Give him the brush-off just as you would any other date. Aunt Myrtle may be a good friend of his mother, but that doesn't always give a clue. A doting mother can make a son sound like Prince Charming to willing listeners.

4. When a blind date is suggested to you it is a good idea to ask the age of the boy, and get some information about his background. If he is out of your sphere as far as mutual interests go, it is better not to accept the date. (For example: You hate sailing, and he owns a boat, and all he lives for is a day on the water. If the date is to be for a sail, don't think that by accepting it you can change his mind at the last minute.)

Good Idea

5. It's a good idea not to seek a blind date or act too eager about one that someone is making for you. In the worst possible taste is the telephone call from a girl to a boy discussing a proposed blind date. The boy and girl should be properly introduced by the person who is the go-between.

It is true that one can be pretty lonely at a summer resort, responding invitingly to an anonymous note or phone call, prompted by the same loneliness on the part of the male. Sometimes if the suggestion is made that the boy find a mutual friend for purposes of introduction, there is no harm in accepting the date. It is folly, however, to accept a date over the phone from a stranger to meet in a restaurant, theater, hotel lobby or other public place or to go for a drive in his car.

TIZI-OUZOU, Algeria (AP) — French Army soldiers barred all roads around this Algerian mountain town Tuesday, imposing a virtual 24-hour daily curfew before France's important constitutional referendum.

Steel-helmeted troops manned roadblocks on the outskirts of every fortified town and village in the Grande Kabylie area, one of the strongholds of the rebellion against French rule.

Gen. Jacques Faure, who commands the zone, said he issued the order to prevent the population from carrying out rebel orders to desert the villages in order to avoid voting. The referendum begins Friday in Algeria and continues for three days.

Pentagon Believes Nationalist Chinese Strong Enough To Repel Red Chinese Invasion Quemoy

By WARREN ROGERS JR.

WASHINGTON (AP) — The top-level Pentagon estimate today is that Nationalist China is strong enough to throw back any Red Chinese invasion attempt against Quemoy without help from U.S. combat forces.

Conversely, the Pentagon believes there is no certainty that Nationalist aircraft could knock out Red guns on the China mainland if they tried.

This official assessment was based on present circumstances. Authorities said it could change if any of the factors changed—for example, if Red China went all out to conquer Quemoy without regard to frightful military losses or the danger of touching off a nuclear war.

Gloom Lifting

The estimate became known as the gloom pervading the Formosa Strait crisis for a month appeared to be lifting somewhat.

Here were some of the hopeful signs, although officials freely conceded that the crisis was far from over and that Red China could upset the situation by a reckless act:

1. The Nationalist government on Formosa announced the Red blockade of the offshore Quemoys was broken. U. S. officials were not quite that enthusiastic. They said Quemoy needs 400 tons of supplies a day and not that much is yet getting through the artillery-raked beaches. Still, the drain on Quemoy's well-stocked reserves was lessened. So was the Nationalist pressure to attack the mainland-based guns which imposed the blockade.

10 Red Jets Down

2. The Nationalists claimed 32 of their jets, without losses, shot down 10 and possibly six more out of 100 Communist jets in aerial combat over the strait. This was hailed as another demonstration of Nationalist air superiority.

3. With the United Nations having postponed for another year any action on seating Red China, there was hope Red China might now ease up on its troublemaking in the strait. This hope was founded on belief that Peiping's new threats to Quemoy were designed, in major part at least, to grab attention for its U.N. bid.

The U.S.-Red China ambassadorial talks at Warsaw, meanwhile, were scheduled to go into their fourth session today. Ambassadors Jacob Beam and Wang Ping-nan seemed no closer to agreement on safeguarding Far East peace. Beam was reported still demanding a cease-fire, with Wang holding out for complete U.S. withdrawal from the Formosa area.

Adds Up To Impasse

Pentagon figures on relative Nationalist and Communist Chinese military strength in the embattled area showed a balance that just about added up to an impasse.

They included about 80,000 Nationalist soldiers dug in on the seemingly impregnable defenses on Quemoy, and about 85,000 Red soldiers and fairly ineffectual naval forces in the area facing Quemoy. It is a military axiom that any attacking force, especially over water, should outnumber the defenders by two or three to one.

2 CANDIDATES TO MEET PRESS

HARRISBURG (AP) — The two major gubernatorial candidates—Democrat David L. Lawrence and Republican Arthur T. McGonigle—will meet newspaper publishers in special press conferences at Pittsburgh Oct. 11.

The give-and-take between the candidates and newspaper executives will be a feature of the 34th annual convention of the Pennsylvania Newspaper Publishers Ass. Oct. 9-11.

McGonigle and Lawrence will meet with the newspapermen in separate sessions Saturday morning in a hotel ballroom. The special conference will be open to the working press as well as to convention delegates.

The Republican and Democratic candidates for the Pennsylvania governorship are appearing at the convention at the invitation of PNPA President David M. Turner, co-publisher of the Towanda Daily Review.

The three-day convention opens Thursday afternoon with committee meetings and concludes saturday evening with a banquet featuring an address by Secretary of Interior Fred A. Seaton.

DEVOTED WORKER

BISBEE, Ariz. (AP) — Mike Burgos likes his job as a pressman at the Bisbee Daily Review.

He was stricken with appendicitis and emergency surgery was ordered. He refused to go into the operating room until doctors had telephoned the paper and promised Mike he could have a few days off.

After the operation, the 18-year-old pressman tried to crawl out of bed, explaining, "I gotta get dressed and get back to work."

The POWER of FAITH

by Howard Brodie

Paralyzed at the height of his missionary career in China, Bishop Samuel Schereschewsky with the loving care of his wife went on to do the most important work of his life. Suffering sunstroke at 50, he lost the use of his arms and legs. Doctors doubted that he would be capable of any sustained mental effort. His wife nursed him, believing "As thy days so shall thy strength be."

For the remaining 25 years of his life, he was carried up stairs or lifted into chair or bed. Yet, with one usable, calloused finger, or grasping a stick, he typed a translation of the Bible into Chinese, working eight hours a day, every day, for eight years, believing "God had called me to it and had especially prepared and fitted me for it." His life was active until death. Bishop Schereschewsky and his wife were buried side by side under one cross.

CHIVALROUS GESTURE

Bulls And Bears Have Ups And Downs In News Today

By THE ASSOCIATED PRESS

Bulls and bears—definitely not the stock market variety — had their uls and downs on the news front Wednesday.

At Princeton, Mo., a hopped-up Hereford bull, breaking out of a barn, invaded playgrounds of a junior high and an elementary school during recess. At the junior high, about 160 pupils made like rabbits into the schoolhouse. Mrs. Jewel Hagan, a teacher, providing rear guard action, was charged by Mr. Bull. She climbed a fence to safety.

At the elementary school nearby the bull charged Mrs. Jessie Alley, a teacher. She dodged and escaped. It butted 10-year-old Maureen David from a swing, but fell down. Maureen and her classmates fled. Livestock handlers finally corralled the bull.

Still Up A Tree

At Buena Vista, Colo., a big black bear ambled down out of the mountains. After munching on some apples in an orchard, it climbed into a cottonwood tree and relaxed. A crowd gathered.

Game Warden A. C. Jordan tried to coax the bear to come down. Honeyed phrases were no use. The bear wouldn't budge. The townsfolk protested when Jordan figured he'd have to shoot the animal, so he put away his gun.

At last report brother Bear still was sprawled in the big tree, blinking curiously at the two-legged characters gathered beneath him.

Bull Moose Day

At South Portland, Maine, it was Bull Moose Day. The 900-pound creature was grazing peacefully in a swampy area when he was suddenly surrounded by police, photographers and hundreds of curious residents.

This went on for several hours and the big-antlered moose couldn't take it. He thundered across main streets and through back yards. Finally a steel fence was in his way. He charged full tilt. The fence didn't budge and the moose was all shook up. He surrendered meekly to a veterinarian, who gave him what he needed—a tranquilizer.

Last heard from, the mixed up moose was living it up on a pink cloud—but behind the bars of the state game farm.

Curtains For Bear

At Duluth, Minn., a honey-loving bear came to grief near the home of a beekeeper whose hives had lured the animal into a residential district.

Residents spotted the bear several times, opened fire, but had no luck. As darkness came, somebody decided to string a line of light bulbs from a garage to a field. Lookouts were posted. When the bear appeared, the lights went up, some shots rang out, and it was curtains for the bear.

REVIVE LAMPOON

NEW YORK (AP) — "Captain Applejack" a farce that enjoyed notable success during the 1921-'22 Broadway season, is being readied for a return to the White Way in musical guise.

The Walter Hackett lampoon concerning cops and robbers is being transformed under the aegis of Jonathan Edwards, director of the American Academy of Dramatic Arts, and Halroy Productions.

Edwards is doing the book, with Shura Dvorine preparing the score and Bert Pollock the lyrics.

SEE INCREASED TENSIONS

CHICAGO (AP) — Tensions are increasing between representatives of old-line established churches and newly-formed Christian congregations in Asia and Africa, missionaries reported at a University of Chicago seminar. But, they added, the new churches still need help from abroad.

WALKOUTS AS AUTO TALKS RESUME TODAY

DETROIT (AP) — General Motors just five days away from a strike deadline, and Chrysler headed back into contract talks with the United Auto Workers today against a backdrop of crippling wildcat walkouts.

GM flatly labeled the walkouts part of a master plan being directed by UAW leaders in Detroit to bring pressure to bear in the contract negotiations.

Chrysler hinted at a similar sentiment, saying he "timing and extent of these walkouts clearly indicates that they are not all sponaneous affairs over local issues."

The union said the strikes grew out of what it called the companies' refusal to negotiate local grievances. It publicly asked its members in GM and Chrysler plants to stay on their jobs.

More than 57,000 workers in plants across the country were idled—32,000 on GM plants, 14,000 in Chrysler plants and 11,300 in Ford plants.

GM has 250,000 UAW employes, Ford 98,000 and Chrysler 70,000.

TO PLAY LONDON

NEW YORK (AP) — Eileen Heckart, who gathered new laurels with her portrayal of a distraught wife in "The Dark At The Top Of The Stairs," current Broadway hit, has been tapped to repeat the role in the proposed London production.

ABSTINENCE ENDORSED

GREENCASTLE, Ind. (AP) — Methodist youths, at a national conference here, affirmed their church's "basic non-drinking position," but said the individual should not be bound by "legal moralisms."

They added in a resolution: "The campus community should maintain an atmosphere where drinkers and non-drinkers do not judge but rather mutually demonstrate acceptance of each other."

DESIGNER TURNS PRODUCER

NEW YORK (AP) — Virginia Volland, costume designer for such Broadway hits as "Two For The Seesaw" and "Sunrise At Campobello" is going into the management side of show business. She has acquired "Mother's Day," a comedy, for future production.

Pentagon Believes Nationalist Chinese Strong Enough To Repel Red Chinese Invasion Quemoy

By WARREN ROGERS JR.

WASHINGTON (AP) — The top-level Pentagon estimate today is that Nationalist China is strong enough to throw back any Red Chinese invasion attempt against Quemoy without help from U.S. combat forces.

Conversely, the Pentagon believes there is no certainty that Nationalist aircraft could knock out Red guns on the China mainland if they tried.

This official assessment was based on present circumstances. Authorities said it could change if any of the factors changed—for example, if Red China went all out to conquer Quemoy without regard to frightful military losses or the danger of touching off a nuclear war.

Gloom Lifting

The estimate became known as the gloom pervading the Formosa Strait crisis for a month appeared to be lifting somewhat.

Here were some of the hopeful signs, although officials freely conceded that the crisis was far from over and that Red China could upset the situation by a reckless act:

1. The Nationalist government on Formosa announced the Red blockade of the offshore Quemoys was broken. U. S. officials were not quite that enthusiastic. They said Quemoy needs 400 tons of supplies a day and not that much is yet getting through the artillery-raked beaches. Still, the drain on Quemoy's well-stocked reserves was lessened. So was the Nationalist pressure to attack the mainland-based guns which imposed the blockade.

10 Red Jets Down

2. The Nationalists claimed 32 of their jets, without losses, shot down 10 and possibly six more out of 100 Communist jets in aerial combat over the strait. This was hailed as another demonstration of Nationalist air superiority.

3. With the United Nations having postponed for another year any action on seating Red China, there was hope Red China might now ease up on its troublemaking in the strait. This hope was founded on belief that Peiping's new threats to Quemoy were designed, in major part at least, to grab attention for its U.N. bid.

The U.S.-Red China ambassadorial talks at Warsaw, meanwhile, were scheduled to go into their fourth session today Ambassadors Jacob Beam and Wang Ping-nan seemed no closer to agreement on safeguarding Far East peace. Beam was reported still demanding a cease-fire, with Wang holding out for complete U.S. withdrawal from the Formosa area.

Adds Up To Impasse

Pentagon figures on relative Nationalist and Communist Chinese military strength in the embattled area showed a balance that just about added up to an impasse.

They included about 80,000 Nationalist soldiers dug in on the seemingly impregnable defenses on Quemoy, and about 85,000 Red soldiers and fairly ineffectual naval forces in the area facing Quemoy. It is a military axiom that any attacking force, especially over water, should outnumber the defenders by two or three to one.

2 CANDIDATES TO MEET PRESS

HARRISBURG (AP) — The two major gubernatorial candidates—Democrat David L. Lawrence and Republican Arthur T. McGonigle—will meet newspaper publishers in special press conferences at Pittsburgh Oct. 11.

The give-and-take between the candidates and newspaper executives will be a feature of the 34th annual convention of the Pennsylvania Newspaper Publishers Ass. Oct. 9-11.

McGonigle and Lawrence will meet with the newspapermen in separate sessions Saturday morning in a hotel ballroom. The special conference will be open to the working press as well as to convention delegates.

The Republican and Democratic candidates for the Pennsylvania governorship are appearing at the convention at the invitation of PNPA President David M. Turner, co-publisher of the Towanda Daily Review.

The three-day convention opens Thursday afternoon with committee meetings and concludes saturday evening with a banquet featuring an address by Secretary of Interior Fred A. Seaton.

DEVOTED WORKER

BISBEE, Ariz. (AP) — Mike Burgos likes his job as a pressman at the Bisbee Daily Review.

He was stricken with appendicitis and emergency surgery was ordered. He refused to go into the operating room until doctors had telephoned the paper and promised Mike he could have a few days off.

After the operation, the 18-year-old pressman tried to crawl out of bed, explaining, "I gotta get dressed and get back to work."

The POWER of FAITH

by Howard Brodie

Paralyzed at the height of his missionary career in China, Bishop Samuel Schereschewsky with the loving care of his wife went on to do the most important work of his life. Suffering sunstroke at 50, he lost the use of his arms and legs. Doctors doubted that he would be capable of any sustained mental effort. His wife nursed him, believing "As thy days so shall thy strength be."

For the remaining 25 years of his life, he was carried up stairs or lifted into chair or bed. Yet, with one usable, calloused finger, or grasping a stick, he typed a translation of the Bible into Chinese, working eight hours a day, every day, for eight years, believing "God had called me to it and had especially prepared and fitted me for it." His life was active until death. Bishop Schereschewsky and his wife were buried side by side under one cross.

CHIVALROUS GESTURE

NEW YORK (AP) — In a chivalrous gesture, to the women, the Lilly Endowment Inc. has made a grant of $6,000 to help cover travel expenses of foreign delegates coming to Denver, Colo., next October 27 for the United Church Women's national assembly.

Bulls And Bears Have Ups And Downs In News Today

By THE ASSOCIATED PRESS

Bulls and bears—definitely not the stock market variety — had their uls and downs on the news front Wednesday.

At Princeton, Mo., a hopped-up Hereford bull, breaking out of a barn, invaded playgrounds of a junior high and an elementary school during recess. At the junior high, about 160 pupils made like rabbits into the schoolhouse. Mrs. Jewel Hagan, a teacher, providing rear guard action, was charged by Mr. Bull. She climbed a fence to safety.

At the elementary school nearby the bull charged Mrs. Jessie Alley, a teacher. She dodged and escaped. It butted 10-year-old Maureen David from a swing, but fell down. Maureen and her classmates fled. Livestock handlers finally corralled the bull.

Still Up A Tree

At Buena Vista, Colo., a big black bear ambled down out of the mountains. After munching on some apples in an orchard, it climbed into a cottonwood tree and relaxed. A crowd gathered.

Game Warden A. C. Jordan tried to coax the bear to come down. Honeyed phrases were no use. The bear wouldn't budge. The townsfolk protested when Jordan figured he'd have to shoot the animal, so he put away his gun.

At last report brother Bear still was sprawled in the big tree, blinking curiously at the two-legged characters gathered beneath him.

Bull Moose Day

At South Portland, Maine, it was Bull Moose Day. The 900-pound creature was grazing peacefully in a swampy area when he was suddenly surrounded by police, photographers and hundreds of curious residents.

This went on for several hours and the big-antlered moose couldn't take it. He thundered across main streets and through back yards. Finally a steel fence was in his way. He charged full tilt. The fence didn't budge and the moose was all shook up. He surrendered meekly to a veterinarian, who gave him what he needed—a tranquilizer.

Last heard from, the mixed up moose was living it up on a pink cloud—but behind the bars of the state game farm.

Curtains For Bear

At Duluth, Minn., a honey-loving bear came to grief near the home of a beekeeper whose hives had lured the animal into a residential district.

Residents spotted the bear several times, opened fire, but had no luck. As darkness came, somebody decided to string a line of light bulbs from a garage to a field. Lookouts were posted. When the bear appeared, the lights went up, some shots rang out, and it was curtains for the bear.

REVIVE LAMPOON

NEW YORK (AP) — "Captain Applejack" a farce that enjoyed notable success during the 1921-'22 Broadway season, is being readied for a return to the White Way in musical guise.

The Walter Hackett lampoon concerning cops and robbers is being transformed under the aegis of Jonathan Edwards, director of the American Academy of Dramatic Arts, and Halroy Productions.

Edwards is doing the book, with Shura Dvorine preparing the score and Bert Pollock the lyrics.

SEE INCREASED TENSIONS

CHICAGO (AP) — Tensions are increasing between representatives of old-line established churches and newly-formed Christian congregations in Asia and Africa, missionaries reported at a University of Chicago seminar. But, they added, the new churches still need help from abroad.

WALKOUTS AS AUTO TALKS RESUME TODAY

DETROIT (AP) — General Motors just five days away from a strike deadline, and Chrysler headed back into contract talks with the United Auto Workers today against a backdrop of crippling wildcat walkouts.

GM flatly labeled the walkouts part of a master plan being directed by UAW leaders in Detroit to bring pressure to bear in the contract negotiations.

Chrysler hinted at a similar sentiment, saying he "timing and extent of these walkouts clearly indicates that they are not all sponaneous affairs over local issues."

The union said the strikes grew out of what it called the companies' refusal to negotiate local grievances. It publicly asked its members in GM and Chrysler plants to stay on their jobs.

More than 57,000 workers in plants across the country were idled—32,000 on GM plants, 14,000 in Chrysler plants and 11,300 in Ford plants.

GM has 250,000 UAW employes, Ford 98,000 and Chrysler 70,000.

TO PLAY LONDON

NEW YORK (AP) — Eileen Heckart, who gathered new laurels with her portrayal of a distraught wife in "The Dark At The Top Of The Stairs," current Broadway hit, has been tapped to repeat the role in the proposed London production.

ABSTINENCE ENDORSED

GREENCASTLE, Ind. (AP) — Methodist youths, at a national conference here, affirmed their church's "basic non-drinking position," but said the individual should not be bound by "legal moralisms."

They added in a resolution: "The campus community should maintain an atmosphere where drinkers and non-drinkers do not judge but rather mutually demonstrate acceptance of each other."

DESIGNER TURNS PRODUCER

NEW YORK (AP) — Virginia Volland, costume designer for such Broadway hits as "Two For The Seesaw" and "Sunrise At Campobello" is going into the management side of show business. She has acquired "Mother's Day," a comedy, for future production.

PUMP PATENT KEY IN TRIAL

LEWISBURG, Pa. (AP)— The value of a pump patent appeared today to be one of the main points sofar in the trial of three men charged with conspiring to defraud the U.S. Government.

Charged in the case are Col. Ralph E. Brownfield, Kansas City, former deputy commander of Olmsted Air Force Base at Middletown, near Harrisburg. Col. Charles F. Burley, Dayton, Ohio, former officer in charge of procurement at the base, and Robert F. McNett, president of Royal Electric Inc., Dayton.

Abraham C. Olson, former executive vice president of Royal Electric and presently a civilian employe at Wright - Patterson Air Force Base, testified Wednesday that McNett said purchase of the pump from Brownfield "would create a better friendship and would help him (McNett) get business for Royal Electric."

Gen. Kenneth E. Wolfe of Asheville, N.C., who retired from service and became president and general manager of Oerlicon Tool Arms Corp. in Asheville, later testified that the pump appealed to him and that he felt the design had potentialities.

BOMBER'S PEW

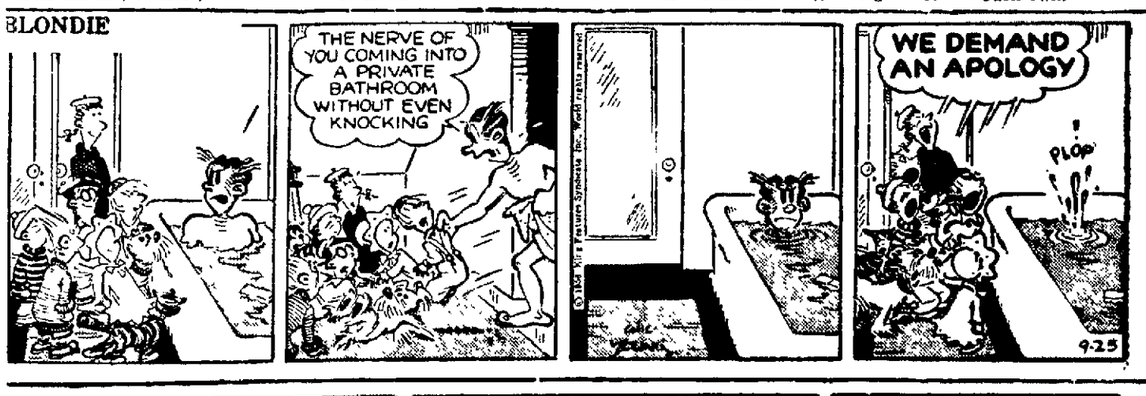

GOGONA, Solomon Islands (AP) — A pilot's seat from an American bomber which crashed here in World War II is being used as a pew in a Seventh-day Adventist Church here. It's occupied by a village chief. A family from another village is living in the body of the plane.

PUMP PATENT KEY IN TRIAL

LEWISBURG, Pa. (AP)— The value of a pump patent appeared today to be one of the main points sofar in the trial of three men charged with conspiring to defraud the U.S. Government.

Charged in the case are Col. Ralph E. Brownfield, Kansas City, former deputy commander of Olmsted Air Force Base at Middletown, near Harrisburg; Col. Charles F. Burley, Dayton, Ohio, former officer in charge of procurement at the base, and Robert F. McNett, president of Royal Electric Inc., Dayton.

Abraham C. Olson, former executive vice president of Royal Electric and presently a civilian employe at Wright - Patterson Air Force Base, testidied Wednesday that McNett said purchase of the pump from Brownfield "would create a better friendship and would help him (McNett) get business for Royal Electric."

Gen. Kenneth E. Wolfe of Asheville, N.C., who retired from service and became president and general manager of Oerlicon Tool Arms Corp. in Asheville, later testified that the pump appealed to him and that he felt the design had potentialities.

BOMBER'S PEW

GOGONA, Solomon Islands (AP) — A pilot's seat from an American bomber which crashed here in World War II is being used as a pew in a Seventh-day Adventist Church here. It's occupied by a village chief. A family from another village is living in the body of the plane.

BALTIMORE — There will be ten additional acres of parking space for the autumn racing season at Pimlico, November 13-December 17. Work is now in progress on the new areas.

BALTIMORE — The Pimlico Futurity was the richest race in the nation when it was inaugurated in 1921, Morvich taking down a $42,750 prize. It is expected to be the second richest race in the world when it is run for the 36th time on November 22 with a winner's share of about $125,000.

NEW YORK (AP) — A $25,000 filly sired by Native Dancer and owned by Aly Khan went wild in a cargo plane Wednesday. The horse injured itself so badly it had to be destroyed.

The KLM plane was taking off from Idlewild Airport for Amsterdam when the yearling broke out of a stall. Two grooms were unable to calm the horse, which had no name. The plane stayed on the ground and a veterinarian was called to destroyed the animal.

LONDON—Tony Trabert defeated Jack Kramer 7-5, 6-4 to enter the semifinals of the London Professional Indoor Championships. Trabert will meet Ken Rosewall and Frank Sedgman will play Pancho Gonzales.

RACING

NEW YORK — Tempted ($12.20) scored a 2½ length victory in the $29,800 Maskette Handicap at Belmont Park.

ATLANTIC CITY — Royal Anthem ($3.40) won the $10,000 added home bred handicap for 2-year-olds, and Natagar, ($44.60) came from last for victory in the Ocean City Handicap at Atlantic City.

BALTIMORE — There will be ten additional acres of parking space for the autumn racing season at Pimlico, November 13-December 17. Work is now in progress on the new areas.

BALTIMORE — The Pimlico Futurity was the richest race in the nation when it was inaugurated in 1921, Morvich taking down a $42,750 prize. It is expected to be the second richest race in the world when it is run for the 36th time on November 22 with a winner's share of about $125,000.

NEW YORK (AP) — A $25,000 filly aired by Native Dancer and owned by Aly Khan went wild in a cargo plane Wednesday. The horse injured itself so badly it had to be destroyed.

The KLM plane was taking off from Idlewild Airport for Amsterdam when the yearling broke out of a stall. Two grooms were unable to calm the horse, which had no name. The plane stayed on the ground and a veterinarian was ... to destroyed the animal.

Water-Powered Sawmill, More Than 150 Years Old, One Of Few Remaining In U.S., Is Still In Operation Near Cashtown; Has Machine To Bore Holes In Fence Posts

A little bit of yesteryear can be found in western Adams County where, about a mile north of Cashtown, a water-powered sawmill is in operation. The mill is not maintained as a novelty, but is engaged in the serious business of producing lumber.

Water from Marsh Creek powers the 14-foot steel water wheel spinning the circular saw of a mill which in itself is a bit unusual in as it is what might be called a "muzzle-loader." Because of the terrain and the orientation of the mill building the unsawed logs are loaded at the same end from which the sawed boards are taken.

The mill is operated today by Robert A. Lentz, its owner for the past six years. Before Mr. Lentz acquired the mill and the farm on which it is located it was owned by Robert H. Shull and had been in the Shull family for more than a century.

Built In 1872

The present mill building is the second on the site and was built in 1872 by John Shull, father of Robert. Its "up and down" saw was powered by a wooden overshot wheel.

The earlier mill, which was probably built about 1805, was also of the up and down type. Mills of this type were a commonplace during the 1800's and many were perated in conjunction with the grist mills that dotted the early Americar countryside.

Circular saw mills came into use in the 1880's and the Shull mill was converted to this type in 1899.

Popular Power Source

In the days before electric and tractor power, the water was called on for a variety of jobs. Mr. Shull used power from the mill wheel to operate a feed chopper as well to operate machines which were an adjunct to the sawmill itself.

Two of these woodworking machines, a boring machine to make holes in posts for rail fences and a shingle saw, are to be found in the mill today.

The fence post borer is still used occasionally but the shingle saw is idle, it is "a thing of the past since the chestnut is gone," Mr. Shull said.

Chestnut, once the leading timber tree of the area, was wiped out by a blight which truck the U. S. about 1915. It was the preferred wood for shingles. None of the other local woods are considered suitable.

New Wheel Installed

Water wheels, once quite widely used as a power source, have been giving way to electric, gasoline and diesel power, but they are not entirely a thing of the past. The present steel wheel which operates the Lentz mill was installed in 1933. It is 14 feet in diameter and six feet wide.

A gate in a chute at the end of the mill race controls the flow of water to the wheel. It is the weight of the water which flows onto the wheel at the top and rides it to the bottom that provides the turning force.

Power is transmitted to a line shaft through a train of large gears. The cogs of one of these gears are of wood. The present cogs, the second set since the mill began operation 86 years ago, were installed in 1901. They were cut from hickory and were boiled in lye to protect them from worms.

"Fuel" Is Cheap

It is not sentiment, but practicality that keeps the water wheel in use. Not only is its "fuel" inexpensive, but the the supply is always on hand when it is needed.

That does not mean that there has been no occasion to improve the water supply system. For 134 years the mills operated from a mill race which did not draw from a dam but merely took water directly from the creek some distance upstream and conducted it to the mill site where the head is about 18 feet.

In 1939, in order to make the water supply more steady, Mr. Shull had a storage reservoir built along the race near the mill. Thus the mill is not only unusual in that it takes its logs at the "wrong" end, it is unusual in that its "dam" is at the "wrong" end of the mill race.

Part-Time Operation

Although the water wheel mill is capable of full-time operation, it does not run continuously now but serves to provide between times occupation for Mr. Lentz and his son-in-law, K. Thomas Culp. Besides sawmilling the two men work the 243-acre Lentz farm on which are raised hogs, beef cattle, poultry, peaches and apples.

The present farm comprises three former farms. The Lentz family occupies the house in the central set of buildings while the Culps live in one of the other houses.

Despite the time needed to attend to farming, the two men manage to do quite a bit of sawing, not only for use on the farm but also a frequent "bill" (an order for lumber) for a neighbor or other customer.

The mill's former owner is now retired and lives in Cashtown in a house built almost entirely of lumber from the mill. Robert Shull, now nearing 89, recalls that he "sawed everything for the house, all but the doors."

Recalls Building Of Mill

Mr. Shull was only three when the present mill was built but, he said, he can remember being carried to the site from the house to see the work being done.

It was Mr. Shull's grandfather, John, a millwright, who built the first mill in the early 1800's. Surrounding forest land were the source of a plentiful supply of logs and the lumbering operation was important business then.

After the grandfather died, Robert's father, also John, began to operate the farm and mill at about the time of the Civil War. When Confederate raiders took his horses during the Gettysburg campaign, he nearly lost heart in his understanding. The encouragement of neighbors and others induced him to carry on. Nine years later he built the sawmill which is standing today.

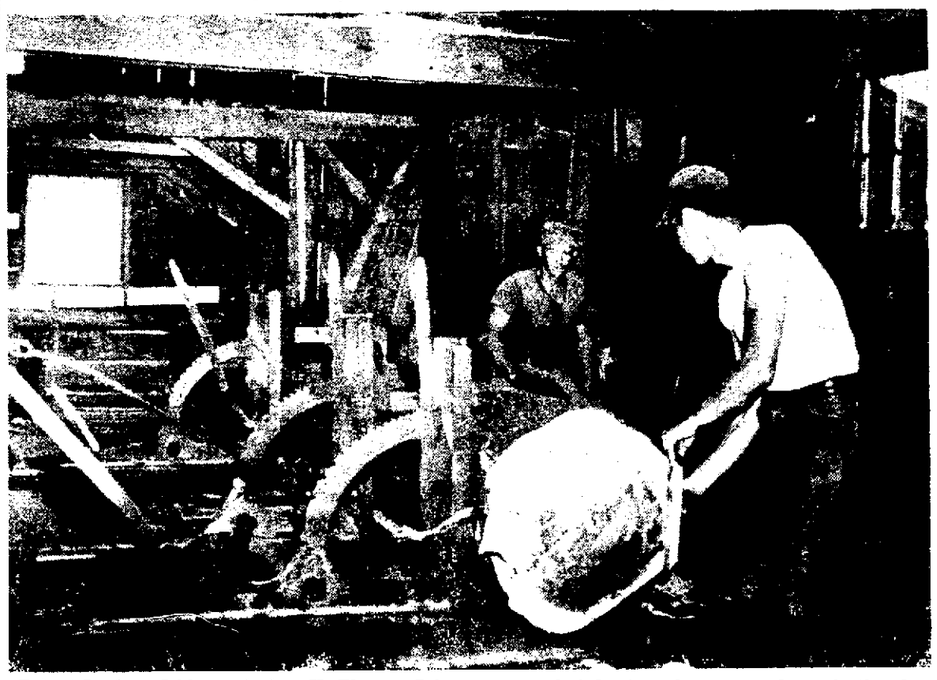

Built in 1872, this sawmill, powered by water from Marsh Creek, is still in operation.

Casual observers may not be aware that the mill operates by water pow the six-foot-wide 14-foot steel overshot wheel is inside the mill building.

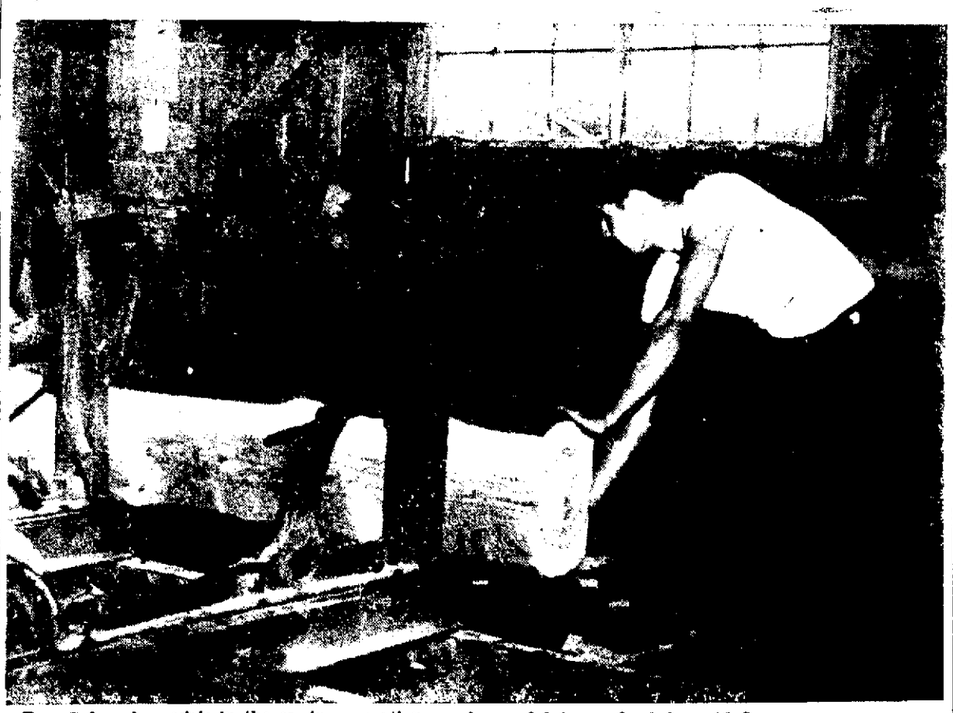

Surplus "fuel" is wasted through this chute which was built recently by Mr. Lentz and his son-in-law.

Robert Lentz and his son-in-law, K. Thomas Culp, saw a hemlock log to make up an order of lumber for a neighbor.

This large gear with its wooden cogs has been in use since the mill was built. Robert Lentz, owner of the mill, is holding one of the cogs.

Tom Culp, who assists in the sawing operation, receives a slab from a log being milled.

These spinning pulleys are used to transmit power to other machinery in the mill. The lineshaft is driven by the water wheel.

Even before the days of automation machines like the automatic shingle saw, left, did repetitive operations with a minimum of human attention. The chestnut blight idled the saw but the fence post borer, right, still gets occasional use.

Couple Observes 67th Anniversary

Mr. and Mrs. Harrie A. Berwager, Hanover, observed their 67th wedding anniversary Sunday at a reception at their home. They were married September 20, 1891, by the late Rev John Metzger, pastor of St. Bartholomew's Lutheran Church, at the bride's home.

Berwager, 86, is a son of the late Mr. and Mrs. George Berwager, Manchester, Md., while his wife, 87, the former Missouri J. Eyeser, is a daughter of the late Mr. and Mrs. Emanuel Eyeser, Carroll County, Md. Both are in good health. They are members of St. Paul's Lutheran Church, McSherrystown.

They are the parents of eight children, Paul Berwager, Westminster Ave.; Clark Berwager, Abbottstown R. 1; Mrs. Beulah Brown, East Berlin; Mrs. Lela Florence, Waynesboro; Mrs. Hilda Reibling, Beck Mill Rd.; Harley Berwager, Mt. Rock; Mrs. Ethel Yingling, Littlestown, and Mrs. Viola Harner, Littlestown R. 1. They have 17 grandchildren and 10 great-grandchildren.

A three-tier wedding cake was the centerpiece of the reception table and the couple received a "money tree" from their children and numerous flowers, cards and other gifts. About 70 persons attended.

CLEARFIELD, Pa. (AP) — State Supreme Court Justice John C. Arnold, suffered a fractured right hip Tuesday in a fall at his home here.

The 71-year-old jurist, a Republican, was reported in good condition at the Clearfield Hospital today. He has been a member of the Supreme Court since 1953.

PARIS (AP)—Counting on voter approval of his new constitution, Premier de Gaulle summoned his Cabinet Wednesday to prepare for the first elections under the Fifth Republic.

The balloting for a new Parliament shorn of many of its old powers is expected to be set for Sunday, Nov. 16. Political observers say runoffs would be held the following Sunday.

Water-Powered Sawmill, More Than 150 Years Old, One Of Few Remaining In U.S., Is Still In Operation Near Cashtown; Has Machine To Bore Holes In Fence Posts

A little bit of yesteryear can be found in western Adams County where, about a mile north of Cashtown, a water-powered sawmill is in operation. The mill is not maintained as a novelty, but is engaged in the serious business of producing lumber.

Water from Marsh Creek powers the 14-foot steel water wheel spinning the circular saw of a mill which in itself is a bit unusual in as it is what might be called a "muzzle-loader." Because of the terrain and the orientation of the mill building the unsawed logs are loaded at the same end from which the sawed boards are taken.

The mill is operated today by Robert A Lentz, 'ts owner for the past six years. Before Mr. Lentz acquired the mill and the farm on which it is located it was owned by Robert H. Shull and had been in the Shull family for more than a century.

Built in 1872, this sawmill, powered by water from Marsh Creek, is still in operation.

Built In 1872

The present mill building is the second on the site and was built in 1872 by John Shull, father of Robert. Its "up and down" saw was powered by a wooden overshot wheel.

The earlier mill, which was probably built about 1805, was also of the up and down type. Mills of this type were a commonplace during the 1800's and many were perated in conjunction with the grist mills that dotted the early Americar countryside.

Circular saw mills came into use in the 1880's and the Shull mill was converted to this type in 1899.

Popular Power Source

In the days before electric and tractor power, the water was called on for a variety of jobs. Mr. Shull used power from the mill wheel to operate a feed chopper as well to operate machines which were an adjunct to the sawmill itself.

Two of these woodworking machines, a boring machine to make holes in posts for rail fences and a shingle saw, are to be found in the mill today.

The fence post borer is still used occasionally but the shingle saw is idle, it is "a thing of the past since the chestnut is gone," Mr. Shull said.

Chestnut, once the leading timber tree of the area, was wiped out by a blight which truck the U. S. about 1915. It was the preferred wood for shingles. None of the other local woods are considered suitable.

New Wheel Installed

Water wheels, once quite widely used as a power source, have been giving way to electric, gasoline and diesel power, but they are not entirely a thing of the past. The present steel wheel which operates the Lentz mill was installed in 1933. It is 14 feet in diameter and six feet wide.

A gate in a chute at the end of the mill race controls the flow of water to the wheel. It is the weight of the water which flows onto the wheel at the top and rides it to the bottom that provides the turning force.

Power is transmitted to a line shaft through a train of large gears. The cogs of one of these gears are of wood. The present cogs, the second set since the mill began operation 86 years ago, were installed in 1901. They were cut from hickory and were boiled in lye to protect them from worms.

"Fuel" Is Cheap

It is not sentiment, but practicality that keeps the water wheel in use. Not only is its "fuel" inexpensive, but the the supply is always on hand when it is needed.

That does not mean that there has been no occasion to improve the water supply system. For 134 years the mills operated from a mill race which did not draw from a dam but merely took water directly from the creek some distance upstream and conducted it to the mill site where the head is about 18 feet.

In 1926, in order to make the water supply more steady, Mr. Shull had a storage reservoir built along the race near the mill. Thus the mill is not only unusual in that it takes its logs at the "wrong" end, it is unusual in that its "dam" is at the "wrong" end of the mill race.

Part-Time Operation

Although the water wheel mill is capable of full-time operation, it does not run continuously now but serves to provide between times occupation for Mr. Lentz and his son-in-law, K. Thomas Culp. Besides sawmilling the two men work the 243-acre Lentz farm on which are raised hogs, beef cattle, poultry, peaches and apples.

The present farm comprises three former farms. The Lentz family occupies the house in the central set of buildings while the Culps live in one of the other houses.

Despite the time needed to attend to farming, the two men manage to do quite a bit of sawing, not only for use on the farm but also a frequent "bill" (an order for lumber) for a neighbor or other customer.

The mill's former owner is now retired and lives in Cashtown in a house built almost entirely of lumber from the mill. Robert Shull, now nearin 89, recalls that he "sawed everything for the house, all but the doors."

Recalls Building Of Mill

Mr. Shull was only three when the present mill was built but, he said, he can remember being carried to the site from the house to see the work being done.

It was Mr. Shull's grandfather, John, a millwright, who built the first mill in the early 1800's. Surrounding forest land were the source of a plentiful supply of logs and the lumbering operation was important business then.

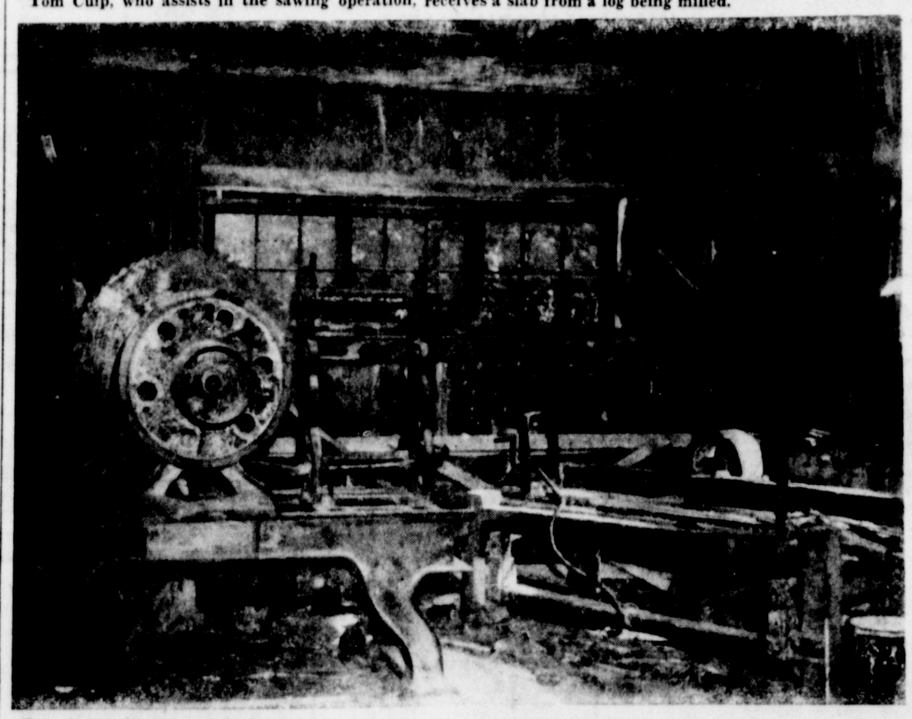

After the grandfather died, Robert's father, also John, began to operate the farm and mill at about the time of the Civil War. When Confederate raiders took his horses during the Gettysburg campaign, he nearly lost heart in his understanding. The encouragement of neighbors and others induced him to carry on. Nine years later he built the sawmill which is standing today.

Robert Lentz and his son-in-law, K. Thomas Culp, saw a hemlock log to make up an order of lumber for a neighbor.

Tom Culp, who assists in the sawing operation, receives a slab from a log being milled.

Even before the days of automation machines like the automatic shingle saw, left, did repetitive operations with a minimum of human attention. The chestnut blight idled the saw but the fence post borer, right, still gets occasional use.

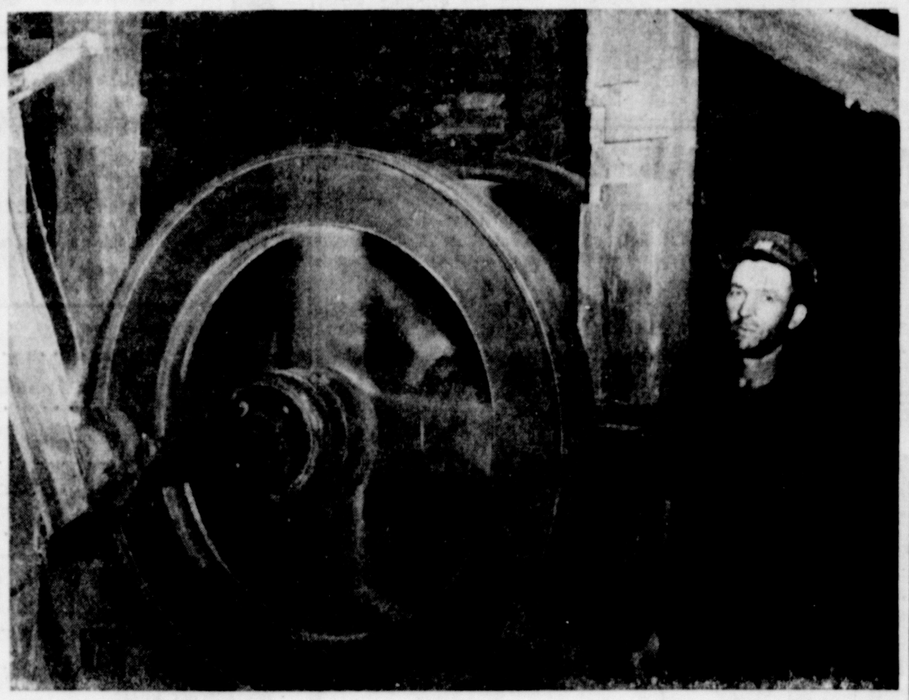

Casual observers may not be aware that the mill operates by water pov the six-foot-wide 14-foot steel overshot wheel is inside the mill building.

Surplus "fuel" is wasted through this chute which was built recently by Mr. Lentz and his son-in-law.

This large gear with its wooden cogs has been in use since the mill was built. Robert Lentz, owner of the mill, is holding one of the cogs.

These spinning pulleys are used to transmit power to other machinery in the mill. The lineshaft is driven by the water wheel.

Couple Observes 67th Anniversary

Mr. and Mrs. Harrie A. Berwager, Hanover, observed their 67th wedding anniversary Sunday at a reception at their home. They were married September 20, 1891, by the late Rev John Metzger, pastor of St. Bartholomew's Lutheran Church, at the bride's home.

Berwager, 86, is a son of the late Mr. and Mrs. George Berwager, Manchester, Md., while his wife, 87, the former Missouri J. Eyeser, is a daughter of the late Mr. and Mrs. Emanuel Eyeser, Carroll County, Md. Both are in good health. They are members of St. Paul's Lutheran Church, McSherrystown.

They are the parents of eight children, Paul Berwager, Westminster Ave.; Clark Berwager, Abbottstown R. 1; Mrs. Beulah Brown, East Berlin; Mrs. Lela Florence, Waynesboro; Mrs. Hilda Reibling, Beck Mill Rd.; Harley Berwager, Mt. Rock; Mrs. Ethel Yingling, Littlestown, and Mrs. Viola Harner, Littlestown R. 1. They have 17 grandchildren and 10 great-grandchildren.

A three-tier wedding cake was the centerpiece of the reception table and the couple received a "money tree" from their children and numerous flowers, cards and other gifts. About 70 persons attended.

CLEARFIELD, Pa. (AP) — State Supreme Court Justice John C. Arnold, suffered a fractured right hip Tuesday in a fall at his home here.

The 71-year-old jurist, a Republican, was reported in good condition at the Clearfield Hospital today. He has been a member of the Supreme Court since 1953.

PARIS (AP)—Counting on voter approval of his new constitution, Premier de Gaulle summoned his Cabinet Wednesday to prepare for the first elections under the Fifth Republic.

The balloting for a new Parliament shorn of many of its old powers is expected to be set for Sunday, Nov. 16. Political observers say runoffs would be held the following Sunday.

ONLY M. D.'S ON APPROVED LIST PAID BY UNION

HARRISBURG (AP) — An official of the United Mine Workers Welfare and Retirement Fund has defended the fund's practice of paying only for services of doctors on the fund's approved list.

Dr. Warren F. Draper, executive medical officer of the fund, outlined the working policy in the September issue of the Pennsylvania Medical Journal. He described the policy as the "only practical course."

The State Medical Society and fund representatives have been at odds over the policy but Draper defended the right to approve certain physicians. He said it has reduced the over-use of fund benefits.

"Right To Choose"

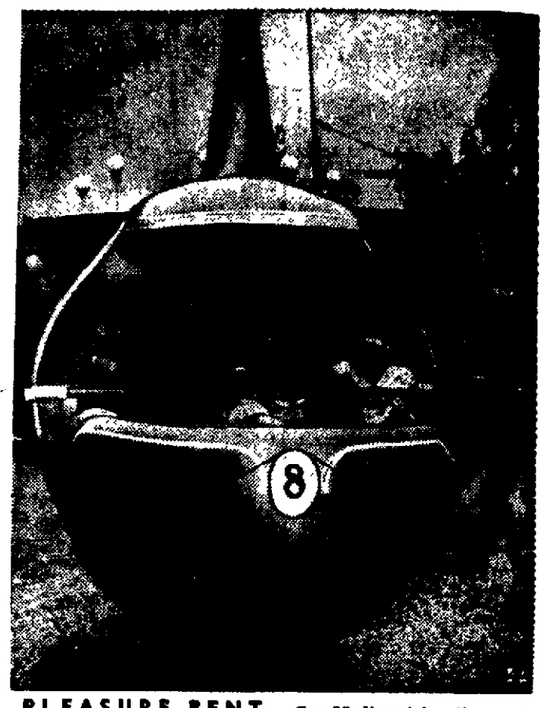

"It is futile, it seems to me, to attempt to deny to any agency which pays for services to the laboring man the same choice that is exercised by others," Draper said in the article, adding:

"I believe the entire country would applaud and uphold a policy position of organized medicine that choice of physician is not only the inherent right of the individual but also of an agency which offers him medical benefits for which it pays."

A Medical Society spokesman said the article was published in the journal to "give Dr. Draper a chance to state his case."

"We asked for the article for publication in an effort to have Dr. Draper explain to the members how his organization feels on the matter and what they are doing in their program," the spokesman said, adding:

"We do not consider this an endorsement of the program but we feel it is only fair to allow Dr. Draper a chance to express his views. We have no comment on the article at this time."

CHECK REPORTS ON BRIBES IN PITTSBURGH TV

WASHINGTON (AP) — Congressional investigators set out Wednesday to clarify contradictory stories that bribes were offered and solicited in a Pittsburgh television case.

They may name the persons allegedly involved. The stories, without names, were narrated Tuesday by staff investigator Oliver Eastland to the House Legislative Oversight subcommittee, which recalled him as a witness.

Eastland testified Tuesday that a former Federal Communications Commission chairman told investigators he had been offered a bribe, while two others involved in the case said he tried to solicit one.

Not Identified

He referred only to a former FCC chairman who had appeared before the subcommittee, and two representatives of one of the applicants in the case.

The former chairman appeared to be George C. McConnaughey, who left the commission June 30, 1957, but there was no corresponding indication of just who the other alleged parties to any bribe discussions might be.

McConnaughey, now practicing law in Columbus, Ohio, promptly denied soliciting any bribes in any form. He said he never had solicited money, law business or anything else in connection with any case before the commission.

Offer Of Business

He said he had told a subcommittee investigator "that a lawyer for one of the principals in the case told me he had clients with business in Ohio, and that he would be in a position to send me some business."

But McConnaughey added he told the lawyer "I was not interested in this kind of business."

The 1956-1957 case of Channel 4 in Pittsburgh, now under investigation by the subcommittee, involved five applicants. Two finally combined and obtained use of the channel.

John Koury Jr., 15, was chosen over 30,000 carriers as Pennsylvania's top newspaperboy, the International Circulation Managers Assn. announced Tuesday.

RETIRED STEEL EXECUTIVE DIES

BETHLEHEM, Pa. (AP)—Stewart J. Cort, 77, retired Bethlehem Steel executive, died Tuesday at his home. He had been ill for several weeks. Cause of death was not revealed.

Cort retired at the end of last year after 40 years with Bethlehem Steel. He was vice president of the steel division.

He was a native of Ogle County, Ill., and a graduate of Lehigh University here. He was appointed superintendent of the Saucon Division at Bethlehem in 1922, moved to Sparrows Point near Baltimore, Md., as general manager six years later, and returned here as vice president in 1947.

Surviving are his widow, Carolyn; a daughter, Mrs. C. T. Stott, of Baltimore, and a son, Stewart Sr., vice president of Bethlehem Pacific Coast Steel Corp., San Francisco.

Services will be held Friday at the First Presbyterian Church here with interment Saturday in Mt. Lebanon Cemetery, near Pittsburgh.

HAMDEN, Conn. (AP) — Harrison Fuller, 66, president of the Fuller Merriam Co and head of the Manufacturers Assn. of Connecticut, died Monday night. He was a newspaperman, publicist and investment banker before he helped found the grinding wheel and abrasives company in 1939. A native of Minneapolis, Fuller began his news career in St. Paul as business writer for the St. Paul Dispatch and the Pioneer Press.

WANTS TO LURE MORE TOURISTS TO THIS STATE

SOMERSET, Pa. (AP)—David L. Lawrence, Democratic gubernatorial candidate, says if elected he will work to attract more tourist trade which may to help boost Pennsylvania's economy.

The Pittsburgh mayor addressed a rally here Tuesday night. He said:

"The more people who come to Pennsylvania, who see its cities and its countryside, who meets its people and fully understand its many advantages—the more receptive they will be to locate plants in this state and to expand existing businesses which are already here."

Renews Pledges

Lawrence said that the tourist trade already provides hundreds of thousands of dollars in revenue and that Gov. Leader has made "outstanding advances" in promoting it.

Reiterating a previous campaign pledge, Lawrence said he would work for an agricultural program to help farmers market quality products.

Lawrence and Leader, Democratic candidate for the U. S Senate, toured southwestern Pennsylvania Tuesday.

Leader, Davis Speak

In a speech at Bedford, Leader said if elected he will never rest until full employment is brought to every Pennsylvania home and a fair share of the national prosperity to every community.

In Allentown, Judge John Morgan Davis, Democratic candidate for lieutenant governor, promised careful consideration of the problems of all businessmen.

Speaking before the Pennsylvania Tavern Assn. convention Davis said the problems of businessmen are sometimes difficult but "conscientious government does its best, as we shall do."

NEW YORK (AP) — Thomas R. Weymouth, 82, a pioneer in the natural gas industry, died Tuesday. One of his foremost contributions was development of the so-called "Weymouth formula" for determining the flow of gas through a pipeline. He retired in 1941 as vice president of the Columbia gas system, New York.

NEW ORLEANS (AP) — Mel Washburn, 63, chief of the Division of Education and Public relations of the State Wildlife and Fisheries Commission, died Tuesday. A former newspaperman, he had suffered for years with a lung ailment.

SEEKING WIDER POWERS OVER AIR POLLUTION

By RICHARD L. GRAVES

HARRISBURG (AP)—The State Health Department has drafted legislation giving it broad authority to curb air pollution when local communities fail to act.

Dr. Jan Lieben, director of the department's Division of Industrial Hygiene, declared such legislation is vital to control air pollution in the Commonwealth.

Presently, the state may move against air pollution in an area only when it can prove the contamination presents "a definite health hazard," Lieben said. That authority is covered in the General Health Law, which gives the department similar power to control disease.

Preventive Powers

However, Lieben said it takes time to prove such a hazard exists, and in many cases the pollution does not present an immediate danger, but may be a threat on a long term basis.

One of the major proposals the department will ask the 1959 Legislature to enact would allow the state to prevent intercommunity air pollution.

For example: A burning dump in one community may present no local problem, but may annoy a neighboring community. The proposed law would allow the state to stop the first community from burning at its dump, or require it to set up incinerator facilities that would not pollute the air.

The same feature would apply to industry or other private activity.

Advisory Board

Another feature of the proposed legislation would set up an advisory health board and air pollution board to make rules and regulations for air pollution control.

The legislation could run into difficulty in the Legislature for economic reasons. The problem would be appropriating the money to set up a pollution control bureau. Lieben estimated it would require at least 30 new air pollution experts.

The indirect problem—and probably the toughest—is overcoming opposition to communities and industries which do not want to assume the expense of installing antipollution facilities.

The principal types of air pollution, Lieben said, are: Smoke from burning culm banks; fly ash; sulpher dioxide and hydrogen sulphide; and miscellaneous acids, alkalis and ammonia from chemical firms.

FIFTH OF RED FORCES IN EAST

TOKYO (AP) — A fifth of all Soviet armed forces now are stationed in the Far East, according to Gen. Keizo Hayashi, chairman of the Japanese joint chiefs.

Hayashi said Wednesday Japan must count on U. S. help for at least the next 10 years before reaching a point at which she can handle her own defense needs.

Hayashi told a committee of the ruling Liberal-Democratic party that the Soviet Union has between 400,000 and 500,000 troops, 3,500 warplanes and 500,000 tons in naval strength, including 100 submarines, in this part of the world.

Adding Red China's air strength, Communist air power in the Far East is estimated at between 7,500 and 8,000 planes, Hayashi said.

The Communist bloc is way ahead of the West in conventional weapons but the West is able to maintain a balance through its lead in nuclear weapons, the general said.

SOMERSET, Pa. (AP)—David L. Lawrence, Democratic gubernatorial candidate, says if elected he will work to attract more tourist trade which may to help boost Pennsylvania's economy.

The Pittsburgh mayor addressed a rally here Tuesday night. He said:

"The more people who come to Pennsylvania, who see its cities and its countryside, who meets its people and fully understand its many advantages—the more receptive they will be to locate plants in this state and to expand existing businesses which are already here."

Renews Pledges

Lawrence said that the tourist trade already provides hundreds of thousands of dollars in revenue and that Gov. Leader has made "outstanding advances" in promoting it.

Reiterating a previous campaign pledge, Lawrence said he would work for an agricultural program to help farmers market quality products.

Lawrence and Leader, Democratic candidate for the U. S. Senate, toured southwestern Pennsylvania Tuesday.

Leader, Davis Speak

In a speech at Bedford, Leader said if elected he will never rest until full employment is brought to every Pennsylvania home and a fair share of the national prosperity to every community.

In Allentown, Judge John Morgan Davis, Democratic candidate for lieutenant governor, promised careful consideration of the problems of all businessmen.

Speaking before the Pennsylvania Tavern Assn. convention Davis said the problems of businessmen are sometimes difficult but "conscientious government does its best, as we shall do."

NEW YORK (AP) — Thomas R. Weymouth, 82, a pioneer in the natural gas industry, died Tuesday. One of his foremost contributions was development of the so-called "Weymouth formula" for determining the flow of gas through a pipeline. He retired in 1941 as vice president of the Columbia gas system, New York.

NEW ORLEANS (AP) — Mel Washburn, 63, chief of the Division of Education and Public relations of the State Wildlife and Fisheries Commission, died Tuesday. A former newspaperman, he had suffered for years with a lung ailment.

SEEKING WIDER POWERS OVER AIR POLLUTION

By RICHARD L. GRAVES

HARRISBURG (AP)—The State Health Department has drafted legislation giving it broad authority to curb air pollution when local communities fail to act.

Dr. Jan Lieben, director of the department's Division of Industrial Hygiene, declared such legislation is vital to control air pollution in the Commonwealth.

Presently, the state may move against air pollution in an area only when it can prove the contamination presents "a definite health hazard," Lieben said. That authority is covered in the General Health Law, which gives the department similar power to control disease.

Preventive Powers

However, Lieben said it takes time to prove such a hazard exists, and in many cases the pollution does not present an immediate danger, but may be a threat on a long term basis.

One of the major proposals the department will ask the 1959 Legislature to enact would allow the state to prevent intercommunity air pollution.

For example: A burning dump in one community may present no local problem, but may annoy a neighboring community. The proposed law would allow the state to stop the first community from burning at its dump, or require it to set up incinerator facilities that would not pollute the air.

The same feature would apply to industry or other private activity.

Advisory Board

Another feature of the proposed legislation would set up an advisory health board and air pollution board to make rules and regulations for air pollution control.

The legislation could run into difficulty in the Legislature for economic reasons. The problem would be appropriating the money to set up a pollution control bureau. Lieben estimated it would require at least 30 new air pollution experts.

The indirect problem—and probably the toughest—is overcoming opposition to communities and industries which do not want to assume the expense of installing antipollution facilities.

The principal types of air pollution, Lieben said, are: Smoke from burning culm banks; fly ash; sulpher dioxide and hydrogen sulphide; and miscellaneous acids, alkalis and ammonia from chemical firms.

FIFTH OF RED FORCES IN EAST

TOKYO (AP) — A fifth of all Soviet armed forces now are stationed in the Far East, according to Gen. Keizo Hayashi, chairman of the Japanese joint chiefs.

Hayashi said Wednesday Japan must count on U. S. help for at least the next 10 years before reaching a point at which she can handle her own defense needs.

Hayashi told a committee of the ruling Liberal-Democratic party that the Soviet Union has between 400,000 and 500,000 troops, 3,500 warplanes and 500,000 tons in naval strength, including 100 submarines, in this part of the world.

Adding Red China's air strength. Communist air power in the Far East is estimated at between 7,500 and 8,000 planes, Hayashi said.

The Communist bloc is way ahead of the West in conventional weapons but the West is able to maintain a balance through its lead in nuclear weapons, the general said.

600 Townfolk Pray Over Telephone Line For Boy

BOSTON, Mass. (AP) — What went on in the mind of 10-year-old Richard Garvin during those few minutes he clung to the phone became evident when the tears broke from his eyes.

He sat in his green and white striped pajamas. His parents were kneeling beside him, at the Children's Medical Center here, some 900 miles from his home town of Wagener, S.C. He listened while 600 people at the other end of the line in Wagener prayed for him to get well.

Liver, Spleen Enlarge

Richard is suffering from a condition which is causing both his liver and spleen to enlarge. Doctors are now trying to determine why.

The people of Wagener gatherd once before when Mr. and Mrs. Fern Garvin were sacrificing everything they owned to pay for their son's medical expenses. Some $3,100 was collected that time.

Tuesday night the townsfolk added another $700. A special benefit show was held in Richard's honor—with a 10-minute telephone call to him as the high point. The call was piped in over a loudspeaker for all at the South Carolina end to hear.

Cries His Thanks

Two ministers spoke to Richard, telling him that everyone at his home was there praying for him. He sat motionless.

Then someone asked him if there was anything he would like to say to the folks on the other end of the line.

"Yes, I would," he said. "I would like to thank you all for everything you all done for me."

"I would like to thank you all," he repeated. "I appreciate it. And I do hope I can get better."

And on those words the tears streamed from his eyes.

Contractor Jailed And Fined $10,000

PITTSBURGH (AP)—Fred L. Scherer, 52-year-old Pittsburgh roofing contractor, must spend 60 days in jail and pay a $10,000 fine for evading payment of $28,000 in income taxes over a 5-year period.

Scherer was sentenced Tuesday by U. S. District Court Judge Herbert P. Sorg.

The contractor pleaded guilty to reporting an income of $19,453 from 1951 through 1955 when he actually earned $108,662. He paid only $2,595 taxes when he should have paid $30,593.

UNITED NATIONS, N.Y. (AP) —Diplomats speculated today that the United States may have succeeded for the last time in sweeping aside a U.N. discussion of the Red China seating issue.

The U.S. proposal to sidetrack the thorny question for another year cleared the General Assembly 44-28 with 9 abstentions. It was the narrowest margin of victory on record for opponents of the move to seat the Chinese Communists in the United Nations.

The Assembly vote automatically canceled India's request that the Assembly stage a full debate on the question.

LITTLE ROCK BOY MOVES NORTH TO GET EDUCATION

JOHNSTOWN, Pa. (AP)—A 16-year-old Little Rock, Ark., youth whose school was closed by an issue over segregation hopes to complete his high school education in Johnstown.

Richard Steinkamp, who attended Hall High School in Little Rock, enrolled Monday in the senior class at Johnstown's Westmont - Upper Yoder - Southmont High School.

Hall High School was one of those closed in Little Rock after the U. S. Supreme Court ruled that Negro students must be admitted to classes.

Tuition Student

Steinkamp's father, William, a Little Rock furniture dealer, arranged for his son to live with a former college classmate, G Fesler Edwards, in Johnstown and attend school. The youth is a tuition student.

Steinkamp said he plans to complete the school year in Johnstown even if schools are reopened in Little Rock.

All schools are integrated in Pennsylvania, but there are no Negroes presently enrolled at Westmont - Upper Yoder - Southmont High.

POPE NAMES ARCHBISHOP

WASHINGTON (AP) — Pope Pius XII has named Archbishop Albert G. Meyer of Milwaukee to succeed the late Samuel Cardinal Stritch as archbishop of Chicago.

The Chicago archdiocese, with 1,942,000 Catholics, is the largest of the 138 archdioceses and dioceses in the United States.

Announcement of the appointment was made by Archbishop Amleto Giovanni Cicognani, apostolic delegate to the United States.

Archbishop Meyer, a native of Milwaukee, is 55. He was ordained in 1926.

No date was set for the archbishop's formal installation in the Chicago archdiocese.

The announcement made no reference to Archbishop Meyer's successor in Milwaukee.

The Pope last March 1 named Cardinal Stritch proprefect of the Vatican's Congregation for the "Propagation of the Faith—to direct the spreading of the Roman Catholic faith throughout the world."

Cardinal Stritch died in Rome May 27 after suffering a paralyzing stroke a week earlier.

TEACHERS OPEN CLOSED SCHOOL

SHENANDOAH, Pa. (AP)—Five teachers again Wednesday conducted classes in the legally closed West Mahanoy Township High School. But the number of pupils diminished.

Some 150 students attended the rump sessions Tuesday. Only 100 or so trooped into the high school today. A few more than Tuesday obeyed school board ordrers transferring them to classes in Shenandoah and Frackville.

The five teachers, all men, struck last Thursday for back pay. The board promptly closed the high school, asserting it was no longer able financially to keep it open. The 183 pupils were transferred to the other area high schools as tuition students, at a considerable saving to West Mahanoy Township.

BIG GAME REFUGE

COLORADO SPRINGS, Colo. (AP) — The Air Academy now under construction near here will be declared a game refuge area at dedication ceremonies scheduled next year. About 17,000 acres of the academy site will be closed to all hunting and fishing. No game or fish harvest will be permitted until overpopulation of wildlife makes it necessary.

183 MASONS ARE HONORED

PITTSBURGH (AP) — Freemasonry's highest honor — the 33rd degree — was conferred Wednesday upon 183 Masons from 15 states.

The ceremony climaxed the 146th annual convention of the Supreme Council, 33rd Degree, Scottish Rite of Freemasonry for the Northern Masonic Jurisdiction of the United States.

Pennsylvanians who received the 33rd Degree include:

David J. Godschall, Lansdale; Harry D. Burket, Altoona; Wilbur H. Fleck, Kingston; Emerson McKinley Gruver, New Bethlehem; Ernest C. Reynolds, Kittanning; Theodore Helberg, and Clayton W. Fortune, both of Erie; Ernest B. McNitt, New Brighton; William L. McKinley, Newton Square; Wilbert G. Heist, Glenside; Casimir A. Sienkiewicz, Doylestown; William H. Byrnes, Williamsport, and Lewis R. Wolf of Northumberland.

Snow Falls In Central Rockies

By THE ASSOCIATED PRESS

Snow filtered into the nation's weather picture Wednesday.

Light falls were limited to the northern and central Rockies—a result of a cool trend that prevailed from the northern Plains to the southern Plateau.

The chilly zone was part of a larger low pressure area that scattered showers from the upper Great Lakes to the Panhandle of Texas.

Mostly fair weather was the rule elsewhere.

A heavy thundershower dumped more than an inch of rain on Palm Beach, Fla., during Tuesday night.

Other rains Tuesday wet parts of Illinois, Iowa, Wisconsin and Minnesota.

Temperatures in the 30s prevailed in northern Nevada northward to Idaho and eastern Oregon and western Montana. Butte, Mont., reported a low of 31 degrees and light snow. A mixture of snow and rain cut visibility to half a mile at Ely, Nev.

Les Andreas, Syracuse University athletic director and former cage coach, was named to the Helms Hall of Fame for his achievements as a basketball coach.

World Briefs

WARSAW, Poland (AP) — Indications mounted here today that the Far East cease-fire talks between the United States and Communist China are rapidly approaching a climax.

U. S. Ambassador Jacob Beam studies new instructions for Thursday's fourth conference with Red China's envoy, Wang Ping-nan.

Informed sources said this meeting was likely to be the definitive one — one way or another — because President Eisenhower plans to issue a formal Far East policy statement in Washington Friday.

U. S. sources have indicated all along that about two weeks should show whether there was a good chance of negotiating a cease-fire. That period is now almost up.

KINETON, England (AP)—The locomotive of an ammunition train collided with an army truck at an unguarded crossing in a blinding rain Tuesday night. Six soldiers were killed but there was no explosion.

NEW DELHI, India (AP) — Feroz Gandhi, son-in-law of Prime Minister Nehru, has been hospitalized with a coronary thrombosis. Official sources said Gandhi is recovering.

600 Townfolk Pray Over Telephone Line For Boy

BOSTON, Mass. (AP) — What went on in the mind of 10-year-old Richard Garvin during those few minutes he clung to the phone became evident when the tears broke from his eyes.

He sat in his green and white striped pajamas. His parents were kneeling beside him, at the Children's Medical Center here, some 900 miles from his home town of Wagener, S.C. He listened while 600 people at the other end of the line in Wagener prayed for him to get well.

Liver, Spleen Enlarge

Richard is suffering from a condition which is causing both his liver and spleen to enlarge. Doctors are now trying to determine why.

The people of Wagener gatherd once before when Mr. and Mrs. Fern Garvin were sacrificing everything they owned to pay for their son's medical expenses. Some $3,100 was collected that time.

Tuesday night the townsfolk added another $700. A special benefit show was held in Richard's honor—with a 10-minute telephone call to him as the high point. The call was piped in over a loudspeaker for all at the South Carolina end to hear.

Cries His Thanks

Two ministers spoke to Richard, telling him that everyone at his home was there praying for him. He sat motionless.

Then someone asked him if there was anything he would like to say to the folks on the other end of the line.

"Yes, I would," he said. "I would like to thank you all for everything you all done for me."

"I would like to thank you all," he repeated. "I appreciate it. And I do hope I can get better."

And on those words the tears streamed from his eyes.

Contractor Jailed And Fined $10,000

PITTSBURGH (AP)—Fred L. Scherer, 52-year-old Pittsburgh roofing contractor, must spend 60 days in jail and pay a $10,000 fine for evading payment of $28,000 in income taxes over a 5-year period.

Scherer was sentenced Tuesday by U. S. District Court Judge Herbert P. Sorg.

The contractor pleaded guilty to reporting an income of $19,453 from 1951 through 1955 when he actually earned $108,662. He paid only $2,595 taxes when he should have paid $30,593.

UNITED NATIONS, N.Y. (AP) —Diplomats speculated today that the United States may have succeeded for the last time in sweeping aside a U.N. discussion of the Red China seating issue.

The U.S. proposal to sidetrack the thorny question for another year cleared the General Assembly 44-28 with 9 abstentions. It was the narrowest margin of victory on record for opponents of the move to seat the Chinese Communists in the United Nations.

The Assembly vote automatically canceled India's request that the Assembly stage a full debate on the question.

LITTLE ROCK BOY MOVES NORTH TO GET EDUCATION

JOHNSTOWN, Pa. (AP)—A 16-year-old Little Rock, Ark., youth whose school was closed by an issue over segregation hopes to complete his high school education in Johnstown.

Richard Steinkamp, who attended Hall High School in Little Rock, enrolled Monday in the senior class at Johnstown's Westmont - Upper Yoder - Southmont High School.

Hall High School was one of those closed in Little Rock after the U. S. Supreme Court ruled that Negro students must be admitted to classes.

Tuition Student

Steinkamp's father, William, a Little Rock furniture dealer, arranged for his son to live with a former college classmate, G. Fesler Edwards, in Johnstown and attend school. The youth is a tuition student.

Steinkamp said he plans to complete the school year in Johnstown even if schools are reopened in Little Rock.

All schools are integrated in Pennsylvania, but there are no Negroes presently enrolled at Westmont - Upper Yoder - Southmont High.

POPE NAMES ARCHBISHOP

WASHINGTON (AP) — Pope Pius XII has named Archbishop Albert G. Meyer of Milwaukee to succeed the late Samuel Cardinal Stritch as archbishop of Chicago.

The Chicago archdiocese, with 1,942,000 Catholics, is the largest of the 138 archdioceses and dioceses in the United States.

Announcement of the appointment was made by Archbishop Amleto Giovanni Cicognani, apostolic delegate to the United States.

Archbishop Meyer, a native of Milwaukee, is 55. He was ordained in 1926.

No date was set for the archbishop's formal installation in the Chicago archdiocese.

The announcement made no reference to Archbishop Meyer's successor in Milwaukee.

The Pope last March 1 named Cardinal Stritch proprefect of the Vatican's Congregation for the "Propagation of the Faith—to direct the spreading of the Roman Catholic faith throughout the world."

Cardinal Stritch died in Rome May 27 after suffering a paralyzing stroke a week earlier.

TEACHERS OPEN CLOSED SCHOOL

SHENANDOAH, Pa. (AP)—Five teachers again Wednesday conducted classes in the legally closed West Mahanoy Township High School. But the number of pupils diminished.

Some 150 students attended the rump sessions Tuesday. Only 100 or so trooped into the high school today. A few more than Tuesday obeyed school board ordrers transferring them to classes in Shenandoah and Frackville.

The five teachers, all men, struck last Thursday for back pay. The board promptly closed the high school, asserting it was no longer able financially to keep it open. The 183 pupils were transferred to the other area high schools as tuition students, at a considerable saving to West Mahanoy Township.

BIG GAME REFUGE

COLORADO SPRINGS, Colo. (AP) — The Air Academy now under construction near here will be declared a game refuge area at dedication ceremonies scheduled next year. About 17,000 acres of the academy site will be closed to all hunting and fishing. No game or fish harvest will be permitted until overpopulation of wildlife makes it necessary.

183 MASONS ARE HONORED

PITTSBURGH (AP) — Freemasonry's highest honor — the 33rd degree — was conferred Wednesday upon 183 Masons from 15 states.

The ceremony climaxed the 146th annual convention of the Supreme Council, 33rd Degree, Scottish Rite of Freemasonry for the Northern Masonic Jurisdiction of the United States.

Pennsylvanians who received the 33rd Degree include:

David J. Godschall, Lansdale; Harry D. Burket, Altoona; Wilbur H. Fleck, Kingston; Emerson McKinley Gruver, New Bethlehem; Ernest C. Reynolds, Kittanning; Theodore Helberg, and Clayton W. Fortune, both of Erie; Ernest B. McNitt, New Brighton; William L. McKinley, Newton Square; Wilbert G. Heist, Glenside; Casimir A. Sienkiewicz, Doylestown; William H. Van Voorhees of Chesney Downs; Harry E. Moore, Ambridge; Dominic E. Losasso, Vandergrift; Raymond J. Wachter, Pottsville; Roy A. Stauffer, West Pittson; James W. Sembower, Uniontown; John R. Byrnes, Williamsport, and Lewis R. Wolf of Northumberland.

Snow Falls In Central Rockies

By THE ASSOCIATED PRESS

Snow filtered into the nation's weather picture Wednesday.

Light falls were limited to the northern and central Rockies—a result of a cool trend that prevailed from the northern Plains to the southern Plateau.

The chilly zone was part of a larger low pressure area that scattered showers from the upper Great Lakes to the Panhandle of Texas.

Mostly fair weather was the rule elsewhere.

A heavy thundershower dumped more than an inch of rain on Palm Beach, Fla., during Tuesday night.

Other rains Tuesday wet parts of Illinois, Iowa, Wisconsin and Minnesota.

Temperatures in the 30s prevailed in northern Nevada northward to Idaho and eastern Oregon and western Montana. Butte, Mont., reported a low of 31 degrees and light snow. A mixture of snow and rain cut visibility to half a mile at Ely, Nev.

Les Andreas, Syracuse University athletic director and former cage coach, was named to the Helms Hall of Fame for his achievements as a basketball coach.

World Briefs

WARSAW, Poland (AP) — Indications mounted here today that the Far East cease-fire talks between the United States and Communist China are rapidly approaching a climax.

U. S. Ambassador Jacob Beam studies new instructions for Thursday's fourth conference with Red China's envoy, Wang Ping-nan.

Informed sources said this meeting was likely to be the definitive one — one way or another — because President Eisenhower plans to issue a formal Far East policy statement in Washington Friday.

U. S. sources have indicated all along that about two weeks should show whether there was a good chance of negotiating a cease-fire. That period is now almost up.

KINETON, England (AP)—The locomotive of an ammunition train collided with an army truck at an unguarded crossing in a blinding rain Tuesday night. Six soldiers were killed but there was no explosion.

NEW DELHI, India (AP) — Feroz Gandhi, son-in-law of Prime Minister Nehru, has been hospitalized with a coronary thrombosis. Official sources said Gandhi is recovering.

American Way Of Life Serves Army Families In West Berlin

BERLIN (AP) — In allied-occupied West Berlin, 110 miles behind the Iron Curtain transplanted American housewives live in a transplanted bit of the United States.

They are among 50,000 Army, Navy and Air Force wives in West Germany, more than in any other foreign nation. Most live in "little Americas" in which the Army provides housing, shops, clubs and recreational facilities.

It's not a very different life.

"We live about the same way here as in the States," says Mrs. Hazel B. Gallagher, 34, of Jersey City, N. J. "You can make your home life be what you want it to be wherever you are."

Spacious Quarters

Mrs. Gallagher lives in West Berlin where her 36-year-old husband, M/Sgt. Frank B. Gallagher, is stationed with the 6th Infantry Regiment, principal combat unit garrisoning the American sector of Berlin.

The Gallaghers have three boys and a girl gathered along the path of an 18-year Army career. Patrick, 9, and Michael, 8, were born at Ft. Sam Houston, Tex.; Kathleen, 5, was born in Munich, Germany, and Dennis, 3, in Salzburg, Austria.

They live in quarters furnished by the Army — a spacious semi-detached house with two large living rooms, a dining room, six bedrooms and two utility rooms. It is a requisitioned German house in a beautifully landscaped quadrangle of Zehlendorff, one of Berlin's best suburbs.

Army Upkeep

The Army heats the Gallagher home and takes care of repairs, redecoration and garbage collection.

"It's much better than we could hope to have on the average in America," says Mrs. Gallagher. Her only complaint is with "that small German kitchen."

The house is somewhat better than the Army-built, strictly utilitarian apartment houses and small homes where most of the enlisted men and junior officers are housed.

Help Comes Cheap

Mrs. Gallagher has a German maid to help her, whom she pays, $28 a month plus room and board. Sometimes the maid cooks a special German dinner such as wiener schnitzel or gulasch, but usually Mrs. Gallagher does her own American-style cooking.

Most of the shopping is done at the Army commissary which resembles an American self-service supermarket. American foods, including frozen items, are available. Mrs. Gallagher supplements her commissary buying with German market vegetables when they are cheaper and German pastries and rolls.

There is no TB-tested milk on the German market but the commissary delivers tested imported milk to the Gallagher doorstep.

Army Shopping Center

The commmissary is located in the shopping center with a Post Exchange which resembles a department store, snack bars, post office, American Express bank, dry cleaning, laundry and other shops.

In the liquor shop, the Gallaghers can get tax-free spirits. Scotch, for example, costs only $2.30 for a good brand fifth.

"We do some shopping in the German shops for things like clothes to get a little more variety and sometimes because things are cheaper," says Mrs. Gallagher. "Last winter we bought the children coats in the German shops."

Free School

The three older Gallagher children go to the Army's Berlin American School, tuition free. With its American teachers, the school is better on the average than schools in the States.

"There is no special problem here for us in raising our family," Mrs. Gallagher says. "Our children lead natural, average sort of American lives."

The Gallaghers like Berlin folk, but like most Army people their contacts with the German community are limited.

Limited Contact

The children play with German children living nearby. Wolfgang, 15, and his 13-year-old sister, Katrina, who live with their parents in a single rented room, are frequent visitors. "Wolfgang came to our Fourth of July picnic," says Mrs. Gallagher. "We gave him his first hot dog. He couldn't figure out what our potato chips were.

"Wolfgang's mother comes to visit me several times a week, sometimes for tea. She speaks a little English and I speak a little German so we can understand each other."

"I think the Germans in Berlin like Americans," Mrs. Gallagher says. "As one girl told me, 'As long as the American families stay in Berlin, we know there is nothing much to worry about.' "

BAD MONTH

ZIONSVILLE, Ind. (AP) — Young Bill Paton is considering just staying in bed all next May. In May, 1956, he came down with the measles, in May, 1957, he broke a bone in his foot while wrestling, and this May he suffered a fractured leg while playing basketball.

OHIO TELLER IN SWIM OF THINGS

COLUMBUS, Ohio (AP) — When a 63-year-old Columbus, Ohio, bank teller jumped into England's River Thames the other day, a passing Londoner reportedly exclaimed:

"Hey, the bloke's committing suicide!"

If his head hadn't been underwater, the teller — whose name is James N. Sleppey — might have yelled back:

"Nope, just relaxing with my hobby."

Sleppey's hobby is swimming waterways. He started out on this unusual pursuit only about three years ago.

At the age of 60, he says, it suddenly came to him that his life "could not, by any stretch of the imagination, be called glamorous." He decided to begin anew at 60.

Rivers Are Favorite

Since then he has made more than 30 endurance swims during leaves from the bank.

Rivers are his favorite opponents, the aquatically inclined bachelor says, and he ticks off the Ohio, Mississippi, Hudson, Potomac, Colorado and Missouri among his conquests. Then of course there's the Thames. That took 23 minutes.

After going as far as South America and Hawaii to tackle bays and off-shore courses in both oceans, as well, Sleppey is looking for new worlds — or waterways — to conquer. Continental Europe's rivers look tempting, he says.

Does his new start after 60 include the possibility of marriage?

Sleppey refers to a newspaper story written during his South American visit. "Since he thinks he is not very old yet," it says, "he says he can wait a while."

DENVER, Colo. (AP) — Rings to be presented to the first graduating class of cadets from the Air Force Academy have been flown through the sound barrier in sonic ceremonies over eastern Colorado.

An F-86 Sabrejet was used to carry the more than 200 class rings which will be presented to the class of 1959. The ring ceremony will become an annual affair for all graduating classes.

NORMAN, Okla. (AP) — Mortimer D. Schwartz, chairman of the Norman Public Library Board, made a stirring appeal before the City Commission for a new library building but he spoke in a half-bent position.

He explained to the commission he had a crick in his back, and added: "I would like to say I got it from holding up the old library building to keep it from falling down. But the truth is I did a little too much gardening."

One Dog's Best Friend Is 11-Year-Old Master

HONOLULU (AP) — A boy, oft times, can be a dog's best friend. Especially in the case of 11-year-old Steve Doughty, and his dog, Rusty, a 2-year-old beagle.

When Steve's family moved to Hawaii last September, they had to leave Rusty behind with relatives in Northridge, Calif. Steve's father, Navy Chief Photographer Robert Doughty, promised he would pay the lad's fare back to the West Coast to get Rusty if Steve could save half of it — about $65.

For five months, Steve washed cars, mowed lawns, went without ice cream, saved his 50-cents weekly allowance. Finally, he saved $62 and his dad put up the rest. Steve went back to California to pick up Rusty.

THANKS, SIS

CONNERSVILLE, Ind. (AP) — Sarah Riley refused to take all the credit for attending school for 12 years without missing a single day of class.

"I owe it all to my older sister," she said. "She brought all the childhood diseases home to me, so there was nothing left for me to have after I started to school."

METHODIST MEN GROWING

CHICAGO (AP) — "Methodist Men is now the largest men's organization of any Protestant church in the world," says Dr. Robert G. Mayfield, general secretary of the Methodist Board of Lay Activities. He said the church now has 12,000 chartered men's clubs—2,000 more than two years ago.

Stamp News

By SYD KRONISH

The 4-cent Forest Conservation commemorative stamp — the first such stamp in U. S. postal history —also will mark the 100th anniversary of the birth of Theodore Roosevelt. It goes on first day sale Oct. 27 at Tucson, Ariz., coinciding with the annual meeting of the American Forestry Assn.

The yellow, brown and green adhesive will feature the major aspects of forest conservation including new growth of young trees, harvesting of mature timber under scientific forest management, home and shelter for wildlife and birds; and protected watersheds.

In addition to honoring Theodore Roosevelt, one of the earliest forest conservationists in the country, the stamp also salutes the many private and public agencies which have played a large part in the protection of the nation's natural resources.

Collectors desiring first day cancellations may send addressed envelopes to the Postmaster, Tucson, Ariz., together with money orders covering the cost of the samps prior to Oct. 27.

This is a vertical stamp. Envelopes, therefore, should be addressed in the lower left corner.

• • •

An event of historic significance in the postal relations between the United States and Canada took place recently in Ottawa. The meeting attended by 16 postal and stamp design experts of both countries had as its sole item of business a U. S. proposal that Canada and the U. S. join in issuing a commemoratie postage stamp to mark the opening of the St. Lawrence Seaway early next year.

This will be the first time in Canadian-U.S. history that the two countries will join in issuing a stamp embodying the same basic design.

• • •

Cuba has issued a new 2 centavos brown stamp honoring Dr. Jose Garcia Montes (1849-1926). He was a noted lawyer and chief justice. Dr. Montes was the first Secretary of the Treasury of Cuba in 1902. The new stamp bears his portrait.

• • •

Viet Nam reporst a new 1.50 dong blue and brown stamp to honor and promote the physical culture movement in that country. Depicted is a young girl performing calisthentics. A 500 dong of the same design is in brown red.

RURAL ART

COLUMBUS, Ind. (AP) — A farmer near here finally agreed to let Mrs. William Menke paint his barn—but he has reservations about it.

The 26-year-old housewife and amateur artist said she'll paint the barn with "an abstract, whimsical farm scene" and the owner isn't quite sure just what she means.

ADVERTISE IN THE TIMES

JUNGLE LULLABY

LOUISVILLE, Ky. (AP) — Mr. and Mrs. Leo Halliwell say they have no trouble sleeping after 33 years as missionaries in the Amazon River Valley.

Halliwell made a tape recording of jungle sounds before they left the Amazon. The couple play the tape every night. They say it lulls them to sleep.

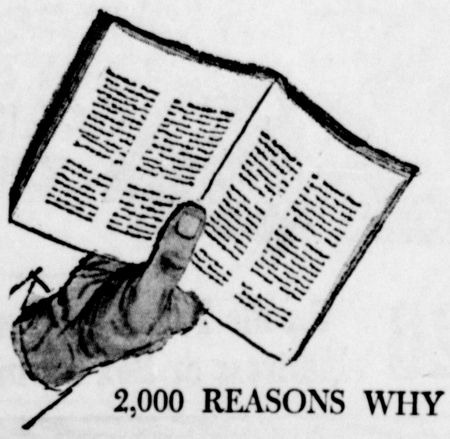

THE FOUNT

NOTRE DAME, Ind. (AP) — The majority of America's Roman Catholic seminarians come from middle class families, are graduates of home town high schools before entering seminary, and have at least one relative in the priesthood, a study by the Rev. Joseph H. Fichter, a sociology professor, shows.

TALKING SERGEANT

TWIN FALLS, Idaho (AP) — Maybe it comes natural to sergeants. Army M/Sgt. Robert Richards won a regional Toastmasters Club speech contest, beating a covey of civilians.

SARINA, Ont. (AP)—Michael Skelton, 9, made a friend for life when he rescued a deserted baby robin. Fed with eye-dropper and tweezers, the bird won't leave the Skeltons' yard. His favorite perch is on Michael's shoulder.

American Way Of Life Serves Army Families In West Berlin

BERLIN (AP) — In allied-occupied West Berlin, 110 miles behind the Iron Curtain transplanted American housewives live in a transplanted bit of the United States.

They are among 50,000 Army, Navy and Air Force wives in West Germany, more than in any other foreign nation. Most live in "little Americas" in which the Army provides housing, shops, clubs and recreational facilities.

It's not a very different life.

"We live about the same way here as in the States," says Mrs. Hazel B. Gallagher, 34, of Jersey City, N. J. "You can make your home life be what you want it to be wherever you are."

Spacious Quarters

Mrs. Gallagher lives in West Berlin where her 36-year-old husband, M/Sgt. Frank B Gallagher, is stationed with the 6th Infantry Regiment, principal combat unit garrisoning the American sector of Berlin.

The Gallaghers have three boys and a girl gathered along the path of an 18-year Army career Patrick, 9, and Michael, 8, were born at Ft Sam Houston, Tex.; Kathleen, 5, was born in Munich, Germany, and Dennis, 3, in Salzburg, Austria.

They live in quarters furnished by the Army — a spacious semi-detached house with two large living rooms, a dining room, six bedrooms and two utility rooms. It is a requisitioned German house in a beautifully landscaped quadrangle of Zehlendorff, one of Berlin's best suburbs.

Army Upkeep

The Army heats the Gallagher home and takes care of repairs, redecoration and garbage collection.

"It's much better than we could hope to have on the average in America," says Mrs. Gallagher Her only complaint is with "that small German kitchen."

The house is somewhat better than the Army-built, strictly utilitarian apartment houses and small homes where most of the enlisted men and junior officers are housed.

Help Comes Cheap

Mrs. Gallagher has a German maid to help her, whom she pays, $28 a month plus room and board Sometimes the maid cooks a special German dinner such as wiener schnitzel or gulasch, but usually Mrs. Gallagher does her own American-style cooking.

Most of the shopping is done at the Army commissary which resembles an American self-service supermarket. American foods, including frozen items, are available. Mrs. Gallagher supplements her commissary buying with German market vegetables when they are cheaper and German pastries and rolls.

There is no TB-tested milk on the German market but the commissary delivers tested imported milk to the Gallagher doorstep.

Army Shopping Center

The commmissary is located in the shopping center with a Post Exchange which resembles a department store, snack bars, post office, American Express bank, dry cleaning, laundry and other shops.

In the liquor shop, the Gallaghers can get tax-free spirits. Scotch, for example, costs only $2.30 for a good brand fifth.

"We do some shopping in the German shops for things like clothes to get a little more variety and sometimes because things are cheaper," says Mrs. Gallagher. "Last winter we bought the children coats in the German shops."

Free School

The three older Gallagher children go to the Army's Berlin American School, tuition free. With its American teachers, the school is better on the average than schools in the States.

"There is no special problem here for us in raising our family," Mrs. Gallagher says. "Our children lead natural, average sort of American lives."

The Gallaghers like Berlin folk, but like most Army people their contacts with the German community are limited.

Limited Contact

The children play with German children living nearby Wolfgang, 15, and his 13-year-old sister, Katrina, who live with their parents in a single rented room, are frequent visitors. "Wolfgang came to our Fourth of July picnic," says Mrs. Gallagher "We gave him his first hot dog. He couldn't figure out what our potato chips were.

"Wolfgang's mother comes to visit me several times a week, sometimes for tea. She speaks a little English and I speak a little German so we can understand each other."

"I think the Germans in Berlin like Americans," Mrs. Gallagher says. "As one girl told me, 'As long as the American families stay in Berlin, we know there is nothing much to worry about.'"

BAD MONTH

ZIONSVILLE, Ind. (AP) — Young Bill Paton is considering just staying in bed all next May. In May, 1956, he came down with the measles, in May, 1957, he broke a bone in his foot while wrestling, and this May he suffered a fractured leg while playing basketball.

OHIO TELLER IN SWIM OF THINGS

COLUMBUS, Ohio (AP) — When a 63-year-old Columbus, Ohio, bank teller jumped into England's River Thames the other day, a passing Londoner reportedly exclaimed:

"Hey, the bloke's committing suicide!"

If his head hadn't been underwater, the teller — whose name is James N. Sleppey — might have yelled back:

"Nope, just relaxing with my hobby."

Sleppey's hobby is swimming waterways. He started out on this unusual pursuit only about three years ago.

At the age of 60, he says, it suddenly came to him that his life "could not, by any stretch of the imagination, be called glamorous." He decided to begin anew at 60.

Rivers Are Favorite

Since then he has made more than 30 endurance swims during leaves from the bank.

Rivers are his favorite opponents, the aquatically inclined bachelor says, and he ticks off the Ohio, Mississippi, Hudson, Potomac, Colorado and Missouri among his conquests. Then of course there's the Thames. That took 23 minutes.

After going as far as South America and Hawaii to tackle bays and off-shore courses in both oceans, as well, Sleppey is looking for new worlds — or waterways — to conquer. Continental Europe's rivers look tempting, he says.

Does his new start after 60 include the possibility of marriage?

Sleppey refers to a newspaper story written during his South American visit. "Since he thinks he is not very old yet," it says, "he says he can wait a while."

DENVER, Colo. (AP) — Rings to be presented to the first graduating class of cadets from the Air Force Academy have been flown through the sound barrier in sonic ceremonies over eastern Colorado.

An F-86 Sabrejet was used to carry the more than 200 class rings which will be presented to the class of 1959. The ring ceremony will become an annual affair for all graduating classes.

NORMAN, Okla. (AP) — Mortimer D. Schwartz, chairman of the Norman Public Library Board, made a stirring appeal before the City Commission for a new library building but he spoke in a half-bent position.

He explained to the commission he had a crick in his back, and added: "I would like to say I got it from holding up the old library building to keep it from falling down But the truth is I did a little too much gardening."

One Dog's Best Friend Is 11-Year-Old Master

HONOLULU (AP) — A boy, oft times, can be a dog's best friend. Especially in the case of 11-year-old Steve Doughty, and his dog, Rusty, a 2-year-old beagle.

When Steve's family moved to Hawaii last September, they had to leave Rusty behind with relatives in Northridge, Calif. Steve's father, Navy Chief Photographer Robert Doughty, promised he would pay the lad's fare back to the West Coast to get Rusty if Steve could save half of it — about $65.

For five months, Steve washed cars, mowed lawns, went without ice cream, saved his 50-cents weekly allowance. Finally, he saved $62 and his dad put up the rest. Steve went back to California to pick up Rusty.

THANKS, SIS

CONNERSVILLE, Ind. (AP) — Sarah Riley refused to take all the credit for attending school for 12 years without missing a single day of class.

"I owe it all to my older sister," she said. "She brought all the childhood diseases home to me, so there was nothing left for me to have after I started to school."

METHODIST MEN GROWING

CHICAGO (AP) — "Methodist Men is now the largest men's organization of any Protestant church in the world," says Dr. Robert G. Mayfield, general secretary of the Methodist Board of Lay Activities. He said the church now has 12,000 chartered men's clubs—2,000 more than two years ago.

Stamp News

By SYD KRONISH

The 4-cent Forest Conservation commemorative stamp — the first such stamp in U. S. postal history —also will mark the 100th anniversary of the birth of Theodore Roosevelt. It goes on first day sale Oct. 27 at Tucson, Ariz., coinciding with the annual meeting of the American Forestry Assn.

The yellow, brown and green adhesive will feature the major aspects of forest conservation including new growth of young trees, harvesting of mature timber under scientific forest management, home and shelter for wildlife and birds; and protected watersheds.

In addition to honoring Theodore Roosevelt, one of the earliest forest conservationists in the country, the stamp also salutes the many private and public agencies which have played a large part in the protection of the nation's natural resources.

Collectors desiring first day cancellations may send addressed envelopes to the Postmaster, Tucson, Ariz., together with money orders covering the cost of the samps prior to Oct. 27.

This is a vertical stamp. Envelopes, therefore, should be addressed in the lower left corner.

An event of historic significance in the postal relations between the United States and Canada took place recently in Ottawa. The meeting attended by 16 postal and stamp design experts of both countries had as its sole item of business a U. S. proposal that Canada and the U. S. join in issuing a commemorative postage stamp to mark the opening of the St. Lawrence Seaway early next year.

This will be the first time in Canadian-U.S. history that the two countries will join in issuing a stamp embodying the same basic design.

Cuba has issued a new 2 centavos brown stamp honoring Dr. Jose Garcia Montes (1849-1926). He was a noted lawyer and chief justice. Dr. Montes was the first Secretary of the Treasury of Cuba in 1902. The new stamp bears his portrait.

Viet Nam reporst a new 1.50 dong blue and brown stamp to honor and promote the physical culture movement in that country. Depicted is a young girl performing calisthentics. A 500 dong of the same design is in brown red.

RURAL ART

COLUMBUS, Ind. (AP) — A farmer near here finally agreed to let Mrs. William Menke paint his barn—but he has reservations about it.

The 26-year-old housewife and amateur artist said she'll paint the barn with "an abstract, whimsical farm scene" and the owner isn't quite sure just what she means.

ADVERTISE IN THE TIMES

JUNGLE LULLABY

LOUISVILLE, Ky. (AP) — Mr. and Mrs Leo Halliwell say they have no trouble sleeping after 33 years as missionaries in the Amazon River Valley.

Halliwell made a tape recording of jungle sounds before they left the Amazon. The couple play the tape every night. They say it lulls them to sleep.

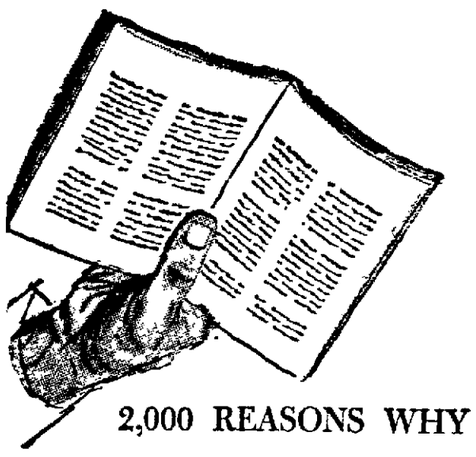

THE FOUNT

NOTRE DAME, Ind. (AP) — The majority of America's Roman Catholic seminarians come from middle class families, are graduates of home town high schools before entering seminary, and have at least one relative in the priesthood, a study by the Rev. Joseph H. Fichter, a sociology professor, shows.

TALKING SERGEANT

TWIN FALLS, Idaho (AP) — Maybe it comes natural to sergeants. Army M/Sgt Robert Richards won a regional Toastmasters Club speech contest, beating a covey of civilians.

SARINA, Ont. (AP)—Michael Skelton, 9, made a friend for life when he rescued a deserted baby robin. Fed with eye-dropper and tweezers, the bird won't leave the Skeltons' yard. His favorite perch is on Michael's shoulder.

Nutrition Research Offers Weight-Watchers New Hope Says Noted Home Economist

Weight-watchers and calorie-counters can take new hope. Even more meat in their diets may soon be the order of the day, according to a prominent foods authority.

Miss Layneigha Chapman, lecturer for the "FOODS WITH A FLAIR" cooking school, said this encouraging information came out of research recently completed at Oklahoma State University. The cooking school, sponsored by The Gettysburg Times, will be held in the Gettysburg High School auditorium for three nights, beginning September 30.

Miss Chapman, and Miss Janice Plager, assistant lecturer, are both graduate home economists, serving on the staff of the National Livestock and Meat Board. In addition to their knowledge on food preparation, care and cookery, they are also well versed on the subject of nutrition, not only through their scholastic training but also in connection with their work with the meat board. The board has been responsible for much of the research that has been conducted in the fields of food and nutrition during the past 35 years.

Awareness Of Nutrition

Miss Chapman says that one of the most encouraging trends she has found in her work with homemakers is the increasing awareness of nutrition in meal planning. She said that most homemakers are making a real effort to provide their families with meals that are not only appetizing but also well balanced nutritionally. They are meeting with real success, because they have found, and their families have found, that foods that are good for them also taste good, she noted.

Regarding the Oklahoma State University research, Miss Layneigha Chapman, lecturer, said these studies show that meat, as it is produced and eaten today, has more protein than it has been getting credit for and significantly less fat and fewer calories.

Include More Meat

"These findings could very well cause an upward revision of food composition tables now in use regarding the protein content of meat, and a downward revision of figures on meat fat and calories," Miss Chapman said. "This could mean that, when physicians, dietitians and nutritionists make their calculations in the future, they will be able to include even larger amounts of meat in the diets of patients with weight problems."

She stated that nutrition research at medical centers, universities and colleges indicates that the safest diet for the average person, with or without weight problems, is one which features substantial amounts of the high protein protective foods of animal origin — such as beef, veal, pork, lamb, fish, poultry and dairy products—together with a moderate amount of fat (butter, lard, margarine, meat fats, etc.) and a smaller amount of sweets and starches.

Miss Chapman observed that meat offers the homemaker a wide range of nutritious products for use in planning meals that are nutritious and appetizing. What makes it more appealing is that it has been proven the less-demanded cuts and kinds of meat are just as nutritious as the more popular cuts. Moreover, when cooked by the proper method, they are also delicious and taste-tempting.

Five Properties Are Transferred

The following deeds were filed in the office of the register and recorder this morning.

"Foods With A Flair": Canned Meat Capers

Years ago meal preparation proved to be a rather time-consuming, involved affair.

Today modern homemakers have scores of handy helpers! For the magic of household appliances plus step-saving features in kitchen design have each contributed their share in making the day's work easier.

However, there's another important helper which must be headlined . . . and that's those wonderful foods-in-a-can! Foremost in line of these canned products have been meats.

It's a clever homemaker who understands how these tasty meats can be made to work for her. Though they are ready to eat as they come from the container, they combine well with other foods to produce an unlimited supply of new and different menu ideas. Actually, there's a canned meat appropriate for any meal, any time of the day.

One favorite way to use these ready-to-eat meats is to star them in hearty casserole or creamed dishes. They're good in sandwiches or hors d'oeuvres, too, either hot or cold.

Luncheon Loaf-Fruit Kabobs provide another clever method for serving canned meat. Though they're pretty enough for guests, you'll often find yourself serving them to the family, too!

For 4 servings you'll need 2 cans (12 ounces each) of canned luncheon loaf, 1 can (1 pound) of pineapple chunks and 8 maraschino cherries. Cut the meat into 1-inch squares. Then, thread a pineapple chunk and then a meat cube on each skewer, alternating until the skewers are filled with three of each. On the tip of each slip a maraschino cherry. Brush each kabob with a mixture of 3 tablespoons melted butter, ¼ cup of brown sugar and 1 teaspoon of prepared mustard. Broil the meat on the skewers until lightly brown on all sides, a total of 10 to 12 minutes.

Serve these hot Luncheon Meat-Fruit Kabobs immediately. They're especially good teamed with buttered French-style green beans and a crisp salad.

Weddings

Park—Pastorett

Miss Mary Jane Pastorett, daughter of Mr. and Mrs. Thomas H. Pastorett, Rocky Ridge, Md. and Dr. Chang Toon Park, Baltimore, son of Mr. and Mrs. Myung Suh Park, Kyung-ju, Korea, were united in marriage on Saturday at 11 a.m. in St. Anthony's Church, Emmitsburg. The double-ring ceremony was performed by the Rev. Vincent J. Tomalski.

The bride given in marriage by her father wore a floor-length gown of net and tulle over satin with a lace bodice and long sleeves ending in points over the wrists. The round neckline was embroidered in seed pearls and her fingertip veil of tulle fell from a headpiece of pleated lace and seed pearls. She carried a colonial type bouquet of white roses and pompons.

Mrs. Ernest Seltzer, church organist, played traditional wedding marches and hymns. The altar was decorated with baskets of mixed gladioli.

Mrs. Barbara Sweeney, Frederick, matron of honor, wore a pink ballerina length gown of lace over satin, with short matching jacket with long sleeves ending in points over the fingertips. She wore a pink feather half hat and carried a colonial bouquet of mixed roses and pompons.

Dr. Pelagio Layug, Baltimore, was best man.

The bride's mother wore an apricot street length dress fashioned with a fitted bodice and full princess skirt with black accessories. She wore a corsage of yellow rosebuds.

The groom's parents were unable to attend.

Immediately following the ceremony a reception was held at the home of the bride.

For their wedding trip to New York City the bride wore a navy blue sheath, trimmed in white, with short matching jacket and white accessories. Upon their return the couple will reside at 461 Hornel St., Baltimore.

The bride is a 1952 graduate of St. Joseph's High School. She graduated from St. Joseph College in 1956 with a B.A. degree. She was a member of Kappa Gamma Pi, and the National Honor Society of Catholic Women's Colleges. At present she is employed as head technician in the Baltimore City Hospital.

The groom graduated from Kyung-bur University School of Medicine, Taegv, Korea, and served his internship at the University Hospital, Taegv, He completed residency in anesthesiology at Baltimore City Hospital, Baltimore, in 1958. He served in the South Korean Army during the Korean War and is presently employed in the anesthesiology department at Baltimore City Hospital.

Out-of-town guests were from: Frederick, Taneytown, Baltimore and Annapolis, Md. Washington, D. C., Gettysburg, Pa. and Columbus, Ohio.

Fisher—Damuth

Miss Nora Bell Damuth, daughter of the late Lester E. and Reaba Poole Damuth, Emmitsburg, and Eugene Fisher, son of Mr. and Mrs. Donald Fisher, Rocky Ridge, were married recently at a candlelight ceremony performed by the Rev. Morgan R. W. Andreas, pastor of the Grace Evangelical and Reformed Church. The double ring ceremony took place at Rev. Andreas' home in Taneytown.

The bride wore a light blue linen dress with white accessories and a corsage of red roses. Mrs. Harold G. Cool, sister of the bride, Littlestown, was matron of honor. She wore a pink dress with white accessories and a corsage of white roses. The best man was Harold G. Cool, Littlestown.

After a short wedding trip the couple will reside at Rocky Ridge, Md. Both the bride and groom attended Emmitsburg High School.

Boston Cops Issued Advice To Drunks

BOSTON (AP) — Advice to a drunk from the Massachusetts Chiefs of Police Assn. news letter:

"Since you cannot refrain from drinking, why not start a saloon of your own in your own home? Be the only customer and you will not have to buy a license.

"Give your wife $55 to buy a case of whisky. There are 240 drinks in a case. Buy all your drinks from your wife at 60 cents a drink.

"In 12 days (when the case is gone) your wife will have $89 to put in the bank and $55 to buy another case. If you live 10 years and continue to buy your whisky from your wife and die in your boots, your widow will have $27,125.47 on deposit.

"That's enough to bring up your children, pay off the mortgage, marry a decent man and forget she ever knew a bum like you."

JUMPING TO CONCLUSIONS

NORMAN, Okla. (AP) — Detective Albert Dodd investigated a complaint that some small boys were smoking long brown objects, possibly marijuana, a caller said. He located the area where the boys were sighted and found a large grape vine with many of its dead branches broken off.

LOST COMRADE

BILOXI, Miss. (AP) — Mississippi American Legion members used to address each other as "Comrade" but by recently passed resolution they now are supposed to use "Legionnaire" as the salutation.

SERVICE COOPERATION

VIRGINIA BEACH, Va. (AP) — The Virginia National Guard's launcher for radio-controlled anti-aircraft targets went on the blink. The Navy's Atlantic Fleet air defense training center quickly went into action to furnish targets from its permanent launchers just two miles south of the state's military reservation.

Young Blonde Makes Good As Lockheed Missile Engineer

BURBANK, Calif. (AP) — A 14-year-old girl watched a Pratt-Whitney airplane motor being revived on a truck in Joliet, Ill. in 1942 during a War Bond drive and decided instantly she was going to be an aviation engineer.

Today, 30-year-old Florine Cain is a slim, green-eyed blonde engineer with undiminished enthusiasm for aeronautical science.

She has helped design the new Lockheed X7 ramjet-powered test missile. This new 37-foot device was developed to test the powerful ramjet engines that will propel the Air Force's advanced interceptor missiles.

Married to Richard Cain, contracts administrator for Lockheed's aircraft division, she is engaged in design engineering in the missile systems division.

"I kid him about getting planes in the air while I'm helping design missiles to shoot them down," she says. "But he likes his work and I have been engrossed in mine here for the last three years. I love it. I wouldn't want to be doing anything else.

First Powerplant Grad

"I was the first woman to be graduated from the powerplant section of the aeronautical school at Purdue University in 1951. From there I went into ordnance work, and when that dwindled I took a job with a railroad, doing diesel powerplant work. A strike cut me out of that. I'm glad it did.

"I went to the Illinois Institute of Technology and worked on high cyclic rate gun design. We were firing 40-millimeter guns, 200 rounds a minute, and did our test firing at Fort Sheridan, near Lake Michigan. It was rather dangerous work, as we mixed our own propellants, and we had some close calls."

One of the few women in the highly technical field of missiles, Mrs. Cain says the work holds opportunities for women. She believes that more and more women will be going into all kinds of scientific fields.

Early Vocational Guidance

"I think vocational guidance should be started earlier with our children," she says. "There is no use waiting until a student is about through with high school or into college before he makes up his mind what he intends to do about making a living. I think we should seek out the talents and aptitudes of children on a continuing basis in the earlier years, and direct them along those lines, for this assuredly is the age of specialization as never before."

Mrs. Cain and her husband have their own ketch, the "Love Affair," and spend most summer weekends in Southern California waters. They also are sports car enthusiasts, have a swimming pool at their home high in Beverly Hills, and divide the housework because they have no servants.

"We eat out a lot," she confesses, "but we seem to have a busy schedule and there isn't too much time for cooking. We're trapped, just like everybody else in this busy world."

Stauffer Flunked, Demo Opponent Says

DILLSBURG, Pa. (AP)—James M. Quigley, Democratic candidate for U. S. Representative in the Adams-Cumberland-York County District, says that his opponent "has flunked every valid test of a good congressman."

Quigley referred to incumbent U. S. Rep. S. Walter Stauffer in a speech to the northern York County Democratic Club Tuesday night. He said a Congressman is judged by what he says and does and by how he votes.

Stauffer, he declared, "has failed each of these tests miserably. The fact of the matter is that your voice in Congress was never heard during the entire two years of the 85th Congress. And if your Republican Congressman said nothing, he did even less."

Greencastle Driver Uninjured In Crash

RUSSELL, Mass. (AP) — A Greencastle, Pa., truck driver, Lloyd A. Koffman, 33, emerged uninjured but soapy Tuesday when his huge trailer plunged 250 feet down a ravine on the Massachusetts Turnpike.

Koffman was tossed about like a sheet in an automatic washer when the truck and cab rolled over several times.

His cargo of household cleaning fluid broke loose and soaped him thoroughly.

Wally Blanchard of Phoenix, Ariz., is recognized as one of the nation's top bass fishermen, and his lunker-landing feats are legendary.

CO-ED FRESHMEN PLAY THE FIELD

By DOROTHY ROE
The Associated Press

A Freshman may major in any subject, but it's a safe bet that her major concern is clothes.

This season the problem of assembling a proper college wardrobe is complex, because a girl is faced with a bewildering choice of silhouettes. There are the chemise, the trapeze, the blouson, the jumper, the middy, the Empire, the camise, the balloon, the dust-ruffle, the harem and goodness knows what else.

Many girls starting off to college play safe and take along one of everything. This puts a strain on both transportation facilities and closet space and is likely to irritate parents when most of the extra clothes are shipped back home.

A better plan is to consult an upperclassman from your college on campus clothes customs. You'll probably find that most of your weekday hours will be spent in sweaters and skirts or Bermuda shorts. For weekend trips and dates a few simple dresses of wool, jersey or corduroy will do the trick, with maybe a suit for traveling. And the street-length cocktail dress is the usual choice for dressy evenings, rather than formal evening gowns.

The college girl also should consider wardrobe upkeep, and choose as many things as possible in washable fabrics that need little or no ironing. In this category corduroy is a popular choice, available this year in high colors and bold plaids, in separates or dresses.

NOT A DREAM

EL PASO, Tex. (AP) — Oralia Delgado told police she woke up screaming, thinking she felt a hand on her face. She dismissed it as a bad dream and went back to sleep. In the morning she found burglars had ripped out a screen and made off with a purse from near her bed.

AUTUMN MEANS REDECORATING IN MOST HOMES

By VIVIAN BROWN
The Associated Press

Fall is house weeding time. Bureau drawers and closets are emptied of paraphernalia, and every homemaker tries to give her home a touch of glamor as she gets set for the winter social season. Along come these questions seeking last minute advice:

Q. Are draperies going out? I notice more people are using light curtain type window treatments, and valances and heavy draperies seem to be moth balled.

A. We are definitely living in a use-what-you-like age. There are so many styles of architecture these days — with newer homes sporting picture and casement windows which are best flattered by light filmy draw string curtains — that no one window style seems to be apparent. People use shades, venetian blinds, shutters or whatever best suits their interior and exterior arrangements. Draperies are no longer the stong suit in the living room, but many people still use them.

Could Be Surprised

Q. Have you ever known any one who is loaded with tables, all good, inherited from ancestors, but with no other outstanding furniture to balance off their table antiques? My other furniture is late Grand Rapids and Chappaqua modern, and aside from the tables — a good primitive mahogany dining table, a spool-turned mahogany end table, a Queen Anne candlestand, a dark finished French mahogany piece with Chippendale carved legs and a good tip-top table — I haven't a good piece of furniture. I don't want to part with these heirlooms, but how can I integrate them into my home furnishings scheme?

A. You could be surprised at the results achieved by changing wood tones of antique tables. All your tables are mahogany, so why not have them refinished to approximately the same wood tone and finish? Then find uses for them. One of the dining size tables could be used in a bay-window area for displaying plants, perhaps in special containers. You'll find uses for the other tables when you get them in compatible wood tones.

Sharing A Home

Dramatic antique patterned and textured upholstery materials may put second rate furniture in the chic bracket so it will complement the antique pieces.

Q. My husband and I are sharing a home with his parents. The furnishings are hopelessly anti-micassar, and I don't think it is bearable. Should I offer to do a decorating job on the house or lose my sanity?

A. It is their house, and you will probably shock them by trying to reorganize it. You could ask them if you could redo your bedroom, and perhaps they will appreciate your efforts enough to invite you to use your talents on other rooms.

Wooing Pair Nabbed For False Pretenses

PHILADELPHIA (AP) — Two men have been charged with obtaining money from two women under false pretenses by promising to marry them.

Police said Joseph Kitchen, 43, of Palmerton, and Steve Dansel, 43, of Bethlehem, posed as test pilots for plane manufacturers while wooing two Philadelphia women they met at a dance hall.

They were arrested Tuesday in a hotel room in nearby Camden, N. J., after the women became suspicious and called police. They waived extradition.

Kitchen was accused of receiving "advance gifts" of $1,500 from Miss Bertha Hughes, 36.

Dansel asked Miss Olga Sukernick, 38, for $5,000, police said, but received only $90 before the women decided they were being bilked.

New Presbyterian Church Is Planned

CHAMBERSBURG, Pa. — A new Presbyterian congregation will be established Nov. 16 in Lower Paxton Twp., Dauphin County.

The Carlisle Presbytery of the Presbyterian Church in the United States of America approved establishment of the new congregation Tuesday at its quarterly meeting in Chambersburg.

The Rev. William Shaffer Harrisburg, will be assigned as supply pastor of the new congregation.

COOK TEMPTATION

DAYTON, Ohio (AP) — Police say two 17-year-old boys here spent a cool afternoon with a hot ice cream wagon. The wagon was reported stolen by one of the boys who was operating it. It was found abandoned and the boys admitted eating a lot of the ice cream themselves and spending the money collected for the rest, detectives said.

POSTMAN'S JUNKET

OSTRANDER, Ohio (AP) — In the best tradition of postmen's holidays, rural mail driver Frank R. Coe takes long motoring trips during his vacations. So far, he's been to every state, most of Canada and some of Mexico.

AUTUMN MEANS REDECORATING IN MOST HOMES

By VIVIAN BROWN
The Associated Press

Fall is house weeding time. Bureau drawers and closets are emptied of paraphernalia, and every homemaker tries to give her home a touch of glamor as she gets set for the winter social season. Along come these questions seeking last minute advice:

Q. Are draperies going out? I notice more people are using light curtain type window treatments, and valances and heavy draperies seem to be moth balled.

A. We are definitely living in a use-what-you-like age. There are so many styles of architecture these days — with newer homes sporting picture and casement windows which are best flattered by light filmy draw string curtains — that no one window style seems to be apparent. People use shades, venetian blinds, shutters or whatever best suits their interior and exterior arrangements. Draperies are no longer the stong suit in the living room, but many people still use them.

Could Be Surprised

Q. Have you ever known any one who is loaded with tables, all good, inherited from ancestors, but with no other outstanding furniture to balance off their table antiques? My other furniture is late Grand Rapids and Chappaqua modern, and aside from the tables — a good primitive mahogany dining table, a spool-turned mahogany end table, a Queen Anne candlestand, a dark finished French mahogany piece with Chippendale carved legs and a good tip-top table — I haven't a good piece of furniture. I don't want to part with these heirlooms, but how can I integrate them into my home furnishings scheme?

A. You could be surprised at the results achieved by changing wood tones of antique tables. All your tables are mahogany, so why not have them refinished to approximately the same wood tone and finish? Then find uses for them. One of the dining size tables could be used in a bay-window area for displaying plants, perhaps in special containers. You'll find uses for the other tables when you get them in compatible wood tones.

Sharing A Home

Dramatic antique patterned and textured upholstery materials may put second rate furniture in the chic bracket so it will complement the antique pieces.

Q. My husband and I are sharing a home with his parents. The furnishings are hopelessly anti-micassar, and I don't think it is bearable. Should I offer to do a decorating job on the house or lose my sanity?

A. It is their house, and you will probably shock them by trying to reorganize it. You could ask them if you could redo your bedroom, and perhaps they will appreciate your efforts enough to invite you to use your talents on other rooms.

Wooing Pair Nabbed For False Pretenses

PHILADELPHIA (AP) — Two men have been charged with obtaining money from two women under false pretenses by promising to marry them.

Police said Joseph Kitchen, 43, of Palmerton, and Steve Dansel, 43, of Bethlehem, posed as test pilots for plane manufacturers while wooing two Philadelphia women they met at a dance hall.

They were arrested Tuesday in a hotel room in nearby Camden, N. J., after the women became suspicious and called police. They waived extradition.
